

Read Between The Lines: Provoke Tension - Crisis; Provoke False-Flag Operations - Crisis; Provoke Bloodbath - Crisis; Why? To Maintain Political Hegemony

By Matthias Chang – Future Fast-Forward

Power hungry politicians' template for sustained power and control is based on a simple political mantra – provoke, provoke and provoke a crisis until there is a clamour for “stability”, “solution to stop the madness”, “security” and the “surrender” by the idiotic governed masses of their hard earned freedom for the illusion of “peace” - even if there is a need to unleash a war against contrived domestic and external enemies!

This template does not work anymore. It cannot work anymore!

Why?

The HEGEMONIC political power and control whether global, regional or national is dying – the trend is towards total collapse, the power infrastructure is fractured, broken and the “power system’s shelf-life” – either expired or going to expire in the not too distant future!

In most cases, the body politics has been ravaged by a fatal disease and there is no cure.

But, this scenario is not within the comprehension of the politicians in governments, because of the years of addiction to power - more heinous and destructive than drug addiction. Nothing matters so long as they can exercise control and power, even when the political leaders have little and or declining support.

This decline is staring at our faces – provocations after provocations, crisis after crisis but fortunately the temperature has not reached boiling point. And the political leaders are pissed off, desperate and have concluded that there is nothing to lose by playing the last card in the “political suicide poker” game:

- **Provoke the Covid19 Plan-demic, a crisis to cover up the financial mess and to buy time. Did not work!**
- **Provoke a financial war to consolidate power on the assumption that they will win - via sanctions, trade tariffs, currency wars etc. Did not work! Boomeranged!**
- **Provoke a “regional / proxy” war on the assumption that the enemy would be defeated within a few months. Did not work! Their enemy**

has become much stronger. The concept of Unipolar or Monopolised political power has lost its relevance.

- **Provoke the racial, religious and sectarian divide and rule policy by the exploitation of demographics / immigrants to incite “societal tensions”, “border wars” and “false flag terrorism”. Did not work!**
- **Provoke a double whammy – financial collapse and nuclear war as the last card to brainwash the electorate to submit to their agenda in exchange for security and stability. Will not work!**

In each of the provocation scenarios, the elites (the 1% of the population) are relying on and in fact have relied on the rogue elements (the Black Hats) of the Intel Apparatus to do the dirty work. The Elites by themselves do not have the training and the expertise. The Black Hats of the Intel Apparatus are the “guns for hire” and they have been given the financial means to carry out the criminal deeds!

The **SOP** is the use of **brainwashed gullible cannon fodder**s.

To name two examples:

- 1) **Zbigniew Brzezinski** long ago revealed that on July 3, 1979, unknown to the American public and Congress, President Jimmy Carter secretly authorized **\$500 million to create an international terrorist movement that would spread Islamic fundamentalism in Central Asia and "destabilise" the Soviet Union... The CIA called this Operation Cyclone and in the following years poured \$4 billion into setting up Islamic training schools in Pakistan. Young zealots were sent to the CIA's spy training camp in Virginia, where **future members of al-Qaeda were taught "sabotage skills" - terrorism.****

Others were recruited at an Islamic school in Brooklyn, New York, within sight of the fated Twin Towers. **In Pakistan, they were directed by British MI6 officers and trained by the SAS. The result, quipped Brzezinski, was "a few stirred up Muslims"!**

The Wall Street Journal declared: "The Taliban are the players most capable of achieving" peace". Moreover, they were crucial to secure the country as a prime trans-shipment route for the export of Central Asia's vast oil, gas and other natural resources."

No American newspaper dares suggest that the prisoners in Camp X-Ray are the product of this policy or that it was one of the factors that led to the attacks of September 11.

Nor do they ask: who were the real winners of September 11?

The day the Wall Street stock market opened after the destruction of the Twin Towers, the few companies showing increased value were the giant

military contractors Alliant Tech Systems, Northrop Grumman, Raytheon (a contributor to New Labour, UK) and Lockheed Martin.

There is terrible irony at work here. The humane response of people all over the world to the terrorism of September 11 has long been hijacked by those running rapacious great power with a history of terrorism second to none. Global supremacy, not the defeat of terrorism, is the goal; only the politically blind believe otherwise.

