

What Malaysians Must Know and Understand About Iran's Strategic Victory Over Israel

By Matthias Chang – Future Fast-Forward

- **Israel has been defeated in every sense of the word.**
- **The myth of Israel Military's strength has been smashed to smithereens.**
- **The US hegemon and vassal allies are in full panic mode.**
- **There is now a "new global equation" in geopolitics (Global Chessboard).**
- **It has been exposed that the US's Military Industrial Complex (MIC) will only "die" for Zionist / Talmudists, but not even the Ukrainians.**
- **The Talmudist global bankers own US / UK. Period!**

In summary, Malaysian junk-heads need only to know and accept the realities as exposed in the above bullet points! If they don't, they need to have their grey cells examined.

The below bullet points amplify the above bullet points.

- Israel cannot even defend itself, because the US / UK military have to fight for Israel and intercept the drones, missiles etc. Saudi and Jordan sheepishly and quietly assisted Israel in the intercept as expected of traitors and hypocrites. Iran was even willing to warn **in advance the targets** of Iranian's response to "**control**" the escalation to a future huge war in the region to prevent massive civilian deaths. The Arabs were warned that they cannot allow the US bases in their country to be involved. Iran did not target civilian infrastructures, only military targets! Use your thick heads as otherwise there would have been massive civilian destructions and casualties. The best Israeli systems **could not defend and protect** the **chosen and targeted Nevatim and Ramon air bases**, even after receiving advance warnings. Soon, very soon freaking **Talmudists will run away** from Israel to USA and UK, as they have dual citizenships.
- **Israel military** can only kill and slaughter unarmed civilians in Palestine and **are hot-air bullies** and were defeated by the braved Hamas military. The Israeli soldiers cannot survive in an actual war as happening in Ukraine. No way! All previous Arab armies were dud armies and useful as **"customers" for f...cked up and expensive military toys**. Since, you guys have no technical expertise, just know that whatever anti-missile systems etc. deployed by Israel, US, UK and NATO are ineffective and can only shoot down drones ... Arseholes!!! What is the speed of the fastest drone? If you don't know, do your bloody research. You are bloody suckers! **Swarm of drones diverted the system and expensive missiles were used to destroy drones.**

- **NATO is f....cked** and their soldiers “dressed up as mercenaries” were slaughtered, like sitting ducks by the Russians in Ukraine. No such mercenaries dare fight anymore, as they ran away from the battlefields, clutching their dicks! **Sex is more important to these bastards!**
- **Zoolynsky is cursing and shitting bricks** because **US, UK and NATO are not willing to fight “officially” on the ground in Ukraine** (but hide and dressed up as mercenaries) but fought openly for the Talmudists and Zionists. **Nazi Germany conquered whole of Europe in a matter of a few weeks** before attacking the then Soviet Union in WWII. **US intervened after the Soviet army defeated the Nazis in the Eastern Front (after the Battle of Stalingrad).** Read my previous articles. Malaysian arseholes being lazy screwed-ups would not and could not be bothered and continue to be ignorant and gullible.
- **Israel, Qatar (HQ for US Central Command) and Saudi Arabia (the “Land” aircraft carriers, as well as Singapore, the Island aircraft carrier)** can no longer behave as the bullies in the respective regions. The protection monies were wasted, because Iran, Hizbullah and Hamas shouted to the whole bastardly world – **the “US Emperor has no clothes, is stark naked with a shrivelled dick”!**
- This is the new equation! Metaphorically the **US Sheriff and his deputies are firing blank bullets.** The pivot to Asia is all psychological warfare and idiotic Japan and the Philippines (with their heads between their legs) still believe in US supremacy. No more!
- **Monopolistic power and structures are kaput.** This will apply in all circumstances, without exceptions – globally, regionally and domestically. Monopoly structures are inherently self-destructive. Settler-colonial policies, oppressions, exploitation of demographics (human trafficking) are on borrowed time. Open your eyes!
- If I may quote Pepe Escobar,

“The performance of the much vaunted Iron Dome, Arrow-3 and David Sling – aided by F-35 fighter jets and the US and UK naval force, was not exactly stellar. There was no video of the ‘outer-layer’ Arrow-3 system shooting down anything in space ... Israel is absolutely mum on the fate of its Golan Heights Intel Installation hit by cruise missiles...”

“Amidst classic fog of war, it is irrelevant whether Tehran launched hundreds or dozens of drones and missiles. Regardless of NATOstan media hype, what’s proven beyond the shadow of doubt is that the supposedly ‘invincible’ Israeli defence maze – ranging from US made AD / ABM systems to Israeli knock-offs - is helpless in real war against a technologically advanced adversary...”

I stated the absolute truths even as the attack by Iran was on-going. The above just reinstated what have been exposed.

Do I need to say more? Maybe Malaysians are still wanking away! So sad!
