after 13.7.2024, when Biden failed to murder Trump. Must read all!

The Unthinkable

If, all of you thought that the failed murder of President Trump, ordered by Biden was **UNTHINKABLE** and it happened, the unthinkable became **THINKABLE**, because it was planned with meticulous detail as a slam dunk operation, save that President Trump survived the attempted murder by a miracle.

No one expected that Trump would bend his head just a millisecond before the bullet reached his skull and the bullet missed by a mere centimetre, as when former President De Gaulle of France did the same decades ago (go and research!)

There was never any failure on the part of the Secret Service. NEVER!

The lack of total security was meant to be so that the murder was foolproof!

But for a “Miracle” – an intervention by God’s grace!

Biden et al cursed and cursed!

The Price Of Failure Must be Paid

Biden et al ordered the murder of Trump (“no more debates... Trump must be on the Bullseye”) but against all odds Trump survived.

Nancy Pelosi said that Biden must go, the easy way or the hard way:-

For the Democrats, if there is one person who they need to be praised for convincing Joe Biden to end his election campaign, it will be the former House Speaker Nancy Pelosi. Pelosi had taken a tough stand which forced the US President to end his campaign. Many people speaking to Politico said that Pelosi informed Biden that they could do this in the easy way or the hard way. (1)

“She has a keen sense of history and where we are in the moment, and she can count better than anyone in politics,” Rep. Jared Huffman of San Rafael told the Chronicle on Monday. While Pelosi remains a “big-hearted liberal” in her personal views, she is also “a cold-blooded, almost reptilian politician when it comes to winning.” Huffman said. (2)

Had Biden succeeded, he would be celebrated as a “hero” and the MSM would go “Full Monty” and hailed Biden as the Emperor of the Zionist Anglo-American Empire.

But he failed!

Nancy and Schumer threatened Biden to get out **or else** the f#@king exposé of the Biden Crime Family, no-holds-barred!

Biden **resisted** the threat and **countered** that he will expose all who agreed to the murder of Trump even though he gave the Order as agreed.

You-tube: Biden described by source as 'seething' at Pelosi as calls for him to step aside grow.

Watch attentively!**

Therefore, when all things failed, and Biden must be removed (just as they agreed that Trump must be removed, to save their own skins) the so-called UNTHINKABLE was to be implemented.

Biden would **be murdered or removed on medical grounds**. The Covid 19 excuse was a scam! Whatever the excuse, this was an opportunity to remove / murder Biden on **medical grounds**. Hence another scam, Biden suffered a heart attack. Many victims of the Deep State died this way.

A Funeral Scenario

The Coup leaders will, if Biden dies, have a golden opportunity to use a **FUNERAL OF A PRESIDENT** as the massive diversion to bury the nationwide campaign to install Trump as President. This is the hope of the coup leaders as when Biden dies, he **cannot point any fingers** at anyone who was in the plot to murder Trump.

It will be an escape route for the plotters, even when all the evidence points to Biden as the leader who gave the Order to murder Trump. Biden will be the ultimate patsy for the murder.

The leaders of the plot will circle the wagon and avoid any blame. And they may well succeed as no Democratic Party leaders would dare rock the boat, so as to save the party and defeat Trump. **More importantly, they control all the levers of power especially the Intelligence Apparatus, specifically the CIA and the FBI.**

No one will squeal as the price to pay for being a whistle-blower is death!

There is no other gambit on the political chessboard when the next move is a checkmate by the Republicans, than to overturn the table and scatter all the pieces on the chessboard.

Emergency will be declared and even election will be postponed. **This is not UNTHINKABLE.**

I guarantee that this was an option on the table prepared by the executioners (not the cowardly politicians) who are the rogue elements of the Intel Apparatus!

They are the doers and they are not scared of any retribution as throughout history, no Intel Operative was ever charged for the crime of assassination even when there were so much evidence pointing to the Intel Apparatus as having murdered JFK, MLK and the failed attempt on President Reagan.

When a President has a “Kill List” as was the case of President Obama, there can never be any prosecution of an Intel Operative for assassination. They killed for the President as ordered!

Don't be f@#king naïve or gullible!

Even Trump when he was President, dared not reveal the whole truth about the JFK murder!

Assumption of Trump Presidency

No President will jeopardise the global hegemony of the Empire. **A deal will be agreed with the coup plotters. The deal will be for a Republican administration for the one term (1) for Trump and thereafter, two terms (2) for JD Vance – a minimum of 15 years.**

And all the bit players will be prosecuted or “disappear” **WITHOUT A TRACE AND FORGOTTEN. A CLEAN OUT OF THE CRIMINAL BASTARDS** at the

DHS, the SECRET SERVICE and the FBI but **not** the CIA and some other “reforms” that will take years to implement.

Q.E.D

No Americans at whatever levels will dare write such an article or exposé. There will be a lot of “noise”, books, films, BS etc. but never the full picture even after 50 years!

A foreigner just met me, had a long game of chess – gave an excuse of being tired and did not finish the game. He probed and probed but got nowhere!

Hence this article!
