

Matthias Chang's Statement - The Myth, Lies and Propaganda Of The Supposed Invincibility of the Zionist Anglo-American Deep State & Intel Apparatus

Preamble

I challenge any genuine Muslim / Islamic / Christian / Hindu / Buddhist government agencies / entities anywhere in the world to prove my statements are fake news and mere propaganda.

In the name of the Holy Quran, the Holy Bible, the Holy Bhagavad Gita and the Holy Dhammapada, I make this statement in full knowledge that I will tell the Truth, the Whole Truth and Nothing but the Truth and to face all consequences if proven that I had lied in making this statement. **You cannot prove me wrong!**

The Myths, Lies and Propaganda of the Zionist Anglo-American Deep State and the War Criminals

Following the surprise military attack on the Zionist Apartheid Israeli State last week, the Zionist Anglo-American MSM went full throttle / speed to project that the Zionist Anglo-American war criminals, inter-alia, the said military, the Intel Apparatus (CIA, MI6, Mossad etc.), and their technology to oppress, **are the most sophisticated and efficient, and none can challenge their invisibility!**

BS and all hype! To borrow the oft quoted cliché – Paper Tigers!

Why?

The Story of the Ship “Spirit of Rachel Corrie / MV Finch”

To tell the full story of my SECOND MISSION on **the Ship “Spirit of Rachel Corrie” cunningly renamed “MV Finch” to outwit the Israelis** would require a book of at least 300 pages.

The purpose of this article is to expose **the total Intelligence failure of the Mossad and Shin Bet of Israel, the CIA and the British MI6 and not about my Second Mission per se.**

Why should anyone be surprised by a such an utter failure, when the same Intelligence Agencies could not and did not get it right when the US, UK and NATO stated agenda was to destroy the Russian State totally by provoking a “hot” war and by the massive economic wars, commencing with sanctions and the daylight robbery of the Russia’s US\$ foreign reserves exceeding &500 Billion, and that Russia would be defeated in Ukraine.

All the above Intel which predicated the US, UK and NATO agendas were proven wrong and an utter failure. Ukraine has been defeated and Russia and her allies are victorious and a multi-polar world is heading for total success.

I never entertained such doubts and was confident (based on solid Intel that US, UK and NATO would fail) since Russia launched THE MILITARY OPERATION to de-Nazify and to de-Militarise Ukraine.

The same approach and the Intel gathered were instrumental in my preparation TO DELIVER HUMANITARIAN AID TO GAZA.

I was the Leader of the Second Sea Route Mission **to deliver humanitarian aid to the heroic Palestinians in Gaza, with a shipload of sewage pipes**, as the sewage system in Gaza was brutally destroyed and or damaged by the war criminals Israeli Zionists.

This Mission was supported by the Perdana Global Peace Foundation in Malaysia which raised the funds to facilitate the said Mission.

The Team Members gave an undertaking at a meeting chaired by Tun Dr Mahathir Mohamad, that the Team Members would leave Malaysia as One Indivisible Unit and return as One Indivisible Unit with none left behind – on the understanding “United We Stand!”

But we were betrayed! More of that later.....

To cut to the chase and to sum up the narrative, **I shall quote Wikipedia** (so, it is not only Matthias Chang’s words):

“The ship’s mission began on May 11, leaving from Greece, and was to deliver construction materials necessary to restore the sewage system. The ship broke the blockade and was within 400 metres of the Gaza shore before it was attacked with gunfire by the Israeli Navy. The Egyptian interim government refused the boat access to dock in El-Arish, leaving it stranded off the coast.”

“The MV Finch, also known as the Spirit of [Rachel Corrie](#), was a blockade runner staffed by anti-Israel activists from Malaysia, India, Ireland, and Canada attempting to deliver supplies to [Gaza](#) in May 2011 ahead of the [Freedom Flotilla Two](#) mission in late June.

*The Israeli Navy **has threatened the follow-up mission of Freedom Flotilla Two**, scheduled to have a fleet of 15 ships and boats along with 1500 activists. Israel also threatened [Inmarsat](#) if they provide satellite services to the group. **U.N. Secretary-General Ban Ki-Moon has called for it to be blocked.***

The corrections that I would make would be:

- (1) sewage pipes instead of “construction materials”;
- (2) “within 400 metres of the Gaza shore” should be approximately “100 metres instead, as we were sailing parallel to the shore, and we had intended to beach the cargo ship, if we were not allowed to dock and or fired upon or forced to sail away on the threat of the killings of the Team Members and the crew.”

We were at all material times unarmed and the cargo of **sewage pipes were examined and inspected by the Greek port authorities.**

The Flotilla was disallowed by the Greek authorities to depart for Gaza. But our ship “Rachel Corrie” cunningly renamed as MV Finch departed for Gaza, **with the Greek Authorities, CIA, MI6 and Mossad totally clueless and or confused with our strategies and tactics.**

To enter Gaza waters, we had to sail into the impenetrable “Security Zone” facilitated with the latest surveillance technologies and the so-called mighty Israeli navy and commandos. We were told that since 1948, no boats and or ships were allowed to enter the said “Security Zone” without the knowledge and consent of the Israeli authorities. From the shores of the Gaza strip, a few fishing boats were allowed to “fish” within permitted areas or zones. The Egyptian navy ensured that no boats and or ships could enter from Egyptian waters!

