

US / UK Bioweapon Unleashed! Are You Prepared To Confront This Diabolical Crime?

By Matthias Chang – Future Fast-Forward

Introduction

This article is written for the Malaysian hardworking men and women struggling to survive during the present global crisis. The truths revealed in this unprecedented exposé are in themselves difficult to accept as they are incomprehensible to the ordinary people because of the intense propaganda and brainwashing inflicted over decades by the global Deep State / War Party, and the utter failure of the Legal and Medical professions to discharge their duties in upholding Truth and Justice and not to do harm to their patients respectively.

But the ugly truth must be revealed.

For those who need the detailed analysis of how the global common has been brainwashed, you may be able to get the book, ***“Brainwashed for War, Programmed to Kill”*** published by the American Free Press (but maybe out of print). Please refer to Appendix 1 annexed to this article). I donated all USA royalties to the publisher so as to enable my late good friend / colleague Michael Collins Piper and the owner of the publishing company, Willis Carto to share the secrets revealed therein throughout the USA. They succeeded beyond all expectations.

To avoid any misunderstandings, the reference to my book is merely to indicate the extent of research and the exhaustive efforts needed to collate research materials dating back to before WWI. Therefore, it is not surprising that many Malaysians are not aware of the Evil that has been unleashed to devastate our country and sovereignty.

I have delayed writing this article till now, because Malaysians are not prepared to accept that there is more to the Covid19 Plandemic than meets the eye! It is my fervent hope that those within the Intelligence Apparatus and the Guardians of National Security will leave no stones unturned to identify the bad actors complicit in implementing this evil scheme and take all appropriate actions to safeguard the country's interest. Hence, the style, format and materials disclosed in this article have been structured for that purpose.

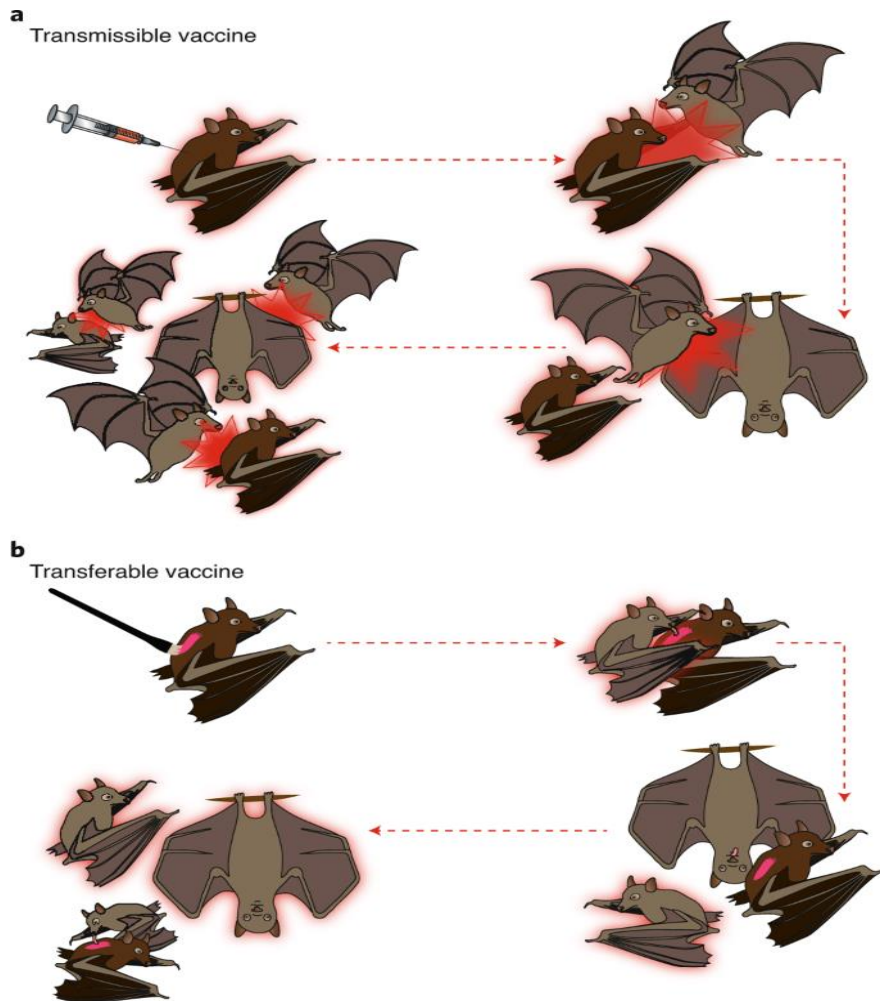

I had spent a week thinking how best I should jolt everyone out of their slumber. I tested on a few individuals on what I am about to disclose ***without any detailed explanations*** but unfortunately their grey cells ***could not take the leap to arrive at the logical conclusion.*** I therefore decided to revise my approach and adopt the step by step format, as I had to accept the reality that

even the most learned need to be spoon fed to overcome the voodoo science drilled into their mental DNA.

