

Trump Shockingly Targets Obama With America's Most Feared And Secretive Prosecutors

By Sorcha Faal

A mostly redacted highly classified "***Of Special Importance***" new **Ministry of Foreign Affairs (MoFA)** report circulating in the **Kremlin** today states that **President Donald Trump** has shockingly become the first **American** leader in history to target his predecessor for criminal prosecution—facts of which were revealed less than **24-hours** ago when the **US Department of Justice (DOJ)** filed an **astounding criminal indictment** against a close personal friend of **President Barack Obama** named **Prakazrel Samuel Michel**—who's more popularly known as **Pras Michel**, and is one of the founding members of the influential hip hop group **Fugees**—whose charged crimes include his having **illegally funneled into the 2012 Obama Presidential Campaign over \$21 million from foreign sources**—but whose most fearful to be noticed event in this criminal indictment is its stating that **one of the lead trial attorneys against Pras Michel is Sean F. Mulryne**—a **general attorney for the little know Offices, Boards and Divisions (OBD)** **virtually no American even knows about**—but cannot be said by foreigners who know this **US** government agency by its truest name **Interpol Washington (DOJ - OBD)**—otherwise known as the **US National Central Bureau** whose warning motto is "***Domestic Focus...International Reach***".

President Donald Trump unleashes feared US National Central Bureau against close President Barack Obama (*right*) personal friend Pras Michel (*left*)

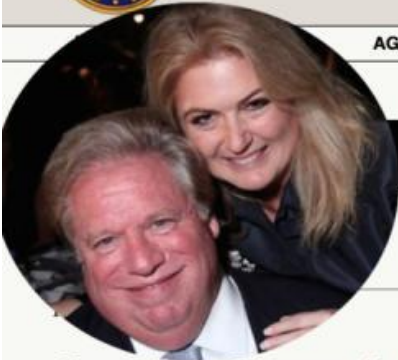

According to this report, as **America** continues tearing itself apart over the **Trump-Russia** “[collusion delusion](#)”, whose latest absurdity now sees top **Democrat Party** leader **Stacy Abrams** warning her nation’s citizens that they “[will be speaking Russian by 2030](#)”, the main focus of **Russian** intelligence and legal experts has been on the activities of the highly secretive **US National Central Bureau**—most particularly to be noted about being their general attorney **Sean F. Mulryne** having met with **US Attorney Nicole Lockhart** of the **Criminal Division’s Public Integrity Section of the US Justice Department** in early **November-2018**—that was followed shortly afterwards, [on 19 November 2018, with US Attorney Lockhart, along with four other top US Attorneys, descending with full force upon a man name George Higginbotham.](#)

Important to know about **George Higginbotham**, this report details, was his being a top official at the **Obama Regime US Justice Department** as a **Senior Congressional Affairs Specialist** from **July-2016 to August-2018**—but barely a fortnight after his capture, arrest and charging by **US Attorney Lockhart**, saw him [quickly pleading guilty, on 30 November 2018, to felony charges that he was involved in a massive criminal conspiracy to illegally funnel millions-of-dollars into the 2012 Obama Presidential Campaign](#)—the main details of which remain shrouded in secrecy as his case is [now in the hands of US Department of Justice Inspector General Michael Horowitz](#)—who is now reported to have [concluded that three of the FISA Court spying warrants against the 2016 Trump Campaign were illegally obtained by the FBI.](#)

Former Justice Department Employee Pleads Guilty to Conspiracy to Deceive U.S. Banks about Millions of Dollars in Foreign Lobbying Funds

A former employee with the U.S. Department of Justice pleaded guilty today for his role in a conspiracy to deceive banks in the United States about the source and purpose of millions of dollars sent from overseas to finance a lobbying campaign on behalf of foreign interests, announced Assistant Attorney General Brian A. Benzckowski of the Justice Department's Criminal Division.

George Higginbotham, 46, of Washington, D.C., who was employed at the Justice Department as a Senior Congressional Affairs Specialist from July 2016 to August 2018, pleaded guilty to one count of conspiracy to make false statements to a bank before U.S. District Judge Colleen Kollar-Kotelly of the District of Columbia.

Top Obama Regime US Department of Justice Official George Higginbotham pleads guilty in massive criminal conspiracy involving close President Obama personal friend Pras Michel

Immediately after top **Obama Regime US Department of Justice** official **George Higginbotham** pled guilty for his part in this massive criminal conspiracy, this report continues, **US National Central Bureau** attorney **Sean F. Mulryne** and **US Attorney Nicole Lockhart** joined forces to file an astonishing civil lawsuit against both **Higginbotham** and **Pras Michel** **demanding from both of them a staggering \$73 million**—with their again, yesterday, joining forces to criminally charge **Pras Michel** in a felony indictment which, in part, [states](#):

According to the indictment, between June 2012 and November 2012, Low directed the transfer of approximately \$21,600,000 from foreign entities and accounts to Michel for the purpose of funneling significant sums of money into the United States presidential election as purportedly legitimate contributions, all while concealing the true source of the money.

To facilitate the excessive contributions and conceal their true source, Michel paid approximately \$865,000 of the money received from Low to about 20 straw donors, or conduits, so that the straw donors could make donations in their names to a presidential joint fundraising committee.

In addition, Michel personally directed more than \$1 million of the money received from Low to an independent expenditure committee also involved in the presidential election in 2012.

The indictment also alleges that by funneling campaign contributions through straw donors,

Michel caused a presidential joint fundraising committee to submit false reports to the Federal Election Commission (FEC), including a false amended report in June 2013. The committee's reports were false because they identified the straw donors, rather than Low or Michel, as the true source of the contributions.

In addition, the indictment alleges that by contributing more than \$1 million of the money he received from Low to an independent expenditure committee,

Michel also caused that committee to submit false reports to the FEC, insofar as those reports identified Michel as the source of the contributions when, in fact, it was Low.

The indictment further alleges that in June 2015, Michel submitted a false declaration to the FEC in which he claimed that he had no reason to conceal the true source of his contributions to the independent expenditure committee in 2012, even though Michel knew that the true source of that money was Low and that Michel had funneled the foreign money into the election.

Most gravely concerning to former **President Obama** regarding **Trump** loyal forces having now captured both **George Higginbotham** and **Pras Michel** for their parts in this massive criminal conspiracy, this report concludes, is that it now makes his **2012** campaign finance treasurer the next person up to be indicted as **US federal law holds this official responsible** for the crimes committed by **Higginbotham** and **Pras**—and in this case happens to be **Matthew Barzun**, Obama's former **Ambassador to Sweden and the United Kingdom**—whose wife, **Brooke Brown Barzun**, is the multi-billionaire heiress of the **Brown-Forman Corporation** distilling empire (*which includes the brands **Jack Daniel's** and **Woodford Reserve***)—thus explaining why **US National**

Central Bureau attorney **Sean F. Mulryne** and **US Attorney Nicole Lockhart** slammed **Higginbotham** and **Pras** with a staggering **\$73 million** civil claim as well as felony criminal charges—but against **Barzun** will, without doubt, see the claim made against him soaring into the billions-of-dollars—that is, unless, he begins cooperating with **Inspector General Horowitz** like **Higginbotham** is doing—most particularly about his insider knowledge of the [British aided coup plot launched against President Trump](#).
