

The Global Hidden Powers That Controls The Intel Apparatus That Controls The Country.

By Matthias Chang – Future Fast-Forward

Part III

Caveat

This article – Part 1 to Part III has been written mainly for Malaysians whose attention span is hardly more than five minutes, have been spoon fed for decades, brainwashed and subservient to foreign powers. Therefore, do not expect too much from Malaysians to research and be informed that the history they have “learned” is so distorted as to be worthless.

But, what is really repugnant to me is the hypocrisy of the Malaysian establishment in their so-called condemnation of Israel's genocidal war against the Palestinians but, their total silence and subservience to the US / UK Deep State for the brutal and wanton slaughter of the innocents when the then Malaya was under British Colonial rule and thereafter, in WW II, in the Korea War, the nuclear destruction of Hiroshima and Nagasaki, the Vietnam war, Iraq, Libya, Syria, Afghanistan, the death squads in South America and the racist oppression and apartheid in South Africa, supposedly to establish freedom and democracy.

Currently, there are Malaysian politicians who have and are receiving funds from the National Endowment for Democracy (NED) the front of the US Intelligence Apparatus and its affiliates. In 1991, the founder of NED Alan Weinstein in an interview with the Washington Post admitted that what NED was doing was what the CIA had done 25 years ago. NED has a long history of instigating and funding colour revolutions against "hostile" countries.

Therefore, I have decided to provide the bare minimum of irrefutable facts (by way of Bullet Points) to provoke Malaysians to do the minimum research and joint the dots. If truth be told, 99.9% of Malaysians would not know at all what I am disclosing in this Part (III) of my article.

The 2nd Paragraph Above Refers

United States Army Air Force Supreme Commander General Curtis LeMay, declared: 'There are no innocent civilians...So it doesn't bother me so much to be killing the so-called innocent bystanders', after which he dropped two atomic bombs on the already defeated Japanese Empire killing hundreds-of-thousands more men, women and children—a declaration followed by United States Secretary of Defense Robert McNamara revealing 20 years later: 'LeMay said if we'd lost the war, we'd all have been prosecuted as war criminals... And I think he's right'.

Recently, retired United States Joint Chief's Chairman General Mark Milley on YouTube revealed ... 'Before we all get self-righteous about what Israel is doing, and I feel horrible for the innocent people in Gaza dying, but we shouldn't forget that we United States killed a lot of innocent people in Mosul, in Raqqa, that we the United States killed 12,000 innocent French civilians ... And here we are on the 80th anniversary of Normandy, on the prep fires for Normandy ... We destroyed 69 Japanese cities, not including Hiroshima and Nagasaki ... We slaughtered people in massive numbers, innocent people who had nothing to do with their government, men, women and children.'

I rest my case! Need I say more?

Bullet Point Summary

Webster G. Tarpley advised inter-alia, ignorant people who like the spoon-fed and brainwashed Malaysians that:

“There is no better way to gain insight into such matters than through the study of the history of the Venetian oligarchy, the classic example of oligarchical despotism and evil ...”

- Research the history of Venice and the Venetian nobles and merchants.
- Research how the Venetians became the ‘Intel Apparatus’ of the Mongol Army of Genghis Khan.
- What was the SOP of Venetian Intel Apparatus?
- What role did Paolo Sarpi (the Chief of Venetian Intelligence) play in the hostility towards science?
- Research the ascendancy of the “Black Guelphs” and the evolution to what is more commonly referred to as “The Venetian Black Nobility” (which has nothing to do with the ‘Black’ race).
- Research the Venetians and the 4th Crusade.
- What is the relevance of Shakespeare’s “Othello” and the “the Merchant of Venice”?
- What did Machiavelli wrote about the Venetian nobles and merchants?
- What do you know about the Jesuits, Ignatius of Loyola and the Venetian Gasparo Contarini?
- What influence did the Venetian Black Nobility have over the Royal Families in Europe and specifically in England?
- Prime Minister Benjamin Disraeli wrote: “The great object of Whig leaders in England from the first movement under Hampden to the last most successful one in 1688, was to establish in England a high aristocratic republic on the model of the Venetian William the Third told Whig leaders, ‘I will not be a doge.’... They brought in a new family on their own terms. George I was a doge; George II was a doge.... George III tried not to be a doge.... He might try to get rid of the Whig Magnificoes, but he could not rid himself of the Venetian constitution.”
- Research - The English parliamentary system of government was modelled explicitly on the Venetian system of the Great Assembly and

Senate that controls the doge. England officially in 1688 became an oligarchy.

- What were the links between the Venetians and Amsterdam in relation to banking? Was the Amsterdam Bank the “first central bank” of the world?
- What are the connections between the “East India Company” (i.e. the Dutch and British) and the drug trade?
- What are the links between the East India Company and modern banking, the Bank of England, Bank of International Settlements and international espionage?
- Research the British Intelligence of Shelburne and Bentham.
- Research the history of the Cini Foundation and the Societe Europeene de Culture (SEC).
- What are the connections between the Venetian Black Nobility and the present global world order?
- What are the present Royal Bloodlines that can be traced back to the Venetian Black Nobility?
- What is the Knight of Malta (the Sovereign Military Order of Malta)?

The above Bullet Points demand a lot of time and research for the dedicated few. So, how do you expect me to write an article encompassing all the bullet points referred to above when Malaysians have an attention time of five minutes? It would be an exercise in futility.

I am confident that if and when you embark of the research on the above topics, you will know who are the Hidden Powers and their agendas. It will not be the complete picture as you have to “join the dots” connecting each bullet point to arrive at the correct conclusions.

I will conclude by quoting my late friend, Michael Collins Piper, one of the few historians who dare write the painful truth that the research will be,

“An unsettling, unexpurgated exploration of the dark side of the power structure that misrules America and our world today ... will not only learn some new things but, more importantly, that you will be able to find a few nuggets – dare I call them “gems” - that you can pick up and use for your own purposes. As I said, it is a cooperative effort, so ... Go to it.”

The quotation is Mike’s Preface to his book, “The Caiaphas Complex”.

I did not have any Bullet Points to guide me, so be grateful that I have given you some guidelines.

Your choice is simple - to be brainwashed or be a genuine truth seeker.

Food for Thought

When the US and UK are glaring examples of ***oligarchical despotism*** can Malaysia be called a democracy?
