

Trump Pulls World From Brink Of War By Warning “Deep State” America Will Leave Syria

By Sorcha Faal

A hopefully worded new **Ministry of Foreign Affairs (MoFA)** report circulating in the Kremlin today states that **President Donald Trump** has singlehandedly pulled the world back from the brink of total war after he publically rebuked the **American** shadow government “[**Deep State**](#)” by declaring that the **United States** is going to leave **Syria** with his saying “[***we're there for one reason: to get ISIS and get rid of ISIS, and to go home...we're not there for any other reason and we've largely accomplished our goal***](#)”—and that by his doing so, enabled, just hours ago, the **United Nations Security Council (UNSC)** to unanimously adopt the [**Swedish-Kuwaiti sponsored**](#) landmark [**Resolution 2401**](#).

According to this report, over the past fortnight, the “**Deep State**” has pushed incessantly for a global war—and by whose actions led to an estimated 200 **Russian** citizens in **Syria** being killed in the “[**Euphrates Massacre**](#)” when they were deliberately “targeted for death” by **US** warplanes—and that, also, saw [**Turkey invading Syria**](#) after the **US** stated its intention to [**create a new 30,000 strong terrorist army**](#)—and to which **Turkey** warned the **Americans** to soon expect an “[**Ottoman Slap**](#)”.

With the “**Deep State**” [**pushing the world to brink of the unthinkable**](#), this report continues, this past week [**Russia ordered the Americans to leave Syria**](#)—as this [**never before seen in history showdown was quickly spiraling out of control**](#)—and whose only outcome would, most assuredly, [**lead to the shattering defeat of the West**](#).

In their seeking to accelerate their plans for global war, this report details, “**Deep State**” elements within the **US** military this past week shockingly [**began to remove captured Islamic State \(ISIS/IS/Daesh\) commanders from their prison cells by helicopter**](#) then flying them into the **Damascus** suburb of

Eastern Ghouta—and who upon arriving there, then began unleashing a massive shelling attack upon innocent civilians with their, also, targeting the Russian Reconciliation Center.

With these “**Deep State**” backed terrorists refusing all Russian attempts to end this needless violence, this report notes, they then sealed their borders to keep the civilians under their brutal control from leaving—and that was immediately responded to by **Russian** air forces beginning a non-stop obliteration campaign in Eastern Ghouta to destroy all of these terrorists’ headquarters, arm depots and fighters—with the **Syrian Arab Army’s** (SAA) 7th Armored Division and elite 4th Division Tiger Force then moving in to destroy these terrorists forever.

Keeping the truth about what was happening from the **American** people, this report says, the “**Deep State**” used the nefarious actions of their terrorists to create an international **Cause Célèbre**—a controversial issue that attracts a great deal of public attention—decrying the loss of civilian life caused by **Russian** and **Syrian** forces actions to stop this needless bloodshed—but that President Putin, 3 days ago, quickly countered by ordering into the Syrian war zone for the first time two fearsome Su-57 PAK-FA “Nuclear Strike” Stealth Fighters—with his ordering another two of these dreaded warplanes to Syria on Friday.

Within 2 hours of the second set of these feared **Russian Su-57 PAK-FA “Nuclear Strike” Stealth Fighters** arriving in **Syria** on Friday, this report continues, **President Trump** spoke at a joint news conference with **Australian Prime Minister Malcolm Turnbull** at the **White House**—and where, for the first time, he openly rebuked “Deep State” elements within the Pentagon and State Department by his declaring that the **United States** had no intention whatsoever of staying in **Syria**.

Putting his words into action 24-hours later, this report notes, **President Trump** then ordered his **United Nations** delegation, yesterday, to accept the **Swedish-**

Kuwaiti sponsored [**Resolution 2401**](#) that calls for a 30-day cessation of hostilities in Syria—but that, most importantly, doesn't apply to the “**Deep State's**” terrorists, [and that says](#):

Affirms that the cessation of hostilities shall not apply to military operations against the Islamic State in Iraq and the Levant (ISIL, also known as Daesh), Al Qaeda and Al Nusra Front (ANF), and all other individuals, groups, undertakings and entities associated with Al Qaeda or ISIL, and other terrorist groups, as designated by the Security Council.

The critical importance of **Resolution 2401** not applying to these “**Deep State's**” terrorists, this report explains, is due to the **US**-backed terrorist forces in **Eastern Ghouta** refusing to protect the lives of the civilians under their brutal control—and who wrote directly to the **United Nations Security Council** shockingly stating that they would not give up their “*human shields*”, and who declared: “[we refuse categorically any initiative that includes getting the residents out of their homes and moving them elsewhere](#)”.

With these **US**-backed “**Deep State**” terrorists in **Eastern Ghouta** [now targeting hospitals in Damascus](#), but who are now not protected by **Resolution 2401**, this report continues, just hours ago **Syrian** military forces [began a major offensive, led by the elite Tiger Division against these terrorists—but with no major advances, as of yet, being reported](#).

With the **Foreign Ministry** saying that it expects the patrons of opposition forces in Syria to ensure the Resolution 2401 ceasefire observance, and its further warning that “**we will block any attempts to fuel anti-Russian and anti-Syrian hysteria and derail the Syrian peace process**”, this report concludes, **President Trump** is, also, showing his determination to remove his nation from **Syria** so peace can be achieved by his scheduling “sensitive” talks with the patron nations to this conflict of Saudi Arabia, Qatar and the United Arab Emirates in order to extricate them from “**Deep State**” control—but whose consequence for failure has, perhaps, been best articulated by the **American** intellectual **Edward Curtin** who has just warned what the “Deep State” has planned in their “war to end all wars”:

We are moving toward a global war that will become nuclear if an international anti-war movement doesn't quickly arise to stop it.

These sinister players have signaled us quite clearly what they have in store.

All signs point toward an upcoming large-scale Israeli/U.S. attack on Lebanon and Syria, and all the sycophantic mainstream media are in the kitchen prepping for the feast.

Russia and Iran are the main course, with Lebanon and Syria, who will be devoured first, as the hors d'oeuvres.

You can no more win a war than you can win an earthquake.