Going Behind The Voodoo Science

Step 1: A picture paints more than a thousand words

Now, examine the picture with a fine toothcomb! Don't rush and follow the red dotted lines!

I want you to focus on the words, “Transmissible Vaccine” and “Transferable Vaccine”.

(a) Transmissible Vaccine

A transmissible vaccine is administered directly to one bat via injection. This bat (Red Outline) is then capable of vaccine transmission. In subsequent time steps (separated by the dashed red lines), this initial bat encounters other animals and transmit the vaccine to them infectiously (red bursts).

Infectiously vaccinated bats also go on to transmit the vaccine infectiously to others. Think! If it can be done to bats, then the method can be applied to ...?

(b) Transferable Vaccine

A **transferable vaccine** is **administered directly** to a focal bat **as a paste** to its fur. In subsequent time steps, **different bats groom** the fur of the focal bat and **become vaccinated**. The vaccine is **not contagious in the usual sense**; the focal bat **merely serves as a delivery vehicle** to the others.¹

Think! Why do you need to wash your hands thoroughly with soap or alcohol etc when you touch or come into contact with ?

Now extrapolate from the bat scenario to humans! I bet I got your attention!

Step 2 What is “Gain-of-Function” Research?

To give a detailed explanation on the “dual functions” [(i) medical research to find a cure **and** (ii) creating bioweapons] of such scientific research, it may require my writing an exhaustive paper which I do not have the luxury of doing so here.

It will suffice for me to state here and now what is the meaning of **Gain-of-Function Research**:

“The term Gain-of-Function (GOF) research describes a type of research, that modifies a biological agent (e.g. bat virus) so that it confers new or enhanced activity to that agent. Ethical scientists use the term broadly to refer to any such modifications.

“In essence, GOF research genetically alters an organism in a way that may enhance the biological functions of gene products.

“This may include an altered pathogenesis, transmissibility or host range i.e. the types of host that a microorganism can infect.”

Now, apply the above definition to the scenario of the bats explained in Step 1 above. The medical research on bats etc. and the data and results can have a “Gain-of-Function” when applied to the human scenario!

Step 3 The Human Scenario and Bioweapon Research (GOF)

The dual use of what is deemed an innocuous medical research to the more nefarious objectives by the Deep State, ends up as ***“weaponised research”*** in the development of inter-alia, biological weapons.

¹ Nature Ecology & Evolution Vol. 4, 27.7.2020

This was rampant during WWI and WWII as GOF research was used by both sides of the warring factions, with the victors (the so-called Allied Powers) demonising the vanquished Axis powers, mainly Germany and Japan and the hanging of the main actors. But for the medical and scientific professions, they were all spared, recruited into most advanced research institutions and paid handsomely. The Pirbright Institute in UK and Fort Detrick, Maryland USA have their origins in such hideous collaborations with “spared” war criminals.

Biological weapons defined:

“Biological weapons is any infectious agents such as Bacteria, Virus or toxins, which is used intentionally to inflict bodily harm to people, animals or nature. They can be used to cause massive casualties, social disruptions, economic losses and environmental problems as a means of warfare or terrorism.”

“Biological weapons are difficult to handle after release because they are infectious agents that spread uncontrollably beyond the target area.”

So, WHAT DO YOU THINK IS COVID19?

Be very surprised. Besides my declaration in 2020, the only other person in the world as of today, who dare tell it as it is, is Dr. David Martin who recently in a video presentation uploaded to my website, called Covid19 as a bioweapon!

Step 4 The US National Institutes of Health (NIH) Confession On Potential Pandemic Pathogens (ePPP)

The NIH confessed and we quote:

“Potential Pandemic Pathogens (PPPs) are bacteria, viruses and other microorganisms that are likely highly transmissible and capable of wide, uncontrollable spread in human populations and highly virulent, making them likely to cause significant morbidity and/or mortality in humans.”

