

# THE FILTHY INSIDIOUS OBAMA/KILLARY/WAHHABIST CRIME SYNDICATE

Their Hidden Agenda

Prior to yesterday's release by Wikileaks of these CIA top secret documents, Julian Assange, on 3 March, emailed to President Trump's National Security Council (NSC) the encrypted key to unlock Vault 7 where these over 8,000 documents were stored.

These top secret CIA documents reveal that this "*Deep State*" spy agency had created an "exploit" to falsely implicate Russia in hacking crimes it had never committed, and didn't have to do as these Democrats had already destroyed themselves.

The CIA's creation of this "*exploit*" designed to blame Russia for hacking crimes, this report explains, was co-created by Google engineers who had, at least, 427 meetings at the White House over the course of Obama's presidency—and that in its final development stage was given to a cybersecurity technology company named CrowdStrike that Google Capital had invested \$100 million in.

One would logically think, this report says, that with two highly flawed Obama regime Russian hacking reports being completely discredited this witch-hunting expedition would end—but one would be wrong in believing such a thing as, instead, the US propaganda mainstream media have been using these two "*fake news*" reports to bludgeon the reputation of President Trump—while, and as always, telling the American people what to think.

And with Wikileaks now proving that the "*Deep State*" aligned CIA was, in fact, the creator of this "*Fancy Bear*" exploit meant to discredit Russia, this report concludes, the Obama-Clinton leftist supporting US mainstream "*fake news*" propaganda media is, once again, choosing lies over truth—with CNN

shockingly not even bothering to inform their viewers of the over 8,000 top secret CIA documents published by Wikileaks yesterday—and whom, also, when “The Podesta Emails” were released, outrageously lied to the American people saying no one but reporters could read them.

Wikileaks obtained “The Podesta Emails” in the first place, this report details, was through a disgruntled DNC officer named Seth Rich who was angry over the election being manipulated against Senator Bernie Sanders—but who shortly after he had turned over these damning email documents to Wikileaks was assassinated, and that Wikileaks offered a \$20,000 reward to capture his killers, who were never found.

With Hillary Clinton’s campaign manager John Podesta having previously stated to Seth Rich’s assassination that “I’m definitely for making an example of a suspected leaker whether or not we have any real basis for it.”, and Wikileaks leader Assange himself saying Russia had nothing whatsoever to do with the hacking of “The Podesta Emails”, this report continues, there was no doubt that this DNC leaker had been killed by Clinton and/or Obama forces for his leaking of these damaging documents.

**These are the dastardly acts of the criminal cabal.**

**However, their supporters in Malaysia must be aware that their mindless support of the criminal cabal will backfire on them. And no death threats, gruesome videos of beheading and mass murder will deter Truth-Seekers from continuing their work of exposing lies, fake news and propaganda.**

**It is not bravery on the part of these scumbags to tie up their victims (to prevent resistance and self-defence) and then brutally murder them.**

**We dare these cowards to confront Truth-Seekers openly and in the glare of public scrutiny to identify themselves, confessed to their agendas and then ONE ON ONE face the Truth-Seekers and if need be struggle to the very end and let's see who Allah will protect.**

**These criminals are forewarned. Desist, repent and obey Allah's commands in accordance with the revelations in the Quran or face the consequences beyond their imagination. For Allah's wrath and Justice is beyond humanity's comprehension!**
