

Dark Web “Kill Order Contract” On President Donald Trump Issued For \$150 Million

By Sorcha Faal

A stunning Foreign Intelligence Service ([SVR](#)) report circulating in the Kremlin today states that after yesterday’s meeting between Foreign Minister Sergey Lavrov, Ambassador Sergey Kislyak and President Donald Trump, a “*kill order contract*” against America’s new leader appeared on the “[dark web](#)” offering a payment of 82,900 Bitcoin’s for Trump’s “*murder/killing*” by the end of this month—and with Bitcoin’s currently being valued at [a little over \\$1,800](#), amounts to over \$150 million being offered for the assassination of an American president.

According to this report (and virtually unknown to most people), internet search engines ([Google](#), [Baidu](#), [Wolframalpha](#), [Yandex](#), etc.), only show about 1% of what’s actually available online, with the vast majority of websites being found in the “[deep web](#)”—and which the “[dark web](#)” is a smaller subset of, uses masked IP address and needs specialized browsers to access—and is occupied by vast international crime organizations and state-actor intelligence services.

Though not conclusively proved, this report continues, SVR intelligence analysts believe that this “*kill order contract*” offered against President Trump is from [“Deep State” conspirators in the United States at war with their new leader](#)—

who became incensed after President Trump fired one of their main anti-Trump-“*Russian hysteria*” commanders, former FBI Director James Comey, and less than 24 hours later, hosted two of Russia’s top diplomats in his White House Oval Office.

FBI Director Comey, this report explains, was the American “*Deep State*” commander who was tasked with creating, and perpetuating, the false “*Russian hysteria*” meme against President Trump by using what is now called the “[Trump Russia Dossier](#)”—that has been revealed to be [a completely made up document created by an American political opposition research company named Fusion GPS and paid for by as yet unidentified Hillary Clinton supporters.](#)

Written entirely by an ex-MI6 (British intelligence) operative named Christopher Steele for the Hillary Clinton campaign he claimed “[would sway the election against Trump](#)”, this report says, the “*Trump Russia Dossier*” was so fabricated out of nonsense that the American magazine [Newsweek cited a CIA operation who said “it’s hokey as hell” and one of the most esteemed US journalists, Bob Woodward of the Washington Post, called it “garbage”.](#)

Shockingly though, this report notes, FBI Director Comey used this “*hokey as hell garbage*” “*Trump Russia Dossier*” [as evidence he presented to what is called a FISA Court in order to obtain a warrant to listen into and record the phone conversations of then candidate Trump and all of his associates](#)—and that then President Barack Obama [signed an extraordinary Executive Order to unmask the names of, distribute throughout the entire “Deep State” apparatus, and then leak to the mainstream propaganda press in order to damage the reputation of Trump.](#)

Equally as astounding (and illegal) as his presenting this “*hokey as hell garbage*” to a US Federal Court as “*evidence*” of anything, this report continues, FBI Director Comey even [attempted to pay the ex-MI6 operative Christopher Steele another \\$50,000 of US taxpayer money to continue this “cascade of lies”](#)—but that Steele [never accepted](#) because of his knowing he made up everything contained in the “[Trump Russia Dossier](#)”.

While the totally made up “*Trump Russia Dossier*” was being exposed as a lie, however, this report further explains, FBI Director Comey, again operating for the “*Deep State*”, added another layer of falsehoods to the “*Russia hysteria*” movement against Trump by [his proclaiming that Russia had hacked into the computer servers of Hillary Clinton and her Democratic Party.](#)

Shockingly though, this report notes, in FBI Director Comey claiming that Russia had hacked into these servers he failed to provide any evidence—with his, instead, [relying on a now discredited report prepared by a company controlled by Hillary Clinton named CrowdStrike who said they had discovered “proof” of Russian hacking.](#)

With Hillary Clinton and her Democratic Party claiming that [the FBI never even asked to examine the supposed Russian-hacked computers,](#) and [the FBI countering that it did ask to examine them but were denied,](#) this report explains, the most crucial fact of this matter not being told to the American people by their propaganda mainstream media is [that all of CrowdStrike’s claims of Russia hacking these computers have been discovered to be lies](#)—and who are now, also, [refusing to cooperate with the US Congress.](#)

As every single, and absurd, claim that Russia interfered with the 2016 US presidential election now being exposed as completely 100% made up lies, this report says, one must then

ask why the American mainstream propaganda media still perpetuates their “*Deep State*” masters “*Russia hysteria*” meme—and which SVR intelligence analysts state can only be understood by knowing the facts of Hillary Clinton’s communist mentor Saul Alinsky.

