The inconvenient Truth!

The critical question is: why have the deranged supporters of false Muslim Obama and criminal Clinton from those countries who are not under the Travel Ban tell the inconvenient Truth?

The whole world knows that the ban is applicable only to war torn countries and where ISIS presence is strongest or where war is being waged against ISIS.

By their silence, are they not actually inciting hatred and promoting fake?

No wonder the Zionist Jews have such contempt for the Arabs etc. because by their very actions and non-actions they are creating a falsehood against Islam and an idiotic narrative about their own "in-house enemy ISIS.

No wonder also, the Zionist can declare openly in 1980 the Oded Yinon Master Plan for the entire Middle East and for Professor Thomas Barnet to publish the new Map of the Middle East below:

They know that the Arabs are too stupid even to face the ugly truth that the Zionists are coming for their blood!

Look at the freaking Map. Saudi Arabia and the Wahhabists will soon be reduced to a pea size Kingdom. Ouch!!!!!!! So Malaysian Wahhabists be prepared for the end days, as 90 per cent of the Oded Yinon plan has been executed and objectives achieved thus far. It is only a matter of time when National Geographic will issue a new map of the world incorporating the new boundaries of the Middle East.

Go figure it out.
