

# “Fake News” Plot Destroying US Was Devised By General Robert Otto Of US State Department Intelligence Unit And Russian Valery Solovei

Revealed by Sorcha Faal & Zero Hedge

An absolutely mind blowing Ministry of Foreign Affairs ([MoFA](#)) report circulating in the Kremlin today states that recently hacked US Department of State ([DoS](#)) emails have stunningly revealed that the Russia hysteria being whipped up in the United States by its “*fake news*” mainstream media was wholly created and initiated by a Russian scholar named [Valery Solovei](#) [[Валерий Соловей](#)] who is a professor and head of the public relations department at the Moscow State Institute Of International Relations ([MGIMO](#))—which is an academic institution run by the Ministry of Foreign Affairs and [dubbed the “Harvard of Russia” by Henry Kissinger](#). [Note: Some words and/or phrases appearing in quotes in this report are English language approximations of Russian words/phrases having no exact counterpart.]

According to this report, on 10 July, an anonymous hacker going by the name of “[Johnnie Walker](#)” posted on the [pastebin](#)

[a type of web application where users can store plain text] website [Pastebin.com](https://www.pastebin.com) two years worth of hacked emails belonging to [US Air Force Lieutenant General Robert P. "Bob" Otto](#)—whom Newsweek Magazine describes as “[probably the top intelligence guy in the entire U.S. government on Russia](#)”, but with their refusing to name him for what they claim is “[national security purposes](#)” in their 14 July article titled “['Top' Russian Intelligence Expert's Emails to CIA Officers Hacked: Report](#)”.

Foreign Policy magazine, likewise, on 14 July, in their article titled “[Private Email of Top U.S. Russia Intelligence Official Hacked](#)”, this report continues, refused to name General Otto stating that they were not identifying him at the US Department of State’s request—and who shamelessly attempted to blame Russia for this hack by citing a Crimea news report that mentioned it, but their failing to inform their readers that Pastebin.com (which published these hacked emails) is a Dutch company, and their further lying to their American readers by stating that General Otto worked for the US State Department, when they knew he was only a part of an interagency working group they had called the Bureau of Intelligence and Research ([INR](#)).

In the preface posted on Pastebin.com to these hacked emails, this report details, the hacker “*Johnnie Walker*” [stated about them](#):

*“Perhaps you know that the U.S. State Department has a direct bearing on the agenda formation not only at home but throughout the world.*

*Now you can make sure it's true. Let me show you the correspondence between the Deputy Chief of Staff for Intelligence, Surveillance and Reconnaissance Agency Robert P. Otto and his colleagues, CIA officers and other intelligence agencies, as well as representatives of mainstream media, NGOs, international funds and think tanks.*

*With the respect for privacy I've deleted his correspondence with his wife and relatives. The rest of emails will give evidence of who is responsible for different information campaigns, the so-called mythmaking and essentially engaged in the promotion of "American values" throughout the world.”*

Lieutenant General Robert P. “Bob” Otto, whose emails were hacked by “*Johnnie Walker*”, this report details, was [the US Air Force's senior intelligence officer as the Deputy Chief of Staff for Intelligence, Surveillance and Reconnaissance](#)—but who suddenly [retired, on 31 December 2016, prior to President Donald Trump taking office and his being named to the Board of Directors of the Black Hills Corporation.](#)

Important to note about the [Black Hills Corporation](#), this report says, is that it has [169 billion cubic feet in oil and gas reserves \(76% of which is natural gas\) located in New Mexico, Colorado and Wyoming](#) that it has no market for—unless it can displace Russian gas reserves provided to the European Union.

Of critical importance to note in the hacked emails of General Otto, this report details, is his and his cohort’s hatred of former US Secretary of State John Kerry, whom [they referred to as an “idiot”](#)—and his [receiving monthly reports from Russian scholar Valery Solovej.](#)

**Anti-Trump former US Air Force Lieutenant General Robert P. "Bob" Otto**

Valery Solovei, this report further details, is widely known within the MoFA and MGIMO for his anti-Putin, anti-Russia, and communist ideology—and who had proclaimed former President Barack Obama as being a “weak leader”, with his, also, asserting that President Trump, as a “strong leader”, could apply pressure on Russia to oust President Putin.

