

Blackrock Et Al - The Front Of All The “Three Letters” Intelligence Community

By Matthias Chang – Future Fast-forward

Read all my recent articles in the last eight days AFTER they were uploaded to my website (www.futurefastforward.com) following the failed attempt to murder Trump. Damned, if you don't - you better read ALL or you will never understand the “hidden” Intelligence revealed Don't be brainwashed suckers!

Shocking Absolute Truths

Blackrock is one of the biggest “Front” allowed to be paraded globally by the hidden powers (call it whatever you want e.g. the Deep State etc.) and the Intelligence Community - (IC).

The “US\$ Ten Trillion” Assets under its management was the “noise” to impress inter-alia governments, sovereign funds, the filthy rich etc. of the targeted countries (even USA). No exceptions!

I had mentioned Blackrock in my exposé on the failed effort to murder Trump.

The IC of the Zionist Anglo-American Empire from the time when “auditing” was made mandatory after impeccable Intel verification has been conducted, have the global sources of financial intelligence on all key “players” and “entities” on the global financial matrix. Period!

AUDITORS ARE THE TOOLS OF THE IC – the IC has no time and resources for such expertise. Why bother when auditors (knowingly or unknowingly) provide the gold mine of data on the “Financial Health” of an entire nation or other entities for “free”?

Such financial actors have been the **parasites** that feed on the targets and the corruption threat of **intimidated “clients”**. They have supported the entire hierarchy and structure of taxation in connivance of Revenue Collectors. The US has by law legislated that over **80,000 armed collectors** can invade homes and arrest anyone if and when these armed collectors subjectively **assessed** that they are evading tax payment. Google and verify! (1) (2)

There was a time, when there was no taxation at all! Check from Google when the laws were made to tax the **intimidated people** of a nation, and when was modern fiat money permitted by law to be printed and cannot be challenged on pain of long-term imprisonment.

The Blackmail / Threats

Blackmail and threats come in various and assorted forms and methods. I had posted a video of a former Congresswoman wherein she courageously exposed that all congressional members must sign a pledge to be loyal to Israel.

Additionally, the intense rivalry between a “ruling party” and the “opposition party” (in most cases only two main parties are involved e.g. Republicans v Democrats, Conservatives v Labour etc.) is promoted so that YOU the suckers will only focus on them and never on the “real power” and the “political puppet masters”. The puppet masters cleverly alternate from one to the other whenever convenient to perpetuate the delusion of “democracy” and the need for an election. The word “democracy,” if so important and fundamental to any form of governance, is not even mentioned in the US Constitution and for that matter in the Malaysian Constitution! Zilch.

The prominence of Blackrock was a recent event. Prior to Blackrock’s ascendancy there were other corporate giants that dominated the MSM headlines. Likewise the richest man in USA takes their turn for prominence and promotion when needed in to be listed in the pecking order. Lawyers and so-called experts in constitutional laws are part of this scam!

Yet, you cannot “see” and or fathom the purpose and significance of this scam.

The fight against corruption is BS.

In the US, corruption has been legalised by all the political players - via the use of “lobbyists”, “registered foreign agents”, “PACs” for elections, when contributions are in the \$Million and \$Billions.

Cynthia McKinney exposed that if the pledge to Israel is not signed, there would be no monies for any elections to be an elected representative in Congress. Period!

Ukraine **is not** the most corrupt country in the world. It is the USA /UK political octopus that leads the criminal pack.

When all things fail - blackmail threats of exposures - then MURDERs / ASSASSINATIONS planned and implemented at the highest levels, will be carried out by one or more of the **three letters Intel agencies**. Period!

Anyone who disputes this assertion is either a brainwashed arsehole or naïve!

Anatomy of Failures

Political organisations are run and or managed like all criminal organisations such as the MAFIAs. Failures are never accepted and those who are responsible for failures pay the price - by an execution (assassination is a political word for execution) or if the failure is by a bit political player, shamed

and ignored and never to be seen or heard again. There are a few exceptions, one of which was:

- George H. W. Bush became the 43rd US vice president in 1981 and the 41st US president in 1989 and is to date the **only CIA director** to serve in either office. He failed to murder President Reagan in 1981.

Those who disagree, it is your problem and you need to do further research!

There is now a humongous failure when Trump survived a slam dunk murder effort – by the mere turning of his head, less than half an inch.

The lone gunman BS patsy was shot dead – head blown to pieces. The other snipers / killers (at least two others) would die a very slow and painful death and there can be no escape. They are known operatives. Had the murder of Trump been successful, they would retire and enjoy the seclusion of a millionaire with a non-identity, such costs all paid for and the truth protected and buried for at least 50 years even after their deaths!

In the political scheme of things, Chuck Schumer, Nancy Pelosi, Victoria Nuland, Jacob (Jack) Sullivan, Anthony Blinken, FBI Head Christopher Wray, CIA Head William Burns, will be the untouchables, not because they are not complicit, but because the political system cannot be sustained and the political jig would be exposed for what it is – the emperor (the system) is without clothes!

The Political patsy would be Biden, for the buck stops at his desk and Biden did issue the Order – “time to put Trump in the Bulls-eye”. All “Intel operatives” involved would **be eliminated** as no trace must be found – no loose ends! That is the easy part. You will never know this ugly truth

This is also a warning for all Intel Operatives (current and or retired) that failures would not be accepted. This is the price to be a willing member of the “Murder Incorporated”. (3)

End Notes

- 1) New York Times - I.R.S. Unveils \$80 Billion Plan to Overhaul Tax Collection. (It is under the devious cover of Tax Reduction Act to fight inflation. This is BS! There are no basis to assert that tax is meant as a tool to fight inflation)
- 2) “House Republicans just voted unanimously to repeal the Democrats’ army of 87,000 IRS agents,” tweeted speaker Kevin McCarthy after the vote. “This was our very first act of the new Congress, because government should work for you, not against you,” he added. The vote highlights how funding for the IRS has become a political football.
- 3) The term “Murder Incorporated” was not invented by me. Research and learn more. **Murder, Inc. (Murder, Incorporated)** was an organized crime group active from 1929 to 1941 that acted as the enforcement arm of the National Crime Syndicate – a closely connected criminal organization that included and was started by the Irish Mob, and included Italian-American Mafia, the Jewish Mob, and other criminal organizations in New York City and elsewhere. Murder, Inc. was composed of Irish, Jewish, and Italian-American gangsters, and members were mainly recruited from poor and working-class Irish, Jewish, and Italian neighbourhoods in Manhattan and Brooklyn. It was initially headed by Louis "Lepke" Buchalter and later by Albert "Mad Hatter" Anastasia. Presently, the term refers to Intel

Organisations and their team that executes people listed for murder. Perhaps even more important, in a little-noted but extraordinary development, President Obama ramped up the use of "kill lists" where he acted as judge and jury in the White House and imposed a secret death sentence on people who had hitherto been taken to prison, albeit Guantanamo. NYT stated, "It was not a theoretical question: Mr. Obama has placed himself at the helm of a top secret "nominations" process to designate terrorists for kill or capture, of which the capture part has become largely theoretical. He had vowed to align the fight against Al Qaeda with American values; the chart, introducing people whose deaths he might soon be asked to order, underscored just what a moral and legal conundrum this could be."