Against all odds and the strangle-hold of the so-called mighty Israeli navy and commandos, we succeeded and punctured the myths and lies, that no one can breach the Security Zone. We breached and entered the said security zone and demonstrated the utter failure of security by the Israel armed forces to prevent MV Finch from sailing into the zone!

We were all unarmed and had no military training or experience whatsoever. The crew were entirely Indians from India and they

had no prior knowledge of our ship sailing to Gaza. On being told of the mission, they never flinched and volunteered. The Captain and the Chief Engineer were Malaysians. I was so proud that our ship was commanded by Muslim / Malay Malaysians. For security reasons, I am withholding their names.

For security reasons, and without the permission of the heroic captain that commanded MV Finch, I cannot reveal the details of our operations.

The Israel Navy was caught napping and only attacked us with live fire on discovering, in the early morning, that we were heading to the Gaza Port.

It was only by a radio communicated threat BY THE FACIST ZIONISTS ON BOARD THEIR FAST ATTACK BOATS, THAT ALL ON BOARD WOULD BE SLAUGHTERED INCLUDING THE CREW, THAT I GAVE THE ORDER, WITH THE EXPRESS AGREEMENT OF THE CAPTAIN, THAT WE SAILED OUT OF THE SECURITY ZONE, AS I HAD NO MANDATE TO JEOPARDISED THE LIVES OF ALL ON BOARD.

What was significant and no one can ever deny the fact, is that we successfully penetrated the so-called impenetrable SECURITY ZONE.

The Egyptian Navy was compelled by the Israelis to escort our ship to their waters, some five nautical miles from the Port of El-Arish. And when we were safe in Egyptian waters, the commander and men of the Egyptian navy boarded our ship AND SALUTED US FOR OUR BRAVERY AND THE HISTORIC ENTRY INTO THE ISRAELI SECURITY ZONE. They gave us cigarettes and water and hugged us as “brothers” and “sisters” as there were two female activists, one from Ireland and one from Canada.

The Egyptian navy was in awe that we succeeded in the way that we did. They said that no one has ever penetrated the said zone, and for that matter a 10,000 ton ship and not a small sailing boat. Palestinian fishermen in the small boats celebrated our daring entry and were shot at by the Israeli navy. Fortunately, there were no casualties. God be praised for the miracle!

I will now quote from AFP on our second attempt to enter the security zone from Egypt, even as the Israeli navy has woken up to our breach and were armed and ready to attack again...

“A Malaysian aid ship that was warned off by Israeli naval forces from the Gaza Strip was attempting another landing Monday after being stranded in Egyptian waters for seven days, activists said.

"Matthias Chang, who is heading the mission for the Perdana Global Peace Foundation, told AFP by phone from the MV Finch that since being forced into Egyptian waters last Monday, they were prevented from docking at El-Arish".

"We have pulled our anchor and are now en route to Gaza. We had given the Egyptian authorities an ultimatum to let us dock by 2:00pm (1200 GMT) or we would set sail for Gaza but they did not respond," he said.

"We are now on the way to Gaza, and will face whatever the consequences," he said.

"We are almost out of food and water and have been stuck on this ship since last Monday, we have no choice," Chang added.

However, we were prevented from sailing to Gaza, a second time by another team of Egyptian Navy personnel and were forced to sail towards international waters, which from the bridge of our ship, we could see several Israeli naval crafts waiting to capture us or worse, slaughter us as they did to activists in Mavi Marmara in the first flotilla attempt in 2010 in international waters. This time we were all ready to die for the Palestinian cause. We knew our fate and no one told me or the captain to surrender and turn back.

God works in mysterious ways..... our engine and propellers broke down and no one knew why. It was so sudden!!!

Then the Egyptian Navy was ORDERED Prime Minister of Egypt to escort our ship to El-Arish to avoid an international incident that Egypt was responsible in forcing our ship to be attacked and members killed by Israeli scumbags in international waters.

A Footnote on Betrayal and Cowardice

Reminder: When we were first attacked by the Israeli navy in the security zone, we contacted by satellite phone, the pre-arranged "Land Team" stationed in Amman, the capital of Jordan for assistance. We were told that the entire team flew back to Malaysia **ON RECEIPT OF THE NEWS THAT WE WERE BEING ATTACKED BY THE ISRAELIS.**

A Summary: Thereafter, in I all my communications to the relevant people, I used every foul word and language to express our team's disgust for the betrayal and cowardice. No apologies!!!!

But, these cowards complained to Tun Mahathir that **I HAD USED FOUL LANGUAGE** against them. My short retort: Had your own sons and daughters on board MV Finch were so betrayed, the traitors would be shot or prosecuted if any Malaysian laws were applicable! Till today, I have yet to receive an apology for the cowardice and betrayal.

Conclusions

We salute the courage of the Palestinians in opposing and resisting fascist and apartheid Israel.

There are now THREE INSTANCES OF UTTER FAILURES OF THE INTELLIGENCE APPARATUS OF ISRAEL, USA AND UK as EXPOSED and explained in the above paragraphs.

So, stop believing the lies and propaganda of the global MSM, the barking dogs of the Global Deep State.

Do not soil the integrity and courage of the Palestinians and the entire team of MV Finch, inspired by the heroic Palestinians. Do not!!!!

Until Total Victory..... Inshallah !!!!!
