

A Coup You Didn't Know About. Is It Possible, Barbarians Impatient For Power Will Implement The Democratic Party's Template For A Coup In Malaysia?

By Matthias Chang – Future Fast-Forward

Idiots associate coups as the violent military ouster of government for power. They never consider the 'Silent' and 'Non-violent' coups which happen more often than the violent military coups.

This has transpired in the USA when Biden was 'forced' out and replaced with the bitch Kamala Harris after the assassination of former President Trump failed. Once again the 'Lone-Gunman Theory' was used as a cover-up. The Secret Service was complicit in the sinister attempt.

The "Families" that control USA will not take the risk of Trump being in power again as the political infrastructure that took decades to put in place would be curtailed if not, destroyed. Another attempt would not be too far-fetched! These are desperate times.

Consider the following scenarios:

- Biden won the Democratic Primary with 14 million votes or whatever the number.
- Bitch Kamala (an Indian who claims to be "Black") was made the party's nominee without even a campaign. Rishi Sunak in UK failed and was a disaster. The 'Indian' template cannot be copied.
- There were no debates whatsoever to justify Kamala's nomination.
- There was no party vote for Kamala, as the bought and paid for "party leaders" steamrolled Kamala to take over the apparatus to challenge Trump.
- Biden was told, "The easy or the hard way" and he must go quietly or else....and Biden was the President!!! But, only in name because all decisions were already made for the remaining months in his term of office.
- The entire US MSM echoed the diktats and meekly followed the drum beat.
- Fake polls were set up and results were front page news that the bitch Kamala "would win" in November, 2024 so as to justify violent opposition to a Trump landslide win.
- The Ukraine war had to be prolonged as a desperate effort to shore the image that Kamala was a "War President" when Biden finally relents and resign as President just before the presidential election to secure victory, as no 'War President' was defeated in any presidential elections.

However, and it is guaranteed that a violent coup or civil war would be unleashed, if the 'soft coup' fails and Kamala is unelected.

I can guarantee that the coup was planned way, way back in 2023! The fall-back to Plan B, if bitch Kamala is unelected, will be as follows:

- The **recognition** that the military and or National Guards may not fire and slaughter Americans resisting the Democratic Party's coup as there **cannot be a repeat** of the murder of students during the Vietnam War by the National Guards. On 4 May 1970, students were shot dead by the National Guard during a Vietnam War protest at Kent State University. **Twenty-eight National Guard soldiers fired about 67 rounds over 13 seconds**, killing four students and wounding nine others.
- The Nixon Presidential Commission Report concluded that **the Guardsmen's "indiscriminate firing" was "unnecessary, unwarranted and inexcusable"** The report also adamantly cautioned against the future use of loaded rifles in confronting student demonstrators.
- Hence, the **'Open Border' option** by the Biden / Kamala regime to allow over ten million of illegal immigrants to cross the Southern borders and hundreds of thousands were then flown to Democratic controlled states as well as some Republican controlled states **to rig the elections**.
- Gang members (convicted killers, rapists, robbers etc) such as the MS 13 gang, are **now armed and poised to do the dirty work** for the defeated Democratic Party cabal.
- Illegal immigrants are even **housed in hotels** etc. all paid for by the state governments, following the **Covid19 template!**
- As in the Covid19 data base, the **new and additional digital data infrastructure have each and every illegal immigrant "registered as voters" in the key swing states**. If the Democratic Party succeeds, be assured that the template will be repeated, copied and implemented on a massive scale in all targeted countries which the local counter-parts swear subservience and allegiance to usurp power.
- **Another pandemic** would be declared to ensure movement of people would be restricted.
- In the USA, the **Intelligence Apparatus would be co-opted and together with the Attorney-General's hoodlums**, people will be arrested and prosecuted for opposing the coup. Period!
- Telegram Founder has already been arrested and imprisoned in France at the behest of the US regime. **Founder of Facebook has admitted that he was pressured to censor views and comments in his platform.**
- When **Fauci**, 'having received the vaccines and several booster shots' is 'sacrificed' and infected with the West Nile virus, a rare disease, caused by an infected mosquito, **all options** are on the table. **Time to wake up!**
- When Elon Musk and X is prosecuted or worse, **all bets are off!**

Seismic events as I had warned previously, will strike on or before December 2024! If the above is BS to you, then you deserve to be whacked!
