

# Trump Signs Sweeping Executive Order Clearing Path For Mass “Deep State” Arrests By US Military

By Sorcha Faal

An interesting new report circulating in the Kremlin today prepared by the **Federal Service for Military-Technical Cooperation (FSVTS)** states that within a few hours of its being revealed that the **American shadow government “Deep State”** had established its own “shadow” National Security Council, it was quickly retaliated against by **President Donald Trump** with his 1 March signing of a sweeping Executive Order making the most significant changes to the **Uniform Code Of Military Justice (UCMJ)** since the Military Justice Act Of 1983—and whose most significant change authorizes, for the first time in history, experienced civilians to take part in the US Military court-martial process—thus clearing a path for mass **“Deep State”** arrests whose trials and sentencing would not impact the normal flow of the **US Military** justice system

According to this report, the **National Security Council (NSC)** is the principal forum used by the **President of the United States** for consideration of national security and foreign policy matters—but whose power was directly threatened this past week when it was revealed that the **“Deep State”** had created its own **National Security Council** these coup plotters have named “National Security Action”—that is being led by Ben Rhodes, who was former **Deputy National Security Advisor for President Obama**—and whose contempt of a free press he voiced by stating his disgust of the entire **US** media establishment by stating: “Most of the outlets are reporting on world events from Washington. The average

reporter we talk to is 27 years old, and their only reporting experience consists of being around political campaigns. That's a sea change. **They literally know nothing.**"

With his brother [David Rhodes](#) being the **President of CBS News**, this report continues, **Ben Rhodes** is protected by the "**Deep State's**" mainstream propaganda media sycophants who are failing to tell the **American** people that these coup plotters are attempting to establish their own **British-style** "[Shadow Cabinet](#)" to usurp **President Trump's** power—and [of which it is warned](#):

*Rhode's has herded a whole slew of top **Obama-era** national security officials, including former national security adviser **Susan Rice**, former national security adviser **Tom Donilon**, former **United Nations ambassador Samantha Power**, and socialist former Defense Department official **Rosa Brooks**, into his little shadow operation, **as if these people somehow had a divine right to control national security and President Trump's current officials are somehow illegitimate.***

Shadow cabinets are hardly an **American** tradition – they are **British** – but **Rhodes**, possibly in consultation with a guy like **Marxist U.K. Labor Party leader Jeremy Corbyn**, probably learned the use of them as a counter-cabinet in the wings **in the event of a fall of the existing government**, which happens a lot in parliamentary systems.

COMMITTED TO RESTORING PRINCIPLED AMERICAN LEADERSHIP— AT HOME AND ABROAD

**“Deep State” operative Ben Rhodes begins creation of “shadow government” to overthrow President Donald Trump**

Kept in reserve to use against these “**Deep State**” coup plotters, this report details, **President Trump** had at his disposal to use a new **US** law called [The Military Justice Act of 2016](#)—which authorized [the most significant changes to the Uniform Code Of Military Justice since the Military Justice Act Of 1983](#)—that **President Obama** never enacted into law, nor did **President Trump**, who

[missed the 23 December 2017 signing deadline for this new laws enactment.](#)

**Federal Service for Military-Technical Cooperation** analysts—who are military legal experts [responsible for control and oversight in the field of military-technical cooperation between the Russian Federation and foreign countries](#)—however, write in this report that **President Trump’s** missing his 23 December 2017 deadline to sign **The Military Justice Act of 2016** was by design so as to enable him to gauge what these “**Deep State**” coup plotters were planning against him.

So once the “**Deep State**” began their creation of an actual “*shadow government*” by creating their own **National Security Council**, this report continues, **President Trump**, on 1 March, [signed a sweeping Executive Order fully enacting The Military Justice Act Of 2016](#)—and that focuses entirely an massive changes to the [Manual For Courts-Martial United States](#).

With the **United States** having been at war [over 93%](#) (224 out of 242 years) of its existence since its founding in 1776, this report notes, the masses of **American** people today (unlike their ancestors) have no idea that nearly everyone of them fall under the criminal provisions of the **Manual For Courts-Martial United States**—and that begins with their **Selective Service** laws allowing

civilians to be taken from their homes and forced into uniform, whether willing or not—and that [the US Supreme Court has ruled makes these civilians subject to court-martial from the time they are supposed to report for induction, even if they never arrive.](#)

Equally unknown to the masses of the **American** people, this report says, is that [nearly every single citizen between 17-44 years-of-age](#) likewise fall under the criminal provisions of the **Manual For Courts-Martial United States** as under [US Code 10-311](#) they all constitute both the organized and unorganized militia—thus making them all, in essence, members of the **US** military whether they know it or not.

To making every single **American** citizen, regardless of age, subject to the criminal provisions of the **Manual For Courts-Martial United States**, this report says it's critical to note, is a power invested in only **President Trump**—who in time of war, as the **Commander-In-Chief**, has [the sole authority to determine what constitutes a threat and what should be done about it](#)—with the **US Supreme Court** having, also, ruled that [“war” is defined by the aggregation of US military forces in foreign countries, not necessarily one declared by the US Congress](#)—and whose standard is met by the **US Military** having [nearly 800 military bases in more than 70 countries and territories around the world.](#)

“Our government has kept us in a perpetual state of fear - kept us in a continuous stampede of patriotic fervour - with the cry of grave national emergency. Always, there has been some terrible evil at home, or some monstrous foreign power that was going to gobble us up if we did not blindly rally behind it.”  
- General Douglas MacArthur

As to how **President Trump** will wield his unlimited war powers against these “**Deep State**” coup plotters, this report continues, his just signed sweeping **Executive Order** details in full—with its main emphasis being on [authorizing the use of civilian employees experienced in the prosecution or defense of complex criminal cases to provide assistance to, and consult with, less experienced judge](#)

advocates throughout the entire **Manual For Courts-Martial United States** process, thereby allowing the US Military services to outsource a core competency of the judge advocate communities—and whose only explanation for being needed would be the sudden and rapid rise dissident American citizens entering into the courts-martial process in the thousands, if not tens-of-thousands.

With **President Abraham Lincoln** being the last American war leader to arrest and put under **US Military** control for courts-martial tens-of-thousands of civilian dissidents, this report concludes, **President Trump's** joking at a dinner last night that **China's** "president for life plan is a great idea that could happen in the **US** some day"—when viewed in the light of his sweeping **Executive Order**—should be understood with its containing as much steel as it does mirth—especially with it being known that he plans to enact these new laws on 1 January 2019—which is the date that a new **US Congress** will be sworn in, and whom might contain a majority of his "**Deep State**" coup plotting enemies sworn to throwing him out office.

"In the end, you're measured not by how much you undertake, but by what you finally accomplish."

**President Donald Trump**