Additionally, the criminals at NIH admitted to Gain-of-Function (GOF) research, and we quote as follows:

“NIH has supported certain research that may be reasonably anticipated to create, transfer or use potential pandemic pathogens resulting from the enhancement of a pathogen’s transmissibility and/or virulence in humans. The U.S. Government and the Department of Health and Human Services define such research as enhanced potential pandemic pathogen (ePPP) research. NIH-supported ePPP research requires strict oversight and may only be conducted with appropriate biosafety and biosecurity measures.”

On funding issues, NIH stated:

“The HHS Framework for Guiding Funding Decisions about Proposed Research Involving Enhanced Potential Pandemic Pathogens (HHS P3CO Framework)... was established in 2017 to guide funding decisions on proposed research that is reasonably anticipated to create, transfer or use potential pandemic pathogens resulting from the enhancement of a pathogen’s transmissibility and/or virulence in humans, called ePPP research.... For the third project, the HHS P3CO Review Group determined that a subset of the proposed research involving ePPPs was acceptable for funding with the implementation of additional risk mitigation measures.”

In October, 2021, a letter addressed to Rep. James Comer (R-KY), NIH Principal Deputy Director Lawrence A. Tabak cites a "limited experiment" to determine whether **"spike proteins from naturally occurring bat coronaviruses circulating in China were capable of binding to the human ACE2 receptor in a mouse model."**

The US funded GOF research was blown wide open thanks to materials released through a Freedom of Information Act lawsuit by The Intercept against the National Institutes of Health, **revealing that EcoHealth was paid to make chimeric SARS-based Covid that they confirmed could infect human cells.**

Read the underlined words of the above quotation over and over again - **Chimeric SARS-based Covid was made that could infect human cells!**

Rutgers University Board of Governors Chemistry Professor Richard H. Ebrght, observed, **“The NIH, specifically Collins, Fauci and Tabak, lied to Congress, lied to the press, and to the public. Knowingly. Willfully. Brazenly.”**

Let it be stated here, that such GOF research was also conducted in Malaysia by “certain actors” in collaboration with Peter Daszak of the infamous Eco-Alliance, coordinated by a foreigner with over ten years of deep ties with the said Eco-Alliance. It is hoped that the Intelligence as well as the National Security Apparatus of Malaysia will investigate into this matter and leave no stones unturned!

Step 5 Final Evidence - Covid19 is a Bioweapon

An intelligence analyst must have as his/her fundamental tool, “a nose to smell a rat” and the “developed skills” acquired over many years to explore, think, analyse, and leave no stones unturned, to uncover, identify and apprehend all the enemies of our country, foreign and domestic without fear or favour. And for me personally, the absolute faith that God Almighty will guide us in our path for Truth and Justice and ever mindful not to be consumed in the **Great Fire, in which the unfortunate and faithless souls will then neither die or live.**²

² Surah Al Ala, 87: Verse 12. Translation by Abdullah Yusuf Ali, considered by historians and scholars as the most authentic English translation of the Holy Quran.

For the purposes of the doubting Thomases and lazy arsehole politicians and scumbag criminal bureaucrats in the Minister of Health, I will depart from my normal practice by referring in extenso, the equivalent of our Government Gazette, the “US Federal Register” (the Daily Journal of the United States Government) the evidence that a bioweapon was unleashed as the basis for the Declaration of an Emergency in the US. I dare issue a challenge to all the scumbag criminals to prove me wrong as this would be one of the surest way to identify the bad actors working in tandem with foreign actors to subvert our country and national sovereignty.

From today onwards, you will view the Covid 19 Plandemic in Malaysia from a totally different and realistic perspective. The key extracts are as follows:

FEDERAL REGISTER
The Daily Journal of the United States Government

Determination of Public Health Emergency

SUPPLEMENTARY INFORMATION:

I. Background

Under Section 564 of the FD&C Act, 21 U.S.C. 360bbb-3, the Commissioner of the Food and Drug Administration (FDA), acting under delegated authority from the Secretary of HHS, may issue an Emergency Use Authorization (EUA) **authorizing (1) the emergency use of an unapproved drug, an unapproved or uncleared device, or an unlicensed biological product; or (2) an unapproved use of an approved drug, approved or cleared device, or licensed biological product.** Before an EUA may be issued, the Secretary of HHS **must declare that circumstances exist justifying the authorization based on one of four determinations:**

(1) A determination by the Secretary of Homeland Security that there is a domestic emergency, or a significant potential for a domestic emergency, involving a heightened **risk of attack with a, chemical, biological, radiological, or nuclear (“CBRN”) agent or agents;**

(2) the identification of a material threat by the Secretary of Homeland Security pursuant to section 319F-2 of the Public Health Service (PHS) Act ^[1] sufficient to affect national security or the health and security of United States citizens living abroad;

