

“*Deep State*” Goes Into Full Meltdown After Historic Trump-Kim Summit With Shocking Call For “*Star Chamber*” Secret Trials—And Stunning Move To Ignite World War III

By Sorcha Faal

With **pro-Trump** forces in the **United States** having recently warned that “[if past is prologue, the Empire will strike back – hard and dirty](#)”, a new **Security Council (SC)** report circulating in the Kremlin today says that a now melted down **American** shadow government “[Deep State](#)” is, indeed, striking back “*hard and dirty*” against **President Donald Trump** after his historic nuclear disarmament summit with **North Korean Supreme Leader Kim Jong-un**—with the “*Deep State*” first having [Special Counsel Robert Mueller](#) shock the very foundation of the **US** legal system by his declaring yesterday that [defendants no longer have the right to see the evidence against them](#)—and equally as worse, the **Ministry of Defense (MoD)** reporting that “*Deep State*” aligned [US special operations units are preparing a “false flag” provocation involving chloride gas in the Syrian Deir ez-Zor Province that will enable them to force Trump into launching a new attack on that country’s state facilities—which Russia calls “unacceptable”, and will respond to in full force against](#)

According to this report, with [world leaders from around the globe coming out in support of the truly historic Trump-Kim Summit](#)—and whose [first major victory of for President Trump came when China began removing its offensive missiles from the South China Sea](#)—one would be [hard pressed to find any favorable mainstream media coverage about it in the United States](#)—and that is due to the “*Deep State*” aligned leftist media in **America** having [solemnly predicted that this summit would never take place](#)—but all of whom were shown to be the “*fake news*” fools they really are by **Trump**, who really doesn’t care what they think or say anyway.

If not for these “*Deep State*” aligned leftist media prostitutes in the **US** continually lying about everything, though, this report notes, the **American** people would know how truly historic and monumental this **Trump-Kim Summit** was—and whose near mystical origins began in 1933, when a young 13-year-old **American** girl named [Ruth Bell](#) was [sent by her Presbyterian missionary parents to a boarding school in Pyongyang](#), that is now the capital of **North**

Korea—and that was [run by an elder in the Presbyterian Church](#) whose grandson was [Kim Il-sung](#)—who became the first **Supreme Leader of North Korea** from its establishment in 1948 until his death in 1994.

Ruth Bell, as history now records, this report continues, became the wife the most influential **Christian** evangelist in the world named [Billy Graham](#)—both of whom are credited with having convinced **Supreme Leader Kim Il-sung** to enshrine in the [Constitution of North Korea](#) the “*freedom of religion*” principle—and [after the ending of the Cold War, saw Reverend Graham and his wife Ruth, in 1992, becoming the first international religious figures ever allowed to visit North Korea.](#)

To more fully understand the powerful influence both **Reverend Graham** and his wife **Ruth** have had on the history of **North Korea**, this report details, one must go back to 1974 when [Billy Graham](#) founded what is known as the [Lausanne Movement](#) in [Lausanne, Switzerland](#)—and whose [Lausanne Covenant](#) introduces itself as being: “*We, members of the Church of Jesus Christ, from more than 150 nations, participants in the International Congress on World Evangelization at Lausanne, praise God for his great salvation and rejoice in the fellowship he has given us with himself and with each other.*” Of the literally thousands of **Christian** evangelical organizations around the world funded by the **Lausanne Movement**, this report notes, is the [Liebfeld-Steinholzi School](#) located near [Bern, Switzerland](#)—and that shortly after **Reverend Graham** met

with **Supreme Leader Kim Il-sung**, saw **North Korea's** leader place his young grandson **Kim Jong-un** into—and [where Kim spent nearly four years without even his teachers being any the wiser as to his real identity.](#)

In December, 2011, this report continues, **Kim Jong-un** was thrust from obscurity onto the world stage after the death of his father [**Supreme Leader Kim Jong-il**](#)—with his becoming the nominal leader of **North Korea**—but whose full and total control of his nation [wasn't achieved until June, 2016, when he was placed as the head of state.](#)

Kim Jong-un's rise to power in **North Korea**, however, this report further details, took a bloody course as he sought to rid **North Korea** of subversive **Chinese** “*elements*” attempting to overthrow him and place into power his older brother [**Kim Jong-nam**](#)—who **North Korea's** “*old guard*” military and political leaders regarded as the “*true heir*”—and that [saw Kim appeal directly to **President Putin**, who quickly responded by surrounding him with some of **Russia's** most experienced, and feared, special operations protectors.](#)

While being protected by **Russian** special forces operatives, this report continues, **Kim Jong-un** was [able to “eliminate” over 300 of the “old guard” **Chinese** “elements” arrayed against him](#)—and that [included the chief of **North Korea's** powerful secret police **General Kim Won-hong**—along with **Ri Myong Su**, the chief of general staff for the **North Korean People's Army**, defense chief **Pak Yong Sik**](#)

and **Kim Jong Gak**, director of the political bureau of the **North Korean** army—and, of course, his rival for power older brother **Kim Jong-nam**, who while under **Chinese** protection, was assassinated.

