

Extreme Provocation- 99% Are Idiots And Deserved To Be Annihilated Or Destroyed!

By Matthias Chang – Future Fast –Forward

A Deliberate Provocation

An idiot xxxxxx (cannot mention the name) screamed and accused *me* of being rude, insensitive, arrogant, vulgar etc. and that I had no right to call the 99% of the people as idiots. My curt and short reply was “So, you have identified yourself as one of the 99%. Then you deserved to be whacked!”

My observation is appropriate to people in general and Malaysians in particular. Why??? Use common sense!

Almost every day, I received emails, messages from various social platforms from around the world advising me that **“the ‘1% Global Elites’ control the world, have an agenda to depopulate the world etc. and the people must retaliate etc.!”**

Therefore, an exercise in deduction would enable anyone to conclude from the warnings I had repeatedly received, that the **‘1% Global Elites’ are clever and have the means and ability to control 99% of the people. The 99% are ‘sheeples’ and so idiotic to be led without a whimper of protest to accept the agenda of the 1% Global Elites!**

If you are not the 1% Global Elite, you must be the 99% (of course if the hat fits you), otherwise you need not be so sensitive. Continue reading, if you want to know more and learn!

Need I say or write more?

Short Memories

The entire Covid19 Plan-demic was a global agenda by the global 1% Elites and in spite of repeated warnings and vicious attacks on the Truth-seekers. Did not the majority of the 99% without any queries or scientific evidence surrendered and in fear (generated by governments’ propaganda and mass psychosis) accepted the toxic “Covid19 vaccine” when all scientific peer reviewed papers have revealed that the mRNA technology used in the formulation of the “Covid19 vaccine” is correctly classified as Gene Therapy and Manipulation. I have enough scientific evidence to rebut any challenge by anyone to prove me wrong!

Current Financial Crisis

The same attitude persists when warnings were issued to be prepared for the global financial crisis that erupted across the world. The 99% did not care or bothered and displayed the same idiotic attitude, even offering the infantile or spurious observation, **“how can there be a financial crisis, when there are**

so many cars, people are still working and the governments have not issued any warnings and the MSM asserts that 'there is no inflation, no recession and interest rates are still low?'

Every video, message that I have shared are supported by evidence which can be obtained from 'open source', easily down-loaded from the internet. These messages are in fact official data from government sources which contradict and expose the lies, fake news and propaganda – from FED, ECB, BOE, White House, Whitehall, European Parliament etc.

Yet, we have a deafening silence from political idiots across the political divide in Malaysia. But, the 99% are too lazy, and I would contend gutless and intellectually dishonest to even question the narrative spewed by the irresponsible authorities.

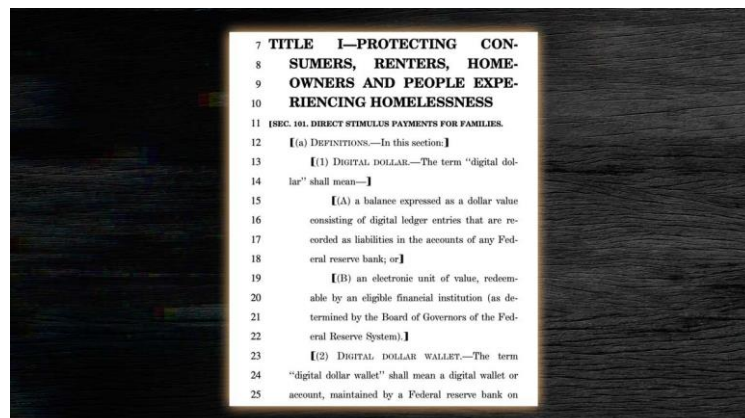

On 20th July, 2023, I blasted a **RED ALERT** and two **ADDENDUMS** that a **major announcement would be made by President Biden on or before 26th July, 2023 and if there is a delay for whatever reasons, the Announcement and or Order would have to be made in August, 2023.** I even urged the recipients of my warnings to secure and save the messages as evidence for or against me!

