

Whoever Says / Write The Truth Stated Below Will Be Demonise In More Ways Than One!

By Matthias Chang – Future Fast-Forward

My Faith in HIM tells me that I **WILL BE PROTECTED FOR EXPOSING** this TRUTH and all my enemies will GET THEIR KARMA TRYING to demonise me!

All Criminal & Corrupt Financial Interests will COLLAPSE But the POOR and the B40 etc. will rejoice and celebrate that there is a way out of the horrible poverty and humiliation that they have suffered for years!

What Am I referring to?

So simple, it will blow your minds

Only vested interests – all criminal political power addicts, economists, bankers, financial advisers and the “bought and paid for politicians” will condemn me and say that it cannot be done at all. BS!!! If the Hat fits you, put it on! I dare them to debate with me!

(1) Killing two birds with one stone

ALL CASH SALES FOR ANY PRODUCTS AND SERVICES BELOW RM 1,000.00 WILL NOT HAVE SERVICE AND OR SALES TAX.

F...K GST! No GST for B40 etc

F...K Credit Card Debts!

Overnight, poverty will be reduced, debts will be reduced, corrupt financial power curtailed.

Central Bank “CBDC” currency will be severely restricted and more importantly, **no abuse of the Evil of money printing (digital or otherwise).**

There will be a dramatic growth in our economy – sales, profits and welfare of employees in SMALL and MEDIUM size enterprises will thrive and increase.

Inflation will collapse because traders / companies of all products and services will not artificially “create” price increases to survive

The Ringgit as a currency will strengthen, **NO NEED** to HIKE interest rates because there is a genuine demand for our currency / CASH.

(2) **Housing Is A Human Right, Not A Luxury**

All transactions relating to the sale and purchase of houses / homes **NOT EXCEEDING** the price of **RM300,000.00** will have no sales / service tax whatsoever!

Affordable Housing was a **BIG LIE** and the **opportunistic politicians** have misled the Rakyat that affordable housing will be available. The term "Affordable Housing" has disappeared from the political propaganda of the opportunistic politicians. But, it is economically and financially viable!

There are enough **State Lands** in the cities and throughout the country to be granted **FREE** for the development of Affordable Housing and the price **CANNOT** exceed **RM 300,000.00**. All State Government **MUST PLEDGE** and **COMMIT** to this policy. I guarantee that this can be implemented immediately! I dare any politician to debate with me.

And much more!

The above will scare the shits of all the criminal financial harlots and opportunistic politicians!
