

# Trump Offers Hillary A Guilty Plea Deal For Her To Avoid Devastating Jail Time. Democrat Death Scandal Erupts

By Sorcha Faal

If anyone thought that the madness overtaking America due to President Donald Trump's election couldn't possibly get any more bizarre, they'd be grossly mistaken as a new Ministry of Foreign Affairs ([MoFA](#)) report circulating in the Kremlin states that Hillary Clinton is now ["turning to God" and contemplating becoming a preacher](#) as reports surface that the US Department of Justice has [offered her a plea deal](#), while at the same time her ["death list"](#) continues to grow—the latest death being [a black male prostitute turning up dead at the home of one of her top white Democratic Party donors](#). [Note: Some words and/or phrases appearing in quotes in this report are English language approximations of Russian words/phrases having no exact counterpart.]

According to this report, as [a past "communicator with the dead"](#), most spectacularly with [Eleanor Roosevelt](#) (the wife of President Franklin D. Roosevelt) that her husband, President Bill Clinton, [famously admitted to her doing in 2012](#), and her association with her 2016 US presidential campaign chairman [John Podesta](#) who [practices the Satanic ritual known as "Spirit Cooking" that involves the drinking of human breast milk, blood and sperm](#), Hillary Clinton's stating this past week that ["she wants to preach and become an ordained Methodist minister"](#) took MoFA analysts by surprise.

## Bill: Eleanor Roosevelt Passed Me a Message Through Hillary--This Week

18 Oct 2012

By Elizabeth Harrington | October 18, 2012 | 3:45 PM EDT

Eleanor Roosevelt (1884-1962), wife of former President Franklin D. Roosevelt. (Library of Congress)

(CNSNews.com) – While speaking at a dedication ceremony for the Franklin D. Roosevelt Four Freedoms Park in New York City on Wednesday, former President Bill Clinton said his wife “was known to commune” with Eleanor Roosevelt, and that Roosevelt had passed him a message through Hillary this week.

“A special thanks to the members of the Roosevelt family who are here,” Clinton said, at the park, located on Roosevelt Island. “And the one who is not, Eleanor, who made sure that the four freedoms were included in the preamble to the Universal Declaration of Human Rights in 1948.”

***[FF Editorial: This is the kind of shit from the Clintons, and yet we have people fawning over Killary that she is fit to be a president when she is a war criminal, invaded Libya and murdered Gaddafi, saying, “We Came, We Saw and He Died”]***

However, rather than these MoFA analysts truly believing that Hillary Clinton was “*turning to God*”, this report notes, they, instead, state that her actions are more than likely due to a “*cannon ball of shame*” about to fall upon her as both the Trump administration and a US Federal Court dealt her two stunning blows this past week.

In the first blow felt by Hillary Clinton, this report details, US District Court Judge Amit Mehta [ruled this week](#) that the State Department had not done enough to try to track down messages she may have sent about the assault on the US diplomatic compound in Libya on 11 September 2012 — an attack that killed four Americans, including the US ambassador to Libya, and known as the “[Benghazi Scandal Cover-up](#)”—and without the Obama regime to protect her, the new Trump administration will fully comply letting the full and horrible truth be finally told to the American people by complying with this order and their releasing the emails kept hidden up to now.

The second blow to Hillary Clinton, though, this report continues, is the worst as it involves reports that President Trump's Justice Department has [reopened the investigation of her mishandling of classified material on her private email system while she was Secretary of State and is considering offering her a plea bargain if she will agree to plead guilty to charges of breaking the law—and that has already been conveyed to her attorneys.](#)

At the exact same time Hillary Clinton was being pummeled by these actions undertaken by President Trump and the US District Court, this report astonishingly notes, even more harmful news arrived at her doorstep that [one of her top Democratic Party donors, Edward Buck, was discovered to have a dead black male prostitute in his home.](#)

Hillary Clinton and top Democratic Party donor Edward Beck (left) and now dead black male prostitute Gemmel Moore (right)

[Edward Buck](#), this report explains, is a long time Hillary Clinton personal friend and millionaire donor to the Democratic Party, but [whose “deadly fetish” was getting young black male prostitutes high on drugs](#)—and whose mother of his latest victim (Gemmel Moore's mother, LaTisha Nixon) shocking admitted to by stating to the press: [“Edward Buck would have](#)

*my son to go out to Santa Monica Boulevard looking for young gay black guys so he could inject them with drugs, see their reaction and how they would react and take pictures of them. He would supply heroin, meth and other drugs to him to smoke or use with a needle and would pleasure himself at the sight of my son using drugs.*”

As to how such “*satanic perversity*” displayed by Edward Buck has been able to plant and grow itself in Hillary Clinton’s Democratic Party, this report explains, has just been stunning revealed by a bombshell new book titled “*Vanity Fair’s Schools For Scandal: The Inside Dramas at 16 of America’s Most Elite Campuses—Plus Oxford!*” that reveals that America’s elites all send their children to private schools “*beset by weird sex rituals, child porn raids, pervy professors and even torture*”.

This report concludes by noting (as always) that America’s mainstream propaganda press is (once again) failing to inform their citizens of these shocking developments surrounding Hillary Clinton too—and who are, instead, continuing their hourly “*fake news*” assault against President Trump—and as evidenced by *The New York Times “breaking story” this week of Trump covering up a climate report they said they were the first to publish—but that they failed to inform their readers had, in fact been published this past January—and that they said they didn’t know about.*