Another Bombshell & More Connected Dots

Get into your freaking heads that the global 1% Elites and the power matrix do not care whether you know of their agendas as the "Covid19 experiment" has shown without the slightest doubt, that the **99% idiots are too lazy, too screwed up, too irresponsible and too gutless to even whimper a protest.**

But, Whisper countermanded his earlier directive and directed I must continue with my efforts to warn you and if needed, to show the methods of discovering truths from the Open Source. **There is no need for any Intel Apparatus to dig deep, because for whatever reasons, they would not venture into any areas BEYOND their skill sets. This is the tragedy!**

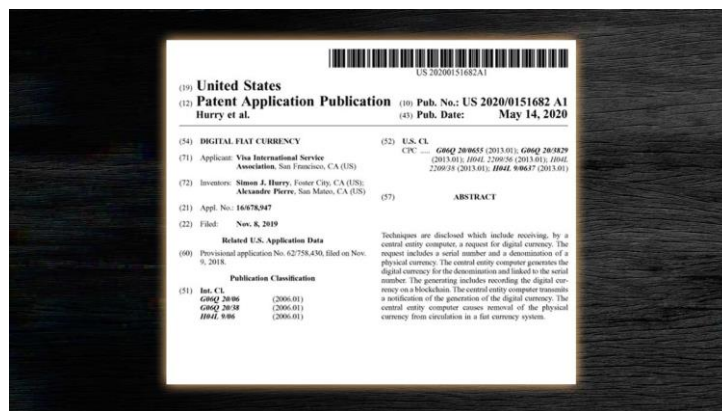

So, I will now cut to the chase and spoil your day and to wake you up. I will let the following evidence (picture of extracts) do the needful as a "picture paints more than a thousand words."

The Digital dollar is NOT what you think it is. It was planned a long time ago by the US Deep State. The above picture is part of the US legislation introduced in Congress by Nancy Pelosi under an innocuous heading “Protecting Consumers, Renters, Homeowners and People Experiencing Homelessness”.

Freaking BS!!

The picture below has a heading “**Digital Fiat Currency**” and you freaking arseholes, get into your grey cells if you have any left.... the open and non-secret disclosure of the conversion of the US Toilet Paper Money into the US Toilet Digital Currency. **It is even registered as a Patent** and the applicant of the patent is VISA International. No time to explain. If you still do not understand, flush your head down the toilet bowl!

The next picture tells the story!

Are you so freaking blind, stupid and idiotic as to who are the global players & elites responsible for the Digital Fiat Money – UN, IMF, WEF, Gates Foundation, FED and White House?

NO MORE FIAT CASH!!!

Yet, we have the BS of the title of the US legislation introduced by Nancy Pelosi as exposed in the first picture above.

F.....K Nancy... to borrow Victoria Nuland's words "F...K the EU"! Don't you dare complain about the language! Don't be a hypocrite or I will whack you.

So, who is sleeping on their jobs and keeping you clueless and blur?

Now, I want you to do some homework Dig and research Microsoft's patent.

Applicant is Microsoft Technology Licensing LLC (PCT/US2019/038081). International filing in 2019 and published on 26.3.2020. Priority data is 16/138518, 21st September, 2018. International publication number is WO 2020/060606A1

If you are not doing even this spoon-feeding research, may you rot in hell and be damned!

What infuriates me is that you guys are so freaking excited and worried about the Covid passport.

Now, do one more Deep Dig Research:

The Digital Dollar Lynchpin – ID2020

E-passports
Driver's licenses
Debit and credit cards
Transit passes
Health records

Your freaking life is now captured and store digitally!!! You are nothing more than a set of data, a "digit". **Without this digital ID, the "Digital Fiat Currency" cannot be implemented by all the Central Banks. All, no exceptions! Do I need to spell out in more detail or are you that freaking stupid?**

So, the 99% are idiots for not resisting and like the silly Idiot who protest too much, be assured that he / she is truly an idiot!

QED!
