

# Total Eclipse – Karmic Destruction For Biden & The Democratic Party

By Matthias Chang – Future Fast-Forward

My analysis of the eclipse and melt-down of Biden and the Democratic Party is so counter-intuitive that 98% of the global political analysts will disagree with me, even though they agree with reluctance on the political endgame – Trump will win the election by a landslide (if he is not murdered before the elections).

Go to my website: [www.futurefastforward.com](http://www.futurefastforward.com) and surf for my article,

## **“The Madman’s Theory”**

This **political gambit** was **admitted years later** by President Nixon to explain his policies and actions during the Vietnam War.

There will be a confession by Biden and political pundits, years later that the political demise of the Biden Presidency was planned and executed as it was **the only strategic “Off Ramp” - to own and be responsible for the war disasters,** without damaging the image and reputation of the hegemonic Zionist Anglo-American Empire.

The farce of the Presidential Debate and the supposed humiliation of president Biden is the “Off Ramp” .

Never before has a Presidential Debate held so early, in June of the election year.

If you surf the internet, you will find the meaning and definition of “Off Ramp” as follows:

**“Diplomats like to use this phrase “the off ramp”. This is an American term referring to what the British would call “the slip road”, the exit off a motorway. For weeks western officials hunted for a diplomatic “off ramp” they could offer Mr Putin, a peaceful compromise that could avoid further bloodshed without losing ‘face’...”**

The US lost the wars in Vietnam, Afghanistan and more recently in Ukraine and Gaza but, there are no official admissions to the reality of defeat. Historians will do that after 30 years when documents can be declassified.

No freaking superpower, the likes of the USA, can ever admit defeat, especially any wars, declared and or undeclared. This is geopolitics. The same in domestic politics like in Malaysia. No politician can admit that the country is fractured and heading for disaster. This is common sense, as no criminal politicians who caused the problem, will ever admit and concede that they caused the problem, as their admissions will expose their criminality. If they are the problem, how can they be the solution? Q.E.D.

They will have to find a “political patsy” e.g. the president, the prime minister or whatever is convenient (such as Oswald, the lone gunman that assassinated President J.F. Kennedy), when the political establishment - the political leaders, the CIA, the Military etc. planned and implemented the despicable criminal policy!

The US cannot continue with the current war policy when they have been defeated in all the war theatres. The delusional escalations and the expected response from their enemies, will buy time to structure an “off ramp” to disengage from the war fiasco and mess.

There will be intense infightings and calls to abandon ship, but the criminals cannot abandon ship because each and every policymaker, such as Anthony Blinken, Jake Sullivan, Chuck Schumer, Nancy Pelosi, Victoria Nuland and the Joint Chiefs, as a collective, formulated the policies. And since the buck stops at the desk of the boss, they are implementing a hypocritical political coup to oust President Biden.

There are only two outcomes, neither of which can save the Democratic Party:

- Biden continues to act stupid and idiotic, and in exchange, **will not be prosecuted for his crimes**, as has been asserted by Special Counsel, Robert Hur – Plan A. Robert Hur was appointed as Special Counsel by President Biden! Why?

Surprise, surprise Robert Hur was appointed by Donald Trump to serve as the United States Attorney for the District of Maryland in 2018

- To **find a late replacement** to contest the presidential election - Plan B. But by the Constitution, the criminal bitch, Kamala Harris must replace Biden. Another nightmare! What to do?

As far as I am concern, it matters not whether Plan A or B are implemented. The political equation remains. Only arseholes will believe and accept the theatrics propagated by all the MSM, even the New York Times, acting in concert and as a chorus, to sound the retreat.

Trump need not add fuel to the fire by walloping Biden, as the deal has been agreed and done. Read again the “Art of the Deal” by Trump himself! The Platform MAGA (Make America Great Again) is the only call and concession which the Deep State will agree to extricate the US from the Quagmire in Ukraine and Gaza!

To sustain the global hegemony is all that matters. The Sun can never set on the Empire!

**The genocidal slaughter of the innocents, the children and women was never in the geopolitical equation.**

Don't be hypocrites. Such slaughters have previously been implemented in the Korean War, the Vietnam War, the Iraq War, in Libya, the Afghanistan War etc.

So what is it, when Israel has been doing for over 70 years what the Zionist Anglo-American hegemon has been doing for centuries as imperial and colonial powers?

Malaysians wake up!

### **Parting Food For Thought**

Wars have been unleashed by President Biden (but they have been a sham and promoted as “proxy wars” between the West and Russia). BS and sheer propaganda!

Why?

**The rational**, for the gruesome and hideous wars, has always been that all US Presidents always get re-elected for a second term **in times of war**.

But, Biden wants to have a hybrid war - ‘to have the cake and eat it too’ (no boots on the ground i.e. no American soldiers will be killed in the war), on the cheap.

So, we have the war in Ukraine, to fight Russia to the last Ukraine. Thereafter, a war in Taiwan to fight China to the last Chinese as the Grand Agenda outlined in the “Pivot to Asia” first propounded by President Obama!

And as I have said and written repeatedly, all imperial economies are sustained and maintained by perpetual wars. Without wars the economies will collapse, as the Military-Industrial-Finance-Media Complex aligned with the political regime of the day is the largest employer. Period!

Need I say more?