Valery Solovei’s constant pronouncements and predictions that Russia’s government will fail, this report continues, have, of course, never been true as President Putin’s popularity remains the highest in the world at 82%--thus leading MoFA analysts to comb through his monthly email exchanges with General Otto to discover what exactly they were corresponding about.

And to what these MoFA analysts discovered Valery Solovei and General Otto had been discussing in their emails is nothing short of mind blowing—and shockingly proves, beyond all doubt, that America’s mainstream “*fake news*” media have initiated a plot to manipulate their citizens using a master plan created by Valery Solovei.

## Pro-communist Russian and anti-Putin scholar Valery Solovei

According to this report, MoFA analysts discovered that General Otto had first contacted (by email) Valery Solovei in late 2014—which is important to note as it was but months after Valery Solovei had given his infamous lecture at MGIMO describing how the media could manipulate their audience, with his [stating at the time](#) (click [HERE](#) for video):

*“Television determines the agenda...the methods that I am talking about create a world view, something that's called a “reality”...a reality is created for us....and if we see this reality the way it is brought to us by television, then we act in accordance with this reality”.*

Valery Solovei, this report continues, further added how this media manipulation works [by his stating](#):

*“Chaos is the key word...all of it is done to create a stable association in our minds...it is an old mythologem -- Chaos as a protoplasm from which the gods will then create the world...and it absolutely does not matter how much the real picture corresponds with the media picture.*

*An overwhelming majority of television viewers have never been and will never travel there. And they make their judgment based on the television picture and not on what happens in reality”.*

The American people don't believe  
anything until they see it on television.

Richard M. Nixon, U.S. president

With the hacker “*Johnnie Walker*” stating in his preface to the release of General Otto’s emails that communications were discovered between him and “[CIA officers, other intelligence agencies, representatives of mainstream media, NGOs, international funds and think tanks](#)”, this report stunningly states, these emails show that all of these parties collaborated with Valery Solovei to create one of the most sophisticated “*fake news/false reality*” schemes ever enacted against a democratic government such as the United States.

Using Valery Solovei’s media manipulation schemes, this report explains, General Otto, [as these hacked emails show](#) [**Warning:** It is against US Federal law for government employees, military personal or government contractors to view these emails], incestuously colluded with the Obama regime, the Hillary Clinton campaign, numerous Democratic Party leaders, George Soros, various leftist/liberal think tanks, and the heads of NBC, CBS, ABC, CNN, The New York Times, The Washington Post—and too many other parties to mention—to foist upon the American people the “*false reality*” that Russia was their mortal enemy—and even worse, that President Trump was a Russian agent too.

In fact, this report notes, the **ONLY** American mainstream media organizations not being a part of General Otto and Valery Solovei's "*false reality*" scheme were Fox News, Circa and the McClatchy News Service—as well as other so called "*conservative*" and "*alternative*" US news organizations.

To the damage done to the American people by this General Otto-Valery Solovei "*false reality*" plot to demonize Russia, and by extension destroy President Trump and the United States too, this report concludes, it is incalculable at this time to fully determine, but with one MoFA analyst grimly proposing that President Trump is fast nearing a grave decision like President Abraham Lincoln had to make in order protect America—and whom, at the most perilous time in American history during the Civil War, ordered over 300 of his own Union newspapers shut down, ordered the suspension of habeas corpus and arrested more than 14,000 Union political prisoners, and on 18 May 1864, issued an Executive Order titled "Arrest and Imprisonment of Irresponsible Newspaper Reporters and Editors", and whose words echo into these very times:

Major-General John A. Drx,

Commanding at New York:

Whereas there has been wickedly and traitorously printed and published this morning in the New York World and New York Journal of Commerce, newspapers printed and published in the city of New York, a false and spurious proclamation purporting

to be signed by the President and to be countersigned by the Secretary of State, which publication is of a treasonable nature, designed to give aid and comfort to the enemies of the United States and to the rebels now at war against the Government and their aiders and abettors, you are therefore hereby commanded forthwith to arrest and imprison in any fort or military prison in your command the editors, proprietors, and publishers of the aforesaid newspapers, and all such persons as, after public notice has been given of the falsehood of said publication, print and publish the same with intent to give aid and comfort to the enemy; and you will hold the persons so arrested in close custody until they can be brought to trial before a military commission for their offense. You will also take possession by military force of the printing establishments of the New York World and Journal of Commerce, and hold the same until further orders, and prohibit any further publication therefrom.
