

Whisper's 22nd Meditative Insights To The World

Shared by Matthias Chang

Welcome

This opening paragraph is for the good people who I have placed on my Mailing Lists. To avoid putting them in a state of shock and disbelief, I will make some explanatory statements.

My DUTY is to convey the meditative insights but **NEVER to persuade YOU to believe.**

It matters not to me whether you believe or accept whatever that have been shared.

Whisper is the name of the **Messenger** who comes to me every morning between **3 am and 3.12 am** to share and teach me. I therefore wake up without fail at **3 am every morning**, to receive such blessings, insights and to be **protected from Evil.**

I count the blessings for the privilege bestowed, even as I am so flawed and undeserving.

Meditation is a discipline practiced for thousands of years. But, 99% of people given the **blessings and privilege** give up for want of discipline, dedication and more importantly the Faith to continue on the journey!

A Cautionary Tale

An evil woman was introduced to me years ago, to test me. She wore an evil symbol, hanging from her neck and resting in her cleavage. I said my prayers and mantra silently, and having listened to her politely, took leave with a message, "do not intrude or test me - don't, as I have no wish to retaliate."

Late that night she came to me in **her evil form**. The protocol of our spiritual realm demands that I must issue three warnings – the three Rings of Defence, before we can retaliate.

The **First Ring of Defence** is the spiritual mirror that reflects the evil hurled at me.

The **Second Ring of Defence** is the veil of darkness, but we can still see with our Hearts, as evil thrive in darkness. We have been trained in combat to fight blindfolded and in total darkness.

The **Third Ring Of Defence** is to invoke HIS blessing and receive the permission to retaliate.

To cut the story short, the evil woman ignored all three warnings (the destruction was done with the **index and middle finger of the right hand** directing at Evil, and the **combination of three fingers** in a special formation of the **left hand**, pointing at the sky, and saying loudly, a special mantra).

Evil retreated in a flash of disorientation!

Those who know and **have the experience will understand what I am indicating.**

The next morning, I was informed that the evil woman was admitted to a private hospital, stricken with horror and a pale shadow of her usual evil self! She did not penetrate even the First Ring of defence, because every assault, abuse, curses were **REFLECTED** 10,000 times and with a force beyond her comprehension.

Don't believe me at all!

If anyone resorts to Evil to test me, be prepared for the consequences.

Need I say more?

The Meditative Insight

Whisper said,

“Matthias, in the past you and your people have the bad habit of writing phone numbers, urgent reminders etc. on the palm of either hand, for want of a piece of paper or a note book. You forgot that, it is with palms clasped and with humility that you **prayed** and **sought** HIS interventions and blessings for a host of challenges to be **resolved** and or **removed**.”

“Why with clasped palms? Meditate and be reminded”.

“Matthias, you have also been trained in the **Ancient Discipline** from China, that there is an “**opening**”, a point **in the palm** of your hands from which **sacred energy is transmitted** for **Healing** and or to **injure** / **defeat** any evil manifestations, when permitted to retaliate.”

“It is also a “**Point of Purity**” for we heal with **purity, kindness** and **HIS blessings with the palms**. There is **NO** magic.”

“It is only now, after thousands of years of ignorance and arrogance, your scientists have concluded that our **body is energy** – energy waves sustaining your wasteful lives! The astronomers and physicists are now even **conceding that everything** they thought they knew were wrong and that **scientific knowledge must be rewritten. They did not listen to ancient wisdom, to see with their hearts not their eyes and now with modern telescopes, they ‘SEE’ and ‘DISCOVERED’ the “unknown”**”.

“Such is the arrogance and ungratefulness of mankind. Leading scientists are now saying **‘there must be a God’**. There is no need for debates. As cautioned by us to you so many times, **YOU** are to **convey NOT TO persuade** or **convince.**”

“But, still there are amongst your people, many who do not believe and continue to be arrogant and defiant. Do not look back, walk away and move on as there are other challenges in your journey to seek HIS Truths. Count your blessings, as you are still flawed and blind to many things that in time will be revealed, but not now.”

“Those blessings must be bestowed at the time of HIS choosing. Be patient.”

Whisper departed and I felt the weight lifted from my shoulders. I must continue though exhausted, tired and bone weary.

I implored, “Whisper, please intercede and give me strength and faith.”

Calmness pervaded my office and I was no more an addled fugitive!
