

# **BOMBHELL! Questions Guaranteed To Demolish Pakatan Harapan (PH). Diehard Leaders And Supporters Exposed As Hypocrites.**

**By Matthias Chang – Future Fast-Forward**

## **Introduction**

I dare challenge any one to a public debate that all the PH leaders, advisers, members and supporters are freaking retards, liars, hypocrites, devious and dishonest based on what I am going to expose about them in this article. I had already sent out a short Whatsapp message to all my friends on my Broadcast List and promised a fuller statement later in the day. This is my full statement.

**Please do yourself and your families a big favour, save your life and their lives as well as your jobs and businesses to ensure their future.**

From Day One, I had warned and written several articles and messages that the entire world is facing an unprecedented crisis:

Death and suffering by Covid 19; and

Death and suffering by Financial Ruin.

**And the two are inter-connected and inter-related. Both MUST BE RESOLVED in a Holistic way. We cannot save lives and let the entire economy be devastated and suffer a financial ruin and economic death. In past financial crisis, people have committed suicide because of financial ruin.**

**We are suffering from a double whammy! And we do not need arseholes muddying the waters.**

**Neither can we save the economy and let people die. If and when we die, and there are no jobs, businesses etc. waiting for us to go back to, it would be a futile exercise. Jack Ma of Alibaba said that when we survived this twin crisis, we as a people and a country, are already “profitable”. We can rebuild on the ashes of ruin just as the proverbial Phoenix.**

## **The Bombshell!**

Let's recap.

The PH regime was a bankrupt regime. When Tun Mahathir (Tun M) delivered the Stimulus Speech in late February 2020, after he had resigned as the 7<sup>th</sup> Prime Minister and re-appointed as “Interim PM”, there was no reference at all in the entire speech to a need for imposing MCO to prevent the spread of the

deadly disease and save OUR PRECIOUS LIVES. The Three Board Strategies were centred solely on stimulating the economy by a pin prick injection of RM20 Billion. The PH Presidential Council Meeting that preceded the speech was an ugly political slugfest in which Tun M was reported as having cried. It was a despicable and insidious display of power grab and a failed coup.

**There were no deliberations on the danger of Covid 19, EVEN AFTER W.H.O. HAS DECLARED A GLOBAL EMERGENCY. The PH regime was also side-tracked by the perceived windfall of RM100 Billion and the estimated 30 million tourist arrivals from the 2020 Visit Malaysia Year! No warning was issued by the then Health Minister or the Cabinet. Sleeping!**

18.3.2020

When MCO was declared by our courageous Prime Minister (PM) on 18.3.2020, the entire country rallied behind the PM and his team. Our Health DG in a Press Statement in May, 2020 following the visit of China's Health Experts, informed us that Malaysia received praise for the speed with which we confronted the pandemic, inter-alia, the issuance of the MCO.

PH leaders, Anwar Ibrahim (AI), Lim Kit Siang (LKS) and other minions as well as State Government leaders and their advisers **did not and dare not assert that they will not be following the MCO (PHASE1) and its implementation, because under State Laws etc., they could ignore such Federal Directives and have "control" of health matters etc.**

**Only certain essential services were allowed to operate. The economy, as a result was "lockdown" in more ways than one.**

### **Question 1**

To PH numbskulls, State Government political harlots and ego centric advisers. The following questions are addressed to all you guys.

**Why no objections to MCO, defiance and or assertions that you scumbags have the discretion to refuse to comply with the directives, and what are the reasons for your compliance then?**

### **Question 2**

**When the directive was issued that congregating at Mosques, Churches, Temples etc. were banned to enforce social distancing, why was there no defiance, objections etc. since religious matters come under the exclusive purview of the State Government and what are the reasons for compliance then?**

If truth be told, you arseholes have no guts to plot your own self-serving paths. You were caught without clothes, stark naked and stunned by the speed in which our lives were saved by PM and his team. You were awed because you guys were bankrupt and mentally deranged to do anything useful!

### **Question 3 and 4**

**When Ramadan Bazaars and congregation prayers were prohibited, why no objections and what were your reasons for full compliance then? If it was wrong, why did 99.9% of Muslims complied and supported the directive?**

There were no mass protests and or religious riots etc. because if truth be told, our Muslim brothers and sisters put Allah first and followed the Quran and the Hadith in time of such crisis, plagues etc. You guys had to freaking shut the f..k up!

### **Question 5 and 6**

**During MCO Phase 2-4, more businesses were allowed to commence (subject to additional SOPs) in addition to the essential services and two persons were allowed to travel to purchase food etc., why was there no objections and or defiance and what were the reasons for your compliance then?**

**So, having dutifully complied with all past directives issued under MCO, which was a judgment call by the Federal Government on maintaining a balance approach to solving the twin crisis, what are the reasons to your objections now?**

**You guys just said that you have the right and or discretion to do so. We demand to know what is the basis of your opportunistic decision and what expert advice did you guys asked for and received (if any)?**

The above questions capture the bankruptcy and frankly if truth be told, these scumbag politicians knew that even the educated masses would not have the intellectual honesty and courage to challenge such hypocritical behaviour because the educated masses are too damn lazy to do anything other than be armchair critic and indulging in intellectual masturbation!

