

Ancient Secret Wisdom Received From Distinguished Teachers & Others

By Matthias Chang –Future Fast-Forward

Caveat

You and I (all of us) are flawed! So, please don't ever strut like the peacock or you will end up **thoroughly cocked-up**.

I wrote an article and shared with you yesterday,

“Matthias Chang – Crony of Tun Mahathir, A Fake, A Bastard, A Scumbag And A Fraud But ... No One Dares Accept His Challenges!”

Good luck to you if you are **not flawed** and you **are pure** as the proverbial virgin.

Ancient Wisdom – Part 1

There are many ways and paths in understanding ancient wisdom. But, many who are “members” of the ancient wisdom, do not bother to practice what have been imparted but indulge in destructive activities. They are idiots.

It will suffice to state that I **was** a member (until my enemies conspired against me) and have no regrets:

- Rose Croix
- Great Priory of the United, Religious, Military and Masonic Orders of the Temple and of St. John of Jerusalem, Palestine, Rhodes and Malta of England and Wales and its provinces Overseas
- Founder and Master of a “Blue” Lodge
- Royal Arch Masons
- Mark Master Masons
- The Secret Monitor

I was a special guest of the former Pro Grand-Master, Lord Northampton, 7th Marquess of Northampton (affectionately, “Spenny” by his friends) and stayed at his sprawling estate, and this led to the infantile masonic dissidents to conspire against me. Long story! They are disgraced and long gone but I am still around.

Ancient Wisdom – Part 2

Thirty five years ago I had the privilege to be a disciple and part of the lineage of the Masters of the Yan Shou Qong (the Holy Grail of Wushu). I had receive the secrets and wisdom from Grand-Master Chee Kim Tong and his first disciple, Grand-Master Yap Cheng Hai.

It is often said that you cannot find a Wushu Master but it is your destiny when a distinguished Master accepts you as his disciple, when a person has demonstrated humility, dedication, discipline to pursue a life-long journey to receive this ancient wisdom.

It takes a life-time to master a particular school of Wushu, and very few disciples would dedicate their entire life to be elevated to the rank of "Master". And so for centuries, Yan Shou Qong was practiced only by the very devoted and dedicated Masters and their selected disciples.

Matthias - Tun Mahathir's Crony

What a stupid and idiotic assertion. In writing the book, "The Qi for Longevity" as directed by Master Yap Cheng Hai, I had stated in the Acknowledgement to Tun Mahathir that,

"... I find it strange, in fact bizarre that students of political science in internationally renowned universities (as well as practitioners) in Malaysia have not adopted his memoirs as the textbook. Had these so-called political science students and teachers (professors, lecturers, consultants etc.) contemplated and meditated deeply on his practice and writings, they would have come to the inevitable conclusion that Tun is a political strategist second to none. Those who have shown contempt of his political acumen have all paid a heavy price. Go figure it out."

Adding insult to injury, infantile politicians poured scorn on Tun Mahathir and denied that he is a "Malay" leader but he has been elected President of UMNO as well as the Prime Minister of the country for 22 years by the same numbskulls!

The problem is that these arseholes can only see the flaws and not the successes and could not achieve or reach the heights that Tun Mahathir has accomplished! The country has been going downhill since his retirement in 2003. This is notwithstanding that Tun Mahathir became the Prime Minister a second time in 2018. The Pakatan Harapan failed the country by not pulling their weight in tandem, because they were conspiring to remove him as the Prime Minister - f#@ked up arseholes!

If truth be told, I am glad to be referred to as a crony of Tun Mahathir. I observed and studied political strategies at the highest political level which no universities can ever impart to their students. And we have infantile upstarts assuming that they are the experts in political strategies!

Malaysia is fractured and failing! Period!

Tun Siti

It would be utterly irresponsible and remiss of me not to mention the "**most powerful whisper**" in politics for over 22 years and continuing – **Tun Siti**, the loyal and indispensable wife and colleague of Tun Mahathir.

If you arseholes don't understand and appreciate the power of her **WHISPERS**, then you know nothing (F#@k all) of politics!

All women, after Tun Siti, who accompany their husbands in the power structures are absolute failures – nagging and arrogant numbskulls!

There is a close second and in her own right, as a leader and ranking minister. **It is none other than Tan Sri Dato' Seri Rafidah binti Aziz.** Male politicians are pygmies when compared to her. She put infantile politicians in their places with just a whisper and if need be, a penetrating glare.

Is it any wonder that Tun Mahathir has been so successful?

Women power in full display!

Need I say more???

An Incredible CEO

There are CEOs and CEOs. One stands out, head and shoulders above others because this CEO helped transform the national economy and assisted Tun Mahathir in realising his dream. I need not mention his name. He is a Tan Sri but not of the peacock pedigree! He is so humble and talented but unfortunately, Malaysians have yet to show their appreciation.

I will give a hint.

The automotive industry owes him a mountain of gratitude and what he did was so extraordinary - the nation's company that he led was a **CASH COW** and put Malaysia on the global map as the **first developing country to produce its own car!** Not even Singapore dare venture into this uncharted territory.

But, after his absence, following Tun Mahathir's retirement and the idiotic change of the political landscape, the infantile management that took over the company **RAPED AND DRAINED THE CASH COW** in less than a year.

He is in poor health and I wished him a speedy recovery. He has been a great friend and a corporate mentor. Malaysian have no such CEOs at all. Sad!

I am too tired to continue but I am sure they you get the drift of what I am exposing.

I am scratching the bottom of the barrel to find worthy successors to make Malaysia whole and united again.

The above is the benchmark and the high standards which the country must aspire and achieve.