- 2) **Timber Sycamore** was a classified weapons supply and training program run by the United States Central Intelligence Agency (CIA) and supported by some Arab intelligence services, including Saudi intelligence. The aim of the programme was to remove Syrian president Bashar al-Assad from power. Launched in 2012 or 2013, **it supplied money, weaponry and training to Syrian opposition militias fighting al-Assad's forces in the Syrian civil war.** According to US officials, the program was run by the CIA's Special Activities Division and has **trained thousands of rebels. President Barack Obama secretly authorized the CIA to begin arming Syria's embattled rebels in 2013. The program became public knowledge in mid-2016.**

US Marines and Jordanian Army soldiers collaborated in Amman, Jordan. CIA director **David Petraeus** first proposed a covert program of arming and training rebels in the summer of 2012.

Timber Sycamore began in late 2012 or early 2013, and was similar to other Pentagon or CIA-run weapons routing and training programs that were established in previous decades to support foreign rebel forces.

Greg Miller and Adam Entous of *The Washington Post* stated that:

"The operation has served as the center-piece of the U.S. strategy to press Syrian President Bashar al-Assad to step aside."

The program's principal backers were the United States and Saudi Arabia, but it was also supported by some other regional Arab governments, and by the United Kingdom. While Saudi Arabia provides more money and weaponry, the United States leads training in military equipment. The program was based in Jordan, due to that country's proximity to the battlefields in Syria.

The CIA helped arrange some of the arms purchases for the Saudis, including a large deal in Croatia in 2012. A classified US State Department cable signed by Secretary of State **Hillary Clinton** reported that Saudi donors were a **major support for Sunni militant forces globally**, and some American officials worried that rebels being supported had ties to Al Qaeda.

The existence of Timber Sycamore was revealed by *The New York Times* and *Al Jazeera* in June 2016, after *Jane's Defence Weekly* reported, in late 2015, that the US Federal Business Opportunities website was soliciting contracts to ship thousands of tons of weapons from Eastern Europe to Taşucu, Turkey and Aqaba, Jordan.

It must be apparent to all of you that **the pattern** of the clandestine conspiracies is structured on certain assumptions. So, what are your conclusions? I challenge you to provide the answers to the questions below.

Ask the following questions:

- Why are the Western Intel Apparatus focusing on Sunni Muslim leaders in the Middle-East and elsewhere?
- Why are the Sunni Muslim leaders so willing to comply with the demands imposed?
- Why did the Western Intel Apparatus referred to above, created terrorist organisations manned mainly by Sunni Muslims?
- Why are so much weaponry purchased, distributed directly or indirectly (e.g. via Black Markets) by the Middle-Eastern countries and used and directed at Muslims, slaughtered in the hundreds of thousands?
- Why do the Western Intel Apparatus find it so easy to provoke and exploit Muslim terrorists to serve their nefarious agendas?
- Why, when there is an unprecedented genocide in Gaza, no Sunni Muslim nation dare retaliate against Israel, other than announcing via press statements and speeches, their so-called condemnation of the atrocities?
- Why are the various resistance forces (e.g. Hezbollah, Hamas etc.) against US, UK, NATO and Israel are mainly from the ranks of Shiite Muslims?
- Why are the genuine defenders of Islam taking arms against the Zionist Anglo-American hegemony, smashing the myths of the might of the hegemony and willing to die for Allah but, not the Sunni Leaders?
- Why are the Zionist Anglo-American Hegemon protecting the Sunni Muslim leaders only But, are hell bent on unleashing wars against the Shiite Muslims Resistance and Iran?

In the Preface to their book, “**Whiteout**”, Alexander Cockburn and Jeffrey St. Clair, with the courage of their convictions wrote and I quote:

“We do not accept the separation of the CIA’s activities from the policies and directives of the US government. Whether it was Truman’s meddling in China, which created the Burmese Opium kings; the Kennedy brothers’ obsession with killing Castro; or Nixon’s command for ‘more assassinations in Vietnam’ the CIA has always been the obedient executor of the will of the US government, starting with the White House...”

“Whiteout is a record of courageous men and women who would have no truck with such conduct or with any cover-up...”

There were so many of them (White Hats) but I will just mention one name for obvious reasons – **Al McCoy**, who put his life at risk in Southeast Asia and produced perhaps **the finest book on the Agency and its relationship with drug traffickers.**

Why Southeast Asia, you may ask?

This is a short article to illustrate to all of you how the Western Intel Apparatus “trained, finance and armed” their clones throughout the world.

No terrorist activities in the world are orchestrated without the knowledge of the Western Intel Apparatus since they control each and every terrorist organisation – more so, Muslim Terrorist Organisations in connivance with Muslim leaders of the Middle-East etc. as exposed above.

Please, do not be naïve, open your eyes and be ever loyal to your King, Country and your Constitution. Expose the crimes!
