

# Whisper's 30<sup>th</sup> Meditative Insights To The World - Uncensored Conversations With Whisper.

Shared by Matthias Chang

This is the most difficult and transformative insight that I am sharing with you. It is literally, a 'No-Holds-Barred' conversation with Whisper. My decision is to follow the instructions and share willingly, not to persuade or convince anyone. Maybe it will be of some relevance to you. I hope so and I pray so.

I am disclosing the First Part only. The Second Part is not for you.

Yesterday, 31.8.2024 I was too busy to complete this message. So, I am sharing it today, 1.9.2024.

Whisper said without ceremonies,

"Matthias, we will have a 'heart to heart' conversation this morning and you may ask me anything that troubles you."

"I can ask any issues?" "Yes!"

I asked: "Why me, why am I 'chosen' - to receive your insights and messages?"

Whisper, as a matter of fact said, "You have so many broken pieces to be re-assembled, to put them right again and time is of the essence."

"**There are others**, with different roles, which do not concern you."

"You were blessed with three Master-Pieces, but you **did not fully** appreciate those Gifts. After this conversation, you **must mediate** on the following:

- The ***Madonna della Pietà***, otherwise known as ***Pietà***, the Carrara marble sculpture of Jesus and Mary at Mount Golgotha by Michelangelo.

- The ***Venus de Milo*** or Aphrodite of Melos, the ancient Greek marble sculpture.

- The ***Mona Lisa***, the half-length portrait painting by Italian artist Leonardo da Vinci.

“Meditate on the two sculptures and the painting and you will realise the value of the Gifts given to you by **HIM** in your life!”

**I was lost for words and kept silent for a long time. Whisper was patient and waited for me to continue the conversation. I was thinking of my three children - my precious and incredible daughters (2) and my son, all graduates from distinguished universities and successful in their chosen disciplines.**

Whisper, as if reading my thoughts interjected,

“You were doing what other parents did for their children in similar circumstances. But was you ***the father*** that ***you could be*** to your children?”

“Be honest with yourself, it was always the **‘I’** and the **‘Me’** that was the focus, not the **‘We’** the family, that is the **bedrock** of your life.”

“Children **are now** mere **‘derivatives’** of the father and mother, the parents. That is why you are to meditate on the **‘Pieta’** and truly understand that **such love transcends death – there is no ending.**”

“Children are now **so disengaged** from their parents under the wrong assumption and belief, that once they have ‘**grown up**’ they have a separate life and they must be left alone, **the occasionally visits (on birthdays, festivities) are the exceptions.**”

“If and when the abovementioned master-pieces - the Pieta, Venus De Milo and Mona Lisa are in your possession and custody, you would not spare any efforts to ‘**guard**’ and ‘**protect**’ them from theft or destruction and even have them insured although as master-pieces they are **mere possessions** and not ‘**living beings**’, as are your children – they are more than your flesh and blood, to borrow the expression.”

“Is this not a fundamental contradiction? Why do you meditate and pray and ask for answers from **HIM, the Father** who has **never left** your side. Ever! You never cease to turn to **HIM** whenever the need arises, even as you cross-over to **HIS** realm.”

“So, how can you or anyone ceases to be the father in a detached manner as is so common in your detached reality?”

“The ‘**umbilical cord**’ to **HIM** is the unshakeable **FAITH** and the inexhaustible **HOPE** that **HE** will always be there to hold your hands **even in the darkest hour.**”

“Know also that you are flawed and yet you will be saved, if you do your duties till your last breath and when you cross-over.”

“It is an **irrational belief** that a family can be detached, as understood and practice in your **detached world.**”

“The concept of **HIM** as the **Father** is but **an analogy**, because in your flawed human world, the perception is that the Father is the ‘**anchor**’ and the Mother is the ‘**sustainer**’ of life, as when a child is in her womb. But in your present distorted, detached and disillusioned reality, even that **ONENESS** has been **obfuscated** and or **destroyed.**”

**“The true ‘Trinity’ of Father, Mother and Child has been so misunderstood, convoluted and maligned. Do not argue and enter into any debate with anyone. It is a waste of time and effort. They will realise soon enough when they escape from the detachment.”**

“This conversation has taken too long and we barely scratched the surface of the polemics that have caused so much havoc in people’s thinking and understanding. **It is enough that you meditate and share this Part of our conversation.**”

**Meditation calms one’s mind, which will give rise to wisdom. I must count my blessings. Yes, my family is precious and that creation is in itself, a priceless Master-Piece.**