Saul Alinsky, this report explains, aside from being Hillary Clinton’s idol and mentor, is best known for his rule-book manifesto for the communist takeover of America titled “Rules For Radicals”—and whose Rule #13 is now being employed against President Trump and states: “Pick the target, freeze it, personalize it, and polarize it...cut off the support network and isolate the target from sympathy...go after people and not institutions; people hurt faster than institutions.”

As being applied by the “*Deep State*” and its mainstream propaganda media sycophants, this report details, Alinsky’s Rule #13 using the FBI Director Comey “*Russia hysteria*” meme has, indeed, targeted, frozen, personalized and removed from sympathy among large numbers of the American populace President Trump—who on an hourly basis since his election has been the victim of the largest smear campaign ever instituted against an American president in that nations entire history—to include even the most shocking allegations of him lusting after his own daughter.

To the effect of Alinsky’s Rule #13 as used by the “*Deep State*” and FBI Director Comey’s “*Russia hysteria*” meme, this report continues, it cannot be underestimated either as a new poll conducted by the Connecticut-based Quinnipiac University shows that “idiot, incompetent and liar” were the most commonly given answers when respondents were asked for the first word that comes to mind when they think about President Trump—with other less-than-flattering descriptors being “buffoon, con-man, clown, narcissistic, bigot and embarrassment”.

HOW TO CREATE A SOCIALIST STATE

BY SAUL ALINSKY

There are eight levels of control that must be obtained before you are able to create a socialist state. The first is the most important.

- 1) Healthcare—Control healthcare and you control the people
- 2) Poverty—Increase the Poverty level as high as possible, poor people are easier to control and will not fight back if you are providing everything for them to live.
- 3) Debt—Increase the debt to an unsustainable level. That way you are able to increase taxes, and this will produce more poverty.
- 4) Gun Control—Remove people's ability to defend themselves from the Government. That way you are able to create a police state.
- 5) Welfare—Take control of every aspect of their lives (Food, Housing, and Income)
- 6) Education—Take control of what people read and listen to – take control of what children learn in school. Think: “Common Core”
- 7) Religion—Remove the belief in God from the Government and schools.
- 8) Class Warfare—Divide the people into the wealthy and the poor. This will cause more discontent and it will be easier to take (Tax) the wealthy with the support of the poor.

As to why the “*Deep State*” must destroy President Trump, this report explains, is due their communist-leftist economic model for America quickly failing and unable to be supported by the supposed to be president Hillary Clinton—and as evidenced by the [stunning world-record \\$116 billion bankruptcy of the US territory Puerto Rico](#), the [coming bankruptcy of the Connecticut State Capital](#)—and [the bankruptcies of Illinois and California now being imminent too](#).

Not being understood by the American people, SVR intelligence analysts in this report say, is that their present capitalist economy is incompatible with those of socialist-communist ideology—but in order to turn a democracy into a communist state where citizens are reduced to serfdom (enslavement) the health care systems must be nationalized—but [will collapse the nation as Soviet Russia discovered](#).

In knowing this fact, this report continues, the failed attempt to nationalize the United States healthcare system through what is called Obamacare as a first step towards achieving true communist (elite) rule is why the “*Deep State*” must destroy President Trump—and why the end of this month is so critical as the “*swamp continues to be drained*”.

