

Timeline For The Global Financial Avalanche And World War III

By Matthias Chang – Future Fast-Forward

Whatever the crash – natural or man-made, it is a process like,

An Avalanche; or

A Financial Collapse.

Both follow the logarithmic Decay Curve

But, a **trigger** is always needed for the **final** move.

In an **avalanche**, it is the **last snow flake** that tilts the weight for the avalanche to come crashing down the mountain and destroy everything in its path.

In a **global crash** or **war**, it may be an **event** or a **proxy war resulting in massive slaughter!**

Print out this article or note the time-line as evidence against or for me, when the past and future events occurred and will occur respectively. Do it!

You do not have the attention span to read any article, so I am giving you a Bullet Point Time-line which I am repeating herein, what I have stated earlier years ago.

- Global Financial Crash **started in 2007/08** but **never ended.**
-
- Research the rationale for the **“Plunge Protection Team”** to manipulate and hype-up the Global Stock Market Casino **till now**. I know the members personally. One **came to Malaysia** on my invitation.
-
- **Preparation for war** started in **2012** when Obama announced Pivot to Asia. War needs time to prepare and execute. No wars were ever started in an instant. It is not instant coffee or instant noodles!
-

- The **Coup in Ukraine in 2014** was to provoke a proxy war by the bitch “F#@k Europe” Victoria Nuland. Stratfor’s founder, George Friedman admitted that the said coup is the most blatant coup and regime change policy ever implemented and publicly announced by the Zionist Anglo-American Empire.
-
- NATO Chief Stoltenberg confirms that the **Ukraine war started in 2014.**
-
- Massive diversion by Deep State via **Covid 19 Plan-demic** and the **First Step** to impose total **global submission in 2019.**
-
- **Brexit** by UK took place in **2020** to strengthen UK / US Axis for war.
-
- Israel’s and the Empire’s total subjugation of the Sunni Middle–East were assured by the **Abraham Accords brokered** by **Trump in 2020.**
-
- **Russia intervened** to protect Russian nationals in **February 2022.**
-
- Hamas unprecedented attack on **7th October 2023** screwed up the time-table. **Two war fronts** initiated. War on China via Taiwan was delayed. The Empire in a frenzy and panicked.
-
- **Hezbollah** continuous attacks on Northern Israel opened the **Third Front in 2023,** with the **Houthis controlling the Red Sea.**
-
- **July, 2024 change of government in UK.** I had already forecasted (in my videos) that Sunak would not complete his term because he **cannot agree** to be an **obedient** total war leader. Only a “**White Leader**” can “unite” the Brits for war! He also **failed to persuade** India to cross- over to the Empire.
-
- **On or before December, 2024** but definitely between September and December 2024 an unprecedented **political seismic event will implode.**
-
- Why do you think **in 2024, Biden** and his handlers announced that Ukraine will be financed for another ten (10) years to fight Russia i.e. till 2034?
-
- **In 2028,** we will witness the shattering **financial collapse in Europe and USA.** Why do you think Hungary’s Orban is so desperate to have peace in Ukraine and stop the escalation?
-
- **War is therefore needed** to divert and recruit the massive unemployed youths, conscripted to fight the wars. **Research the laws already in place for this evil in USA and UK!**

If for any reason you find it hard to believe, it is because you are so freaking blind and ignorant and do not know the history of wars!

Prove me wrong, if you dare!