Though revered as a god-like figure in **North Korea**, this report stunningly states, **Kim Jong-un**, just weeks ago, revealed his secret **Christian** feelings by releasing to his peoples an astounding video showing him with tears streaming down his cheeks for the future he wants for his nation—and as one source describes:

*Tears trickle down the cheeks of North Korean leader Kim Jong-un as he gazes out toward the horizon while standing on a coastline. The scene is from a documentary for party officials wherein a narrator explains that Kim is distraught over his inability to radically overhaul the economy to make the reclusive country a vibrant power. Kim's show of weakness shocked North Koreans, who are told to worship the Kim family as gods, but **this documentary sends a message to party officials that they have no option but to follow Kim's lead as North Korea prepares to stop nuclear testing and focus on economic development.***

This documentary is also aimed at getting officials to accept the outcome of the Singapore summit talks between himself and President Donald Trump.

North Korean Supreme Leader Kim Jong-un begins to show world his true Christian feelings

Responding in kind to **Kim Jong-un's** stunning video revealing his true **Christian** love for his people and nation, this report states, **President Trump**, at this week's summit, presented to **Kim** another video showing how bright and prosperous **North Korea** can actually become—and that globally renowned **American** author and

commentator [Scott Adams](#) said “[might be the best thing anybody ever did in a negotiation](#)”.

Moving swiftly to aid **Kim Jong-un** and the peoples of **North Korea**, this report details, **President Trump** has enlisted the help of **Reverend Franklin Graham**, the son of **Billy** and **Ruth Graham**, who has [made four humanitarian trips to North Korea while leading Samaritan's Purse](#) in a variety of campaigns to help the [North Korean people](#) and who just stated: “[The North Koreans have been wanting to talk to the Americans for a long time and this is the first administration that they've been able to talk to directly like this. The North Koreans just want to be shown respect and other administrations brushed them off like they were nothing](#)”.

Working with **Reverend Franklin Graham's** global charity **Samaritan's Purse** to, likewise, aid **North Korea**, this report explains, is [David Beasley](#), the **Executive Director of the UN World Food Programme**—whom **President Trump** had appointed to this office and ordered to travel to **North Korea**—with **Beasley** reporting back to **Trump** that he was not only given [unrestricted access to go anywhere in North Korea he wanted](#), he, also, [encountered a remarkable sense of optimism](#) he is sure would respond to by the world community in providing more funding to help feed the country's children—and his further declaring: “[I do believe everyone wants to open a new chapter in world history, turn the page and look to a brighter future. My thoughts are: Let's not throw cold water on that. Let's try to keep the momentum going](#)”.

President Trump's appointed World Food Programme Director David Beasley moves swiftly to aid children in North Korea

Though **World Food Programme Director David Beasley** is pleading for cold water not to be poured on **North Korea's** "*brighter future*", this report concludes, the "**Deep State**" intends to do just that—and whose greatest fear is **North Korea** becoming another **Russia** where **Christianity** overcame the illusion of demonic globalism—especially because the **Christian** evangelical megachurches in **South Korea** view reunification with their **Northern** brethren as a religious goal—but whose only way of stopping now is to destroy **President Trump**—and that **Special Counsel Robert Mueller** is attempting to do by filing a first in history action in **US Federal Court** astonishingly claiming that **he now has the right to keep his defendants from being able to see the evidence against them**, that is an historic right that undergirds the entire basic foundation of **America's** adversarial legal system—with **Mueller** even going chillingly further by threatening to subpoena anyone in the **US Congress** trying to stop him too—but whose "**Deep State**" fallback plan to destroy **President Trump**, should **Mueller** fail in his unprecedented power grab, is to just blow the entire world by conducting another "*false flag*" chemical attack in **Syria**—and that this time around **Russia** will fight back against with everything its got—that's another way of saying "*hello*" **World War III**, "*goodbye world*".