(3) a determination by the Secretary of Defense that there is a military emergency, or a significant potential for a military emergency, involving a heightened risk to United States military forces, **including personnel operating under the authority of title 10 or title 50, of attack with (i) a biological, chemical, radiological, or nuclear agent or agents; or (ii) an agent or agents that may cause, or are otherwise associated with, an imminently life-threatening and specific risk to United States military forces;**

or (4) a determination by the Secretary that there is a public health emergency, or a significant potential for a public health emergency, that affects, or has a significant potential **to affect, national security or the health and security of United States citizens living abroad, and that involves a CBRN agent or agents, or a disease or condition that may be attributable to such agent or agents.**^[2]

Based on any of these four determinations, the Secretary of HHS may then declare that circumstances exist that justify the EUA, at which point the FDA Commissioner may issue an EUA if the criteria for issuance of an authorization under section 564 of the FD&C Act are met.

The determination of a public health emergency, and the declaration that circumstances exist justifying emergency use of in vitro diagnostics for detection and/or diagnosis of the novel coronavirus (2019-nCoV) by the Secretary of HHS, as described below, enable the FDA Commissioner to issue EUAs for certain in vitro diagnostics for emergency use under section 564 of the FD&C Act. The Centers for Disease Control and Prevention (CDC) requested that the FDA issue an EUA for it, in Start Printed Page 7317 vitro diagnostic for detection of 2019-nCoV to allow the Department to take preparedness measures based on information currently available about 2019-nCoV.

Since reference is made of section 564 of the FD & C Act in the above document, as well as FDA official documents such as to Pfizer, Moderna etc., in granting Emergency Use Authorisation (EUA), I shall refer to a specific extract of one such document, namely:

Pfizer Inc.
Attention: Ms. Elisa Harkins
500 Arcola Road
Collegeville, PA 19426

Dear Ms. Harkins:

On February 4, 2020, pursuant to Section 564(b)(1)(C) of the Act, the Secretary of the Department of Health and Human Services (HHS) determined that there is a public health emergency that has a significant potential to affect national security or the health and security of United States citizens living abroad, and that involves the virus that causes Coronavirus Disease 2019 (COVID-19).¹ On the basis of such determination, the Secretary of HHS on March 27, 2020, declared that circumstances exist **justifying the authorization of emergency use of drugs and biological products during the COVID-19 pandemic, pursuant to Section 564 of the Federal Food, Drug, and Cosmetic Act (the FD&C Act or the Act) (21 U.S.C. 360bbb-3),** subject to terms of any authorization issued under that section.

We now refer to the relevant provisions of the FDA Act as referred to in the above letter and annotated as (FDA 360bbb-3). Google this reference or you will be in the wilderness.

Section (b) Declaration of Emergency

(1) In General

- The Secretary may declare an emergency justifying the authorisation under this sub-section for a product on the basis of –
- (C) a determination by the Secretary of a public health emergency under section 247d of title 42 that affects, or has significant potential to affect, national security, and that involves a specified **biological, chemical, radiological or nuclear agent or agents** or a **specified disease or condition that may be attributable to such agent or agents.**

Additionally I will also refer to the **Pandemic and All Hazards Preparedness Reauthorization Act 2013** to buttress the point that CBRN threats were the basis of the Declaration of Emergency in the USA.

Pandemic and All-Hazards Preparedness Reauthorization Act of 2013 (PAHPRA)

*“The Pandemic and All-Hazards Preparedness Reauthorization Act of 2013 (PAHPRA) contains key legal authorities to sustain and strengthen our Nation’s preparedness for public health emergencies **involving chemical, biological, radiological, and nuclear (CBRN) agents, as well as emerging infectious disease threats.**”*

*“Together, these authorities for FDA not only support and facilitate government **partners**’ pre-event planning efforts and pre-positioning of MCMs, but also help to facilitate MCM development and the efficient and rapid deployment of these medical products **in the event of a CBRN emergency or emerging disease health threat.** FDA is implementing PAHPRA’s MCM-related provisions to support our nation’s preparedness and response capabilities, and continues to provide the highest quality and most timely guidance possible to all stakeholders engaged in MCM product development.”*

Please note that **MCM** refers to **Medical Counter Measures** for your information.

