

Whisper's 15th Meditative Insight To The World – Groundlessness

Shared by Matthias Chang

Whisper's 14th and today's 15th Meditative Insights must be read together.

Whisper continued what she had shared with me on **ANCHORS** with the following insight.

“Matthias, the wars and genocides can only happen when the perpetrators are not **ANCHORED** in **Faith** in **HIM**. The **perpetrators are in ‘groundlessness’**, floating in the realm of Evil.”

“All these criminals are the followers of a false scripture that says there is **no GOD or CREATOR**. That Evil Book teaches that **only the followers** of this false teaching have all the power and all else (people and even animals) are subordinate and must serve them.”

“Let me warn you for the first and last time. Do not follow these criminals. They can never cross over to the Spiritual Realm. Their suffering is beyond any imagination and each reincarnation is a curse and damnation for when they die and are resurrected, their souls are in a living ‘hell’ from which there is no escape.”

“In your world, and before you can cross over, you need the **ANCHOR OF YOUR FAMILY – specifically, the MOTHER** of your family. This teaching and insight is so counter intuitive, that many even women will find it hard to accept.”

“In a time, long ago, there was once when the **Mother was supreme and the earth was bountiful**. The society was Matriarchal. Then, men became supreme and women were forgotten.”

“It is **forgotten**, even as in your language there is a reference to **MOTHER EARTH**. How can your people be so stupid **to reject this fundamental truth?** Meditate on **‘MOTHER’** and slowly but surely, there will be an awakening, and **all children** will be **born of PURITY** and can never be slaughtered, murdered or sacrificed as an offering.”

“The Mother is the ‘Creator’ in your world **as ordained** by HIM”

“In one of the Holy Scriptures, there is even mentioned a woman, the most blessed of all women, who was **GIFTED by HIM** to bear a child. And yet, your people have not learned and or forgotten this **‘GIFT of LIFE’...**”

“There is no need for further explanations, just Meditate on Mother.”