The reason this is so, this report explains, is due to what is called cost-sharing reduction payments (CSR's) that the Obama regime used to pay insurance companies to subsidize their quickly failing nationalized health plan—and that [President Obama had to pay for by stealing billions-of-dollars from his nations mortgage loan providers Fannie Mae and Freddie Mac whose investors he defrauded.](#)

Under the US Constitution, this report continues explaining, a US president (Executive Branch) is not allowed to spend any money not authorized by the US Congress (Legislative Branch)—and when the Obamacare nationalized health plan scheme was enacted, it failed to provide any money for these CSR payments to insurance companies.

So when President Obama began stealing money from Fannie Mae and Freddie Mac to pay these insurance companies, this report notes, the US House of Representatives sued him in Federal Court—and where US Federal Judge Rosemary Collyer, of the Federal District Court for the District of Columbia, ruled that [the Obama regime was, indeed, violating the US Constitution in paying CSR's to insurance companies.](#)

Though the "Deep State" had fully expected Hillary Clinton to win the presidency, disregard the US Federal Court and continue paying these CSR's in order to save Obamacare, this report says, upon President Trump assuming office he stated that he would not pay them, and [sending the insurance](#)

companies into total panic—so much so, in fact, that US insurance giant Aetna just announced yesterday that it was leaving Obamacare after suffering loses between 2014-2017 of nearly \$1 trillion.

To how completely bizarre, too, this “*Deep State*” war against President Trump over Obamacare has become, this report further notes, the US House of Representatives lawsuit against the Obama regime for illegally stealing money to pay for this communist health care scheme was titled “*House v. Burwell*” due to the Obama regimes Secretary of Health and Human Services Sylvia Mathews Burwell being the named lead plaintiff, but has now been changed to “*House v. Price*” to reflect Tom Price now being Trump’s new Secretary of Health and Human Services—meaning, of course, that President Trump is now locked in an epic battle against his own Republican House over the failed Obamacare health scheme they’ve both vowed to destroy.

Fight a court case on subsidies?

The biggest immediate decision concerns a court dispute between the House and the administration over subsidies to help low-income insurance buyers pay their deductibles and co-payments. The House has argued that the money for those subsidies was not properly authorized. The Obama White House fought the case. It is not clear whether Mr. Trump’s lawyers will do the same. The availability of those subsidies, used by a majority of Obamacare customers, is critical for insurers in the markets.

Without the subsidies, all the insurers will lose some money, and many smaller carriers will face bankruptcy. If Mr. Trump does not fight the court case, the Obamacare markets in most states will unravel quickly, leaving millions without insurance options on his watch. Many of the beneficiaries are Trump voters.

Shortly after taking power, though, this report details, both President Trump and the US House of Representatives requested that US Federal Judge Rosemary Collyer stay her ruling against that would destroy Obamacare once and for all—with their stating that they would return to her on 22 May to give her an update as to what they were going to do.

To solve what is truly the only real “*Constitutional Crisis*” now occurring in America, this report continues, President Trump

and the US House of Representatives passed last week what is called the [American Health Care Act](#)—that would completely eliminate all cost-sharing reduction payments (CSR's) to insurance companies thus allowing the “House v. Price” lawsuit to end as Obamacare would be destroyed—and that, also, [completely defunds](#) the [genocidal black baby-killing organization know as Planned Parenthood](#).

With President Trump's and the US House of Representatives American Health Care Act now needed to be passed by the US Senate, and signed by Trump, before it can be made into law, this report explains, if this is not accomplished by 22 May, Trump will most certainly tell his US Justice Department to accept US Federal Judge Rosemary Collyer's ruling thus destroying Obamacare.

Therefore, this report concludes, not only President Trump, but, also, his “*Deep State*” enemies are locked in one of the most crucial battles in American history to see who will survive, with Trump's firing of FBI Director Comey, and less than 24 hours later hosting top Russian officials in his White House Oval Office, proving that he won't bow down and is unafraid—and with Foreign Minister Lavrov, perhaps, summing up the current state of the US mainstream propaganda media by his stating to them yesterday when asked about the “*Russia hysteria*” issue: “[I can't believe I'm being asked to answer such a question, especially in the US, where you have a sophisticated democratic political system](#)”.
