

Template For Terror / Assassinations - The Use Of False Flags

By Matthias Chang – Future Fast-Forward

Fundamentals in any Assassination

- All assassins and patsies must be hired, recruited and finally ordered to assassinate the target.
- Patsies are the “fall guys” and are fundamental in any assassination, successful or otherwise.
- The narrative must be consistent. The focus must always be the Patsy who “killed” or failed to kill the target!
- No one will ever asked who gave the Order and the ‘Syndicate / Entity’ that controls the person giving the orders. This is the gist of the cover-up.

The Story Line

No exceptions whatsoever!

Any coverage of an assassination must focused on the patsy, how and when he / she has allegedly “murdered” the target, regardless whether the target is under any protective protocols by any agencies such as the US Secret Service.

Notice that in the recent failed plot to murder the former President Trump, no **one ever asked** the \$Trillion question – **Who gave the Order to murder the target?**

Except Matthias Chang who, on the day of the attempted murder of Trump on the 13th July 2024, **unequivocally exposed** the irrefutable fact that President Biden gave the explicit Order to murder former President Trump. President Biden had the ‘Mens Rea’ (**the motive**) and the ‘Actus Reus (**the means**).

No one dared point the finger at President Biden as it was **unthinkable to do so.**

The price of the gross failure to murder Trump was the inevitable coup against Biden as the buck stops at Biden.

Had the unthinkable murder succeeded, there would have been no coup and Biden would be crowned the ‘Emperor’ and the ‘Syndicate’ would have the

absolute power in the US to unleash the unbridled terror **before** and **after** the successful murder!

The '**unthinkable**' was made '**thinkable**' by the public exposé of the **conspiracy fact** and **agenda**, that no one can stand in the way of the Democratic Party's victory in the pending Presidential Victory that will ensure the continuation of the Zionist Anglo-American Empire's hegemony.

Some Definitions & Myths

False Flags

"False flag describes covert military or paramilitary operations designed to deceive in such a way that the operations appear as though they are carried out by other entities, groups or nations than those who actually planned or executed them. Operations carried during peace-time by civilian organisations as well as covert government agencies, may by extension be called false flags if they seek to hide the real organisation behind the operation"

Illustration

"Israel's Mossad: 'ruthless and cunning ... a wild card ... [that has the] capability to target US forces to make it look like a Palestinian / Arab act'".

US Army's School of Advanced Military Studies

Were there not ridiculous efforts and unfounded basis to blame the attempted murder on former president Trump on Iran by MSM's fake news and the propaganda by the DNC?

I will now quote in **extenso** from the **late Michael Collins Piper's** prescient analysis about the templates for assassination, terror etc. (who has been a close and trusted friend / colleague for decades). He wrote:

One of the more perceptive students of the JFK assassination, Vincent Salandria, wrote of the proliferation of theories surrounding that crime and noted an important point that even today, remains (unfortunately) all too relevant when we consider all that has been written about the president's murder. And please consider Salandria's words carefully:

While the [JFK assassination] researchers have involved themselves in consuming preoccupation with the micro-analytic searching for facts of HOW the assassination was accomplished, there has been almost no systemic thinking on WHY President Kennedy was killed.

Another respected JFK researcher, Richard Sprague, put forth a parallel thesis when he asserted:

As incredible as it may seem ... the identities of the actual Dealey Plaza team, including shooters, radio communications men, coordinators, and others, do not really matter in the overall conspiracy and especially the cover-ups. The murder was a carefully orchestrated intelligence operations.

Lee Harvey Oswald did not fire any shots that day. Once one moves beyond the stage of thinking that Oswald did the shooting, the questions about who was shooting became secondary to the question WHO planned and commanded the execution and WHY they did so.

As such, I deliberately refused to bog myself down in addressing those aspects of the assassination that had already been covered so considerably by so many writers over what has been some thirty years: such as where the shots were fired from; how many times President Kennedy was hit; the number of assassins involved etc.

My concern was precise: Pinpointing who was ULTIMATELY RESPONSIBLE for the assassination of President Kennedy... I pinpointed the role of the Israeli intelligence service, the Mossad, working in collaboration with the elements of the CIA and the organised crime syndicate...

And I did exactly as the great and trusted colleague, the late Michael Collins Piper, advised me to do, and he came to Malaysia and shared with me priceless intelligence on the template for assassinations.

The same template was used in the Robert Kennedy, Martin Luther King, and the Ronald Reagan assassination and attempted assassination respectively. The Oklahoma City Bombing and 9/11 terror agendas followed the same template and all the elements of the Intelligence Services (foreign - Israeli and domestic – CIA, FBI etc.) and the crime syndicates were involved.

Inflaming The People

The **inflaming** of an entire nation serves the purpose of having a divided people, **UNITING** to wage war on any nation or people resisting and or opposing the hegemonic agendas of the Zionist Anglo-American Empire under the tyrannical leadership of the Deep State and its compradors.

The Common Thread - the Use of False Flag Terrorism

As explained in my article, “The Triangulation of Power”, only the three elements have the necessary resources to execute any assassination plots.

The “Murder Incorporated” throughout the history has used terror as the ultimate tool for power projection and subjugation.

- **Genocide** is **terror on steroids** against an entire nation and people!
- **Assassination** is **terror on steroids** against an individual!
- **Financial Hegemony** is **terror on steroids** against Debtors at all levels – nations, corporations and individuals!

It has been observed that the use of terrorism has evolved into an industry. In “**Terrorism Industry: The Experts and Institutes That Shape Our Views of Terror**”, Professor Edward Herman and his co-author Gerry Sullivan gave a comprehensive review of the way that powerful special interests (as above explained) both foreign and domestic, have influenced the perceptions of the modern-day terrorism.

Herman and O’Sullivan made the following observations:

- *The terrorism industry produces the Western line on terrorism, and selects the appropriately supportive facts, disseminating these to the public.*
- *The transmission process is smooth, as the mass media pass long the manufactured messages without further substantial processing, functioning essentially as conduits.*
- *The US mass media raised no question about the premises and agenda of the Terrorism Industry and generally fail even to filter out or correct literal errors.*

The authors indicate, based upon their findings, that there is good reason to believe that certain acts of terrorism are in fact, **artificially created** to advance the agenda of **those ostensibly fighting terrorism**.

It is not difficult for agents of intelligence organisations to set off a bomb or even to kill individuals or to encourage or hire others to do these things; then to make a phone call claiming responsibility on behalf of a Red network or Palestinian organisation. This is an easy way of creating a desired moral environment, and there is substantial **EVIDENCE** that states have frequently engaged in such practices. The FBI have long engaged in **agent provocateurs** actions urging violence on penetrated dissident organisations and carrying out direct acts of violence, then attribute to the individuals and organisations under attack.

This is the ugly Truth. Need I say more?