Step 5 No Country will Unleash a Bioweapon without the safety net of an Antidote

Go back to **Step 1**. It is obvious that vaccines are NOT the antidote. Only the Deep State and its actors have the antidote **as they are the ones who created the bioweapon and the antidote.**

Phase one of the war crimes, is to get people “sick” so as to get vaccinated. *It is the vaccine that is spreading the bioweapon, and hence, the more extensive the roll out of the vaccination program, the greater harm and number of deaths.*

The deep State planned that the world (specifically Russia, China and the Third World) would opt for the Pfizer and Moderna vaccines as the first choice. They did not expect that Russian and China would be able to develop their own vaccines in an attempt to counter the bioweapon. However, their vaccines are not the antidote and they are in a desperate rush to find the antidote. No

country will even make known the antidote, once they have released the bioweapon. This is because it will disclose the maker of the bioweapon.

It matters not to the war criminals that millions would be infected and die because in any event the agenda is to depopulate the world and to establish the global RESET.

That is why it cannot be China or Russia and or any other Third World countries that are responsible for unleashing the bioweapon. Their vaccines are different from those that were created in USA and UK. Period!

By sheer chance, a team of doctors found a sort of “antidote”, a hybrid, to the horrors of the Deep State and that is why any medication that can decrease the infections, prevent hospitalisations and or death must be banned and or curtailed. While such medications are not the Deep State’s antidote, they would reduce the death rate and the depopulation agenda!

There are therefore, the expected new “variants” and or another disease (a toxic combination of various viruses and microorganisms) that would evade the “accidental discovery” of the partial / hybrid antidote such as the drug Ivermectin!

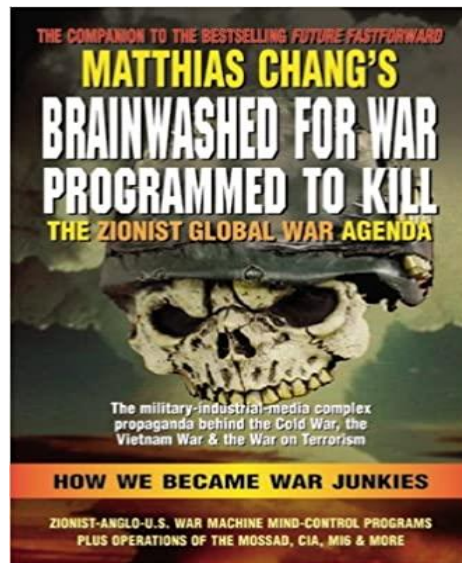

The other unforeseen problem faced by the Deep State was that the vaccines were ineffective in achieving the intensity of the infection following the vaccination. The vaccines’ effectiveness was waning and not potent enough. Hence, the desperate rush for booster shots and or the third and fourth shots and if and when that fails, a ***new*** bioweapon would be unleashed. There is therefore a rush by the two competing sides (the criminals and the victims) to reach the finishing line before the other.

If the criminals succeed, there will be global devastation. If and when the victims prevail, a brave new world will emerge.

This is the stark reality!

Matthias Chang

Appendix 1:

Reviews: Some Five Stars Rating

Terribly Important!

**Reviewed in the United States on September 9, 2006
Verified Purchase**

I was surprised, and delighted, to learn that this, the second of Matthias Chang's books on the current world situation... For those who have read "Future Fastforward", I would say that this is an excellent sequel. In the event that you have not read the first book, "Brainwashed for War" would be still be efficacious, although perhaps it is best to read the books in order....Taken together, I would say that Chang's two books provide a very solid grounding for the serious student of modern world politics. They present in significant detail the perils of the Zionist Anglo-American war cabal, and what must be done to stop it. And Chang quite rightly avers that the most important first step is for Muslims, Christians, and freedom loving people everywhere to bind themselves together, such that we can know justice and love mercy while yet there is time.

Ruling Class Liars Exposed

**Reviewed in the United States on January 10, 2007
Verified purchase**

This is an extraordinary book indeed. Chang does an excellent job of piecing together a true history of the 20th century, the vile propaganda warfare, mind-control and brainwashing operations conducted by agents of the ruling class in order to turn America into a nation of war junkies. He

includes the actual official documents that were used to determine our foreign and domestic policies, the military-industrial-media complex propaganda behind the Cold War, the Vietnam War and the War on Terrorism. It turns out that the entire 20th century was nothing but one big lie, perpetrated at the public's expense, and for the benefit of the ruling class. I instinctively knew this already, but this book makes it all very clear. I've read dozens of book concerning this subject, but in my opinion this is the best.

A political eye opener

***Reviewed in the United States on August 16, 2016
Verified Purchase***

Exceptionally researched & emotionally provocative. One may never talk to their friends about politics the same way again after reading any of this author's material.
