

How The USA Executed The Coup In Chile

Same Modus Operandi Applies Today – Target Venezuela etc.

By Matthias Chang

Will Malaysia suffer the same fate after Najib's visit to the White House and thereafter, Najib fails to deliver on the "lick USA arse" deals agreed with Trump and continue to kow tow to China?

My answer as in my latest video address is:

A BIG YES!!!!

US reaction

- **Document 1:** Sept 15, 1970 handwritten note taken by CIA director Richard Helms, recording orders of US President Nixon to foster a coup in Chile:
 - 1 in 10 chance perhaps, but save Chile!
 - Worth spending
 - Not concerned
 - No involvement of Embassy
 - \$10,000,000 available, more if necessary
 - full-time job – best men we have
 - *make the economy scream*
 - 48 hours for plan of action

Honduras

In 2009, the legally elected president of Honduras was kidnapped in his pyjamas, forced onto a plane bound for Costa Rica & deposed in an illegal military coup

Despite clear & immediate evidence that a military coup had taken place, it took the Obama administration & State Department over 2 months to acknowledge that a coup had actually occurred & they still refused to label it a military coup because doing so would force the US to cut off military aid to Honduras immediately

In fact, lead by Clinton, the US did virtually everything in it's power to support the coup; including forcing illegitimate negotiations between the rightful president & leaders of the coup, urging other Latin American countries to recognize the new, illegitimate government of Honduras, urging the OAS to re-admit Honduras & holding/legitimizing sham elections so crooked they were boycotted by the UN, the Carter Center & most members of the deposed government

To this day, Clinton denies that the US did anything wrong; even going so far as to say the coup was performed "legally" & repeatedly denying it was unconstitutional despite openly acknowledging the military kidnapped President Zelaya

Unfortunately for Clinton however, yet another State Dept cable released by WikiLeaks makes it clear that she's openly lying; less than a month after the coup, the US Ambassador to Honduras declared "there is no doubt" that this action "constituted an illegal & unconstitutional coup" & that "none" of the Honduran military's "arguments for the coup had any substantive validity under the Honduran constitution"

Even Clinton's own memoirs flatly declared that America's plan was to ensure a quick election that would "render the question of Zelaya moot" - a quote that has since been removed from the paperback edition of her book, *Hard Choices*

The tragic aftermath of the US supported coup has taken a devastating toll on the nation of Honduras - Juan Orlando Hernández rules the country like a dictator, has stolen millions of dollars from public coffers & has made a complete mockery of the Honduran legal system by stacking the courts with corrupt friends & supporters of powerful drug cartels

Violence & murder secretly supported by the state rule everyday life in the country - since the 2009 coup, 59 journalists & hundreds of activists have been murdered; presumably by pre-Hernández forces

In 2014, heroic indigenous rights & environmental activist Berta Cáceres laid the blame for Honduras' murderous, repressive regime firmly at the feet of Hillary Clinton; in 2016 she was assassinated in her own home

"DON'T COME LECTURING US ABOUT LIBERTY...HERE WE HAVEN'T INVADED ANYONE. HERE WE DON'T TORTURE LIKE IN GUANTANAMO. HERE WE DON'T HAVE DRONES KILLING ALLEGED TERRORIST WITHOUT ANY DUE TRIAL, KILLING ALSO THE WOMEN AND CHILDREN OF THOSE SUPPOSED TERRORISTS. SO DON'T COME LECTURING US ABOUT LIFE, LAW, DIGNITY, OR LIBERTY. YOU DON'T HAVE THE MORAL RIGHT TO DO SO."

- RAFAEL CORREA (PRESIDENT OF ECUADOR) TO THE U.S. AMBASSADOR, MAY 4TH

Malaysians must be aware of any sweet-heart deals and or compromises offered by diplomats such as the “alleged Open Statement” (if it is not a fake) by former US Ambassador Malott to Malaysia threatening Tun Mahathir and offering his so-called assistance if Malaysians and Tun follow his instructions and any other officials that are the leftovers of the Obama’s criminal regime and or the current Trump administration hijacked by the Neocons etc. We do not follow pea-brain egos who talk trash!

Malaysians should stop cursing and swearing against President Trump, who as an American will always put America first as has all past US Presidents. No double standard of praising and licking Obama’s behind and tolerating his incitement of Muslims to kill fellow Muslims but, condemn and criticise President Trump.

BLAME YOUR BLOODY KLEPTOCRAT PRIME MINISTER WHO HAS PROSTITUTED MALAYSIA TO CHINA AND NOW WANTS TO CURRY FAVOUR WITH THE DEEP STATE AND WAR PARTY OF USA. IF THERE IS NO NAJIB, THERE WOULD BE NO POLITICAL AND ECONOMIC PROSTITUTION OF OUR RESOURCES TO CHINA AND USA! PERIOD!

STOP WHINING AND MOANING! HAVE SOME DIGNITY! WHY SHOULD USA AND OR TRUMP SOLVE OUR PROBLEMS?

SO, PRESIDENT MUST FIGHT YOUR BATTLES AGAINST NAJIB?

**DON'T MALAYSIANS WHO ADVOCATE THAT POLITICAL LINE
HAVE NO SHAME OR SELF RESPECT?**

**TYPICAL OF THE GENERATION OF BRAINWASHED TONGKAT
MENTALITY MALAYSIANS WHO BLAME EVERYONE ELSE BUT
THEMSELVES!**
