

mRNA Vaccine Inventor Issues Warning To Parents: Do Not Give Children ‘Unproven Vaccines’ That May Permanently Damage Organs, Reproductive System, Immunity...!

By Alicia Powe – Gasteway Pundit, December 24, 2021

Matthias Chang Open Challenge to scumbag Khairy and the Director-General of Ministry of Health (MOH):

I dare both of them to issue a public statement to the MSM and social media that what Dr. Robert Malone, the Founder of the technology – mRNA, has stated is wrong and has no scientific basis to issue the global alert on 24.12.2021 (Christmas Eve)!

Since both scumbags are hell bent on vaccinating our children, supported by samseng doctors from MOH, they should not be afraid to state their case with solid evidence. Dr. Malaone dare issue a global alert to all parents, and no doctor in the world and government agencies such as CDC, FDA. NIAID, NIH etc in USA and the European Medicine Agency (EMA) have the guts to prove him wrong!

What we have is voodoo science!

The physician who invented the mRNA technology contained in COVID vaccines is **urging all parents to abstain from vaccinating their children with the “irreversible” inoculation that could permanently damage their critical organs, reproductive systems and immune systems.**

The public is being misled about the vaccine's efficacy and effects, warns Dr. Robert Malone, the Chief Medical and Regulatory Officer for [The Unity Project](#) who invented messenger mRNA therapeutics in 1988.

Parents, before you inject your child, **a decision that is irreversible**, I wanted to let you know the scientific facts about this genetic vaccine which is based on the mRNA vaccine technology I created," Malone explained in a video published on Tuesday. "

The internationally recognized physician and scientist outlines three key issues parents should consider before complying with the government coercion to vaccinate their children:

First, is that a viral gene will be injected into your children's cells. This gene forces your child's body to make toxic spike proteins. **This protein can cause permanent damage in children's critical organs, including their brain and nervous system, their heart and blood vessels including blood clots, their reproductive system, and this vaccine can trigger fundamental changes to their immune system.**

The most alarming part about this is that these damages, **once they occur are irreparable**. You can't fix lesions within their brains. You can't repair heart tissue scarring. You can't repair a genetically reset immune system. **And this vaccine could cause reproductive damage that could infect future generations of your family.**

The **second** thing that you need to know about this is the fact that this **novel technology has not been adequately tested. We typically need at least five years of testing and research** before we can really understand the risks of new medicines or vaccines.

Harms and risks from new medicines often become revealed many years later. **So ask if yourself if you want your own child to be part of the most radical medical experiment in human history.**

One final point. **The reason they are giving you to vaccinate your child is a lie. Your children represent no**

danger to their parents or grandparents. It's actually the opposite. Their immunity after getting COVID is critical to save your family if not the world from this disease.

In summary, **there is no benefit for your children or your family to be vaccinating your children** against the small risk of this virus given the known health risk of the vaccine that is apparent you and your children may have to live with for the rest of their lives. **The risk benefit for this vaccine isn't even close for children.**

As a parent and grandparent, my recommendation to you is to protect your children and do not give them this unproven vaccine.

70% Of London's COVID Hospitalisations Diagnosed AFTER Being Admitted For Other Ailments

By Paul Joseph Watson – Zero Hedge via Summit News, Dec 24, 2021

70 per cent of London's COVID hospitalisations **were diagnosed after** the patient had already been admitted for other ailments, it has been revealed.

The figure is important because a **so-called 'surge' in London hospitalisations for COVID is being used as a justification to lobby for further lockdown restrictions on the British public.**

However, as Telegraph journalist Allison Pearson **reveals**, much of the panic is being driven by **cases being counted as COVID despite the patient being admitted for other reasons.**

"Astonishing fact. 70% of London's so-called 'COVID hospitalizations' are diagnosed several days after admission for other ailments," she tweeted

"They are NOT COVID patients."

“A positive test 8 days after admission means the hospital basically gave the patient COVID.”

Matthias Chang comments: For those who failed to understand the significance of this news from the UK Telegraph newspaper because of their screwed up education, what the last two sentences assert is that *THE BRITS (70%) AS PATIENTS WILL GET INFECTED WITH COVID 19 WHEN THEY GET ADMITTED FOR SOME OTHER ILLNESS – E.G. DIABETES, HEART CONDITIONS ETC.*

THE PATIENTS DID NOT HAVE COVID 19 AT ALL BEFORE GOING TO THE HOSPITAL. THEY GOT COVID19 AFTER ADMISSION!

HOSPITALS ARE INFECTIOUS ENVIRONMENTS

Australia's PM Scott Morrison rules out new Covid lockdowns despite rising cases and Omicron fears

By Helen Regan and Hilary Whiteman - CNN, 21.12.2021

Matthias Chang's Comments:

Power addicts Khairy and DG of MOH wants enhanced “powers” to intimidate and enslave Malaysians, refusing to learn from their fascist errors, even as the Australian PM had to retreat from his hard-core stupidity because he knew the people are rebelling and he may very well lose the next General Elections! Of course, Khairy has a different agenda!

Australian Prime Minister Scott Morrison called an emergency National Cabinet meeting to discuss the rising infections.

But he said one key message he'll be telling state premiers is *a return to lockdowns, tight social restrictions and fines for violating them is NOT the answer.*

“We have got to get past the heavy hand of government and we've got to treat Australians as adults,”

Morrison said at a news conference in Queensland Tuesday,

"We have to move from a culture of mandates to a culture of responsibility. That's how we live with the virus into the future."
