

# Whisper's 28<sup>th</sup> Meditative Insights To The World

Shared by Matthias Chang

**Into the right ear, and out of the left ear, nothing is retained. If there is any retention, it is meant to be. The purest water is at the source, not when it has meandered downstream and collected so much waste.**

Whisper woke me, when in the past at 3.00 am I woke up and waited eagerly for his arrival. I was startled!

Whisper said,

“Matthias, you carried out our instructions - ‘to convey but never persuade or convince’ - and there were no exceptions. You did so dutifully.”

“So, why did you bother, when in your sordid finite world, selfishness, egos, mayhem and the ‘I’ ruled supreme, you were told to let go but, you did not?”

**“There is a fundamental contradiction. Why did you bother to persuade and convince in your finite world but not in our timelessness reality. When there is a runaway train heading towards disaster, and you had amply warned the passengers to get off the train, but they could not be bothered, you have done your duty.”**

“When **HIS** words have been discarded throughout the ages, **HE** has the power to make everyone believe. **But HE did not**. Everyone has a choice.”

“When you let go and move on, you will finally know and realised who will follow your path and even help you. You will be blessed if there is but a handful. **It is enough if you had one. I am just a Whisper**, and you did not ask for more assurances and you were content because you tested **THIS** reality and you chose **this** path - so simple!”

“Many come to enjoy the merriment and receive gifts but the gifts hardly mattered when they get home – the gifts are put aside and forgotten. The people did not appreciate the blessings. This is the reality of your world.”

“Learning has to be an experience, not book knowledge. Let me illustrate.

1 + 1 = 2 is the ‘correct’ answer in Maths.

1 + 1 = 1 is beyond Maths in our timelessness reality.

**You** and **HIM** (1 + 1) by **HIS** grace and blessing **becomes 1 (ONE)**.

“When we become **ONE** with **HIM**, we are invited into **HIS Timelessness**, the **ONENESS** of **HIS Timelessness**.”

“Only through genuine and disciplined meditation, will the novice be bestowed with the experience to acquire further blessings.”

**“Every day we are tested, and disappointments and betrayals are par for the course.”**

“When you were unjustly incarcerated by a brutal and corrupt regime for exposing the Truth, how many cared? Your client and friend even had to sue for compensation for wrongful imprisonment but the Institution, supposedly the guardians for truth and justice, have even challenged the compensation awarded and has appealed to a higher court to set aside the award.”

**“You did not bother to seek any compensation. Rightly so, for it would be too much for you to confront the ugly truth of the hypocrisy and callousness of those who are supposedly, the guardians of truth and justice.”**

“Move on!”

**Yes, I must just convey the message but never to persuade and or convince! They must face their own realities.**