### **Why PH Leaders Don't Give A Damn About The Rakyat**

This is a No-Holds-Barred attack on LKS, AI and the remnants of Bersatu still aligned with PH.

Reality Check:

I have demanded stridently and repeatedly that the above scumbags tell the entire country that if they have anything good to say or solutions to the crisis share them asap as our lives and our economy (as well as the world) have been battered and devastated. I had played my part as a citizen by offering suggestions and stimulating discussions for whatever its worth with no expectations and or appreciations. In like manner, so many have offered to be in the front lines on the medical side of this horrendous crisis. NGOs helped in food distribution etc. What an incredible collective effort.

**But, arsehole political leaders like LKS and AI demanded since March 18, 2020 the convening of parliament to debate on the MCO measures when Parliament convened in May, 2020. All this while, these two jokers, the Puppet Master and his insecure Puppet offered nothing by way of solutions or suggestions as to how to save more lives, rescue the economy other than screaming the moronic cry to PM, “do whatever it takes!”**

**So, to the arsehole LKS and AI, please tell us what you mean by “whatever” as the word in itself is meaningless.**

### **WHY ARE THEIR ACTIONS SO DASTARDLY, SELFISH AND MEAN?**

#### **Facts & Reality Check**

No exceptions, we are all exposed to the horrors of an invisible enemy, Covid 19. We can die at any time, because there are no cures, no vaccines and we fear the spread of this horrendous disease.

By analogy, we are struggling and drowning in the fast and powerful currents of a raging river. On the banks of the river, as we surge past LKS and AI etc. we screamed, “Help, Help throw us a lifeline, a float or anything, as some of us cannot swim. Help, Please! Call for help”.

These two arseholes and their minions shouted back since we were plunged into the river in March, “See you soon, we have demanded an urgent meeting at the end of the river in May to debate how you should be rescued at the downtown HQ of the Rescue Services. Hang on there and if you survive we will have ready the ambulances to rush you to the hospital”.

We drifted till April along the treacherous river, some died from exposure, some drowned and some were stranded on some rocks, wet and were shocked. Those who could swim landed on some river banks waiting for rescue. Some were drifting again because of the power of the currents and were infected by some water borne virus and bacteria. It was hellhole of suffering.

They shouted again for help on seeing the two political harlots, but they repeated their earlier replies - Wait for our debate at the HQ of Rescue Services how we should effect a rescue. More died, more injured! We are still in the raging river. Thank God for his mercy as many volunteers jumped into the river to rescue those drowning. On the horizon, some two miles away, we could see the semblance of the structure of the Rescue Services HQ and some boats were heading upstream towards us. Hope at last!

**SINCE MARCH 2020, THE PH LEADERS AND THEIR MINIONS ARE DOING THIS HORRENDOUS THEATRICALS OF “RESCUING US” FROM COVID 19 - WAIT TILL PARLIAMENT CONVENES.**

**AT THE LAST MILE, THEIR CLOSET ALLIES ARE EMERGING TO SAY TO THE SUFFERING FOOLS WHO STILL BELIEVE IN PH THAT THERE IS NO NEED OR URGENCY TO COMPLY WITH CMCO.**

**THIS IS THE FREAKING REALITY. AND YET THE VOLUNTEERS AND FRONT-LINERS ARE RISKING THE LIVES WITHOUT REGARD TO POLITICS, RACE, RELIGION AND OR RACE.**

**BUT THE TWO ARSEHOLES HAVE THE LUXURY OF DEMANDING THAT THEIR PRIORITY IS TO INDULGE IN THE GRAND TALK SHOW CALLED PARLIAMENT AND TO SHOW CASE THEIR NONSENSE.**

**SO, TO ALL MEMBERS AND SUPPORTERS OF PH, WHAT ARE YOU GOING TO SAY ABOUT THIS URGY REALTY AND YOUR TWO JOKERS AND SCUMBAGS?**

**DON'T YOU GUYS HAVE ANY SHAME???**

**DEBATE WITH ME OR SHUT UP AND REPENT!**

**ASK GOD FOR FORGIVENESS AND HELP THE GOVERNMENT TO HELP ALL OF US.**

**PLEASE SHARE THIS ARTICLE WIDELY, IF YOU WISH TO SURVIVE THIS TWIN CRISIS AND NOT BE DECEIVED BY IMPOSSIBLE PROMISES THAT PH AND THESE TWO SCUMBAGS WILL RESCUE YOU AND YOUR FAMILY.**
