

Desperate Demographics Warfare!

By Matthias Chang – Future Fast –Forward

Introduction

Demographic Warfare (“Border Warfare”) is essentially the means of controlling the narrative as to who can be “selected” to lead a country when the economy is in a mess and demand for cheap labour cannot be sourced from the local population. It is legalised “human trafficking” and paedophilia on a global scale.

Why do you think both sides of the political divide are in a frenzy over this issue, when the history of all economies have been grounded on “controlled immigration” as a source for cheap labour and guaranteed votes in any election?

But, no one dares talk or write about one of the most sinister consequences of war – the **“controlled” influx of refugees**, the legitimisation of all wars unleashed by war criminals, and the false narrative of “upholding human rights” when providing shelters for the said refugees, when the hidden agenda is sheer exploitation (though perceived otherwise by the brainwashed populace).

This has happened in Iraq, Libya, Syria, Afghanistan, Yugoslavia and is happening in Ukraine and soon the countries in South-East Asia when War starts in Taiwan and for control of the South China Seas!

Imperialism and “Settler Colonialism” can only survive and thrive when “controlled immigration” is implemented as a policy for the management of the labour needed for the exploitation of the country’s agriculture and mining resources.

Immigration Wars

The conquest and oppression in the then Malaya by the British would have failed but for the massive importation of cheap labour (“coolies”) from China and India to sustain the colonial economy!

Likewise, in the early days of the “opening up” of America, slaves from Africa bore the burden of cheap labour in the agriculture sectors, while the European poor dominated the ranks of urban industrialisation. From a strict economic point of view, the US Civil war was about the control and movement of cheap labour when demand in the Northern States outstripped the supply needed for the massive industrialisation that enable the United States to compete with the economies of Europe and became the dominant economic and military power at the turn of the 20th century.

China, using the “Purchasing Power Parity” (PPP) yardstick has taken over the United States as the “Number 1 Economy” in the world. The US has already conceded that China is the biggest threat to the US and cannot compete

effectively without cheap labour across all sectors, more so when the entire manufacturing base has been outsourced to countries of the “Third World” / “Developing Countries” such as China, India, Vietnam and Africa.

Why did the US have the “Africa Command” and the expanded “Indo-Pacific Command”? Do I need to spell it out?

Saturation Point

The sub-title is a misnomer but it serves the purpose of illustrating that the Deep State cannot afford a more intensive and extensive exploitation of the “Afro-Americans” (I hate the term “Black”) without risking an uncontrollable backlash of massive urban uprising and warfare. What the world witnessed in the early fascist years of the Biden regime – the destruction and violent riots in the urban areas USA, prove beyond a shadow of doubt there is but only one option.

Massive immigration (legal and illegal) and the dominance of the drug cartels doing the same deal as the CIA did with the MAFIA during WWII and thereafter under “Operation Gladio” to counter the Soviet Union in Europe!

The drug wars are scams and a brutal and sinister policy to drug the unemployed and dissatisfied populace to oppose and resist the Deep State. The entire Intelligence Apparatus (CIA etc.) controls the cartels, supplies the arms and tolerated the network to spread their tentacles for total control!

See also the CNN coverage – **“Operation Fast and Furious” - from 2009-2011, the Phoenix Field Division of the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), along with other partners, allowed illegal gun sales in order to track the sellers and purchasers, who were believed to be connected to Mexican drug cartels.**

During the Fast and Furious investigation, nearly 2,000 firearms were illegally purchased for \$1.5 million, according to a DOJ inspector General report. Whistleblowing led to investigations by the Senate Judiciary Committee and the House Oversight and Government Reform Committee. During the House investigation, Attorney General Eric Holder was cited for contempt.

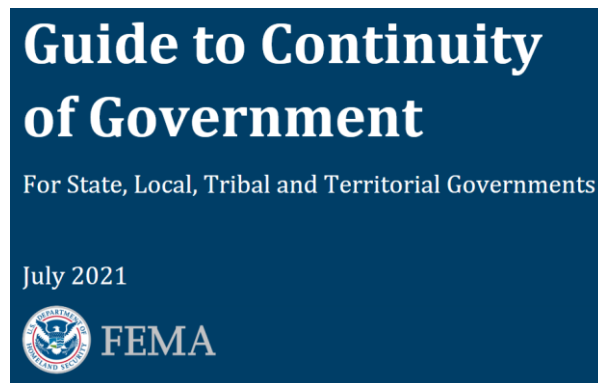

Another nightmare: When NATO provokes a war in Europe, where would the war refugees go??? For sure, not to look for jobs as cheap labour but, as escapees from the massive bombing and artillery destructions as happening in Ukraine and yet NATO and Biden insist on continuing the war.

Already more than 5 million Ukrainians have flooded Europe to escape the war carnage – more than 500,000 dead and more wounded.

If you do not believe the above statements, you are blinkered and a fool.

Another frightening observation is that Biden has agreed to the policy of recruiting illegal immigrants into the army to address the shortfall in recruitment targets. More importantly, the US Deep State knows that it is fatal to rely on Americans soldiers to kill (murder) fellow Americans. **But it would be different, if Illegally immigrants are inducted into the ranks of the military and deployed to the domestic front lines to suppress domestic rebellions (within and out-side the ranks of the military). This is a given! Period!**

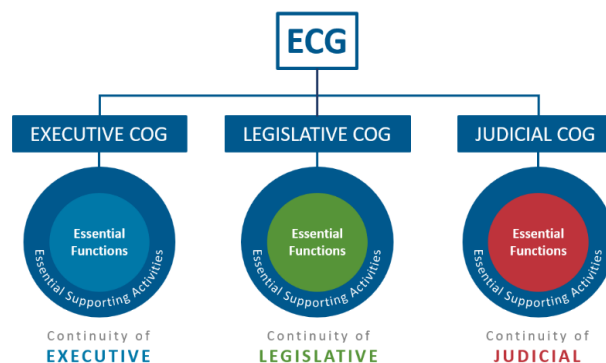

All governments have contingency Plans – e.g. FEMA for the Continuity of Government.

As detailed in FEMA National Continuity Program’s Continuity Guidance Circular¹, our nation’s resilience is based on continuity of operations (COOP), continuity of government (COG), and enduring constitutional government (ECG) programs, which collectively provide resilience for the performance of the National Essential Functions (NEFs). The sinister operations are dressed up in impeccable “Queen’s English”, asnd now “King’s English” as Charles is now the King.

They have prepared for all scenarios and all options are on the table, but arseholes are still sleeping! And if you have not read the Guidelines, shut the F...UP and do your homework! We have no time for idiots!

Enduring Continuity of Government (ECG)

Let me remind YOU, what a former President of US and other leaders have said:

“In politics, nothing happens by accident. If it happens, you can bet it was planned that way.”

Franklin D. Roosevelt

“It is enough that the people know there was an election. The people who cast the votes decide nothing. The people who count the votes decide everything.”

Joseph Stalin

“Politics is war without bloodshed while war is politics with bloodshed.”

Mao Zedong

All wars are politics with bloodshed, no exception. Demographic wars are wars with bloodshed.

Tell the women and children (illegal immigrants) raped, molested and then murdered by cartels bringing them to USA are wars without bloodshed, if you dare!

Parting Words

I hope that you will use your grey matter and apply what I have written to your country.

I will not say in this article which country’s immigration policy was a “test case” for the same to be copied and adopted in the West, especially in the US. Examine the recent history and you may just draw the right conclusions....
