

Whisper's 33rd Meditative Insight To The World

Shared by Matthias Chang

Though this Meditative Insight from Whisper is numbered 33, I had received it some time ago and was only permitted to share with you this morning so that you will better appreciate the blessings of the GIFTS that you have received from HIM but, totally unaware of their value and purposes.

All blessings of the Gifts from HIM serve a specific purpose in the present and in the future. Therefore, review and count them and give thanks.

Whisper reminded me,

“Everyone, without exceptions are bestowed with the blessings of the GIFTS from HIM for specific purposes – to fulfil the objectives along the Path chosen, and to enable him or her to complete the journey at the time of HIS choosing. Then, they will be prepared to cross over.”

“It will be given when the time is appropriate and timely but, only the awakened will after a meditative review, appreciate the significance.”

This much (i.e. the above) I can divulge and share with you. Everything happened for a reason. Nothing and or event that has occurred is ever coincidental.

Let me tell you a story to illustrate. I had conducted several reviews of the GIFTS received throughout my journey.

A Story

A few days ago, I had invited a retired senior police officer to come to my office. As he could not drive, his trusted friend was told to drive him to my office. I had no inkling that there would be another person, as my invitation was to him and no one else. I accepted the circumstances nevertheless.

Confidential documents were shown to him, evidence of events decades ago, including:

- My advice and the review of strategic negotiations conducted with a foreign adversary.
- How I saved the career of a minister who never appreciated the gift of salvation.
- How I analysed in 2003, the danger of the man-made / conspired “Plan-demic” - SARS (Severe Acute Respiratory Syndrome).
- A strategy for a world-wide peace initiative in anticipation of a global seismic event in the future.

- The research and planning for the historic and unprecedented visit to the Vatican to meet Pope John Paul II.
- On Islamic Issues and the submission of a Special Memorandum.

However, the above is not even the essence of my story - how decades ago, I had prepared to perform my responsibilities for the future, a special Gift!

The GIFT was obviously **conditional on the willingness** on my part to expend a huge sum of monies to **acquire the skills needed** for my future journey.

The record shows that I was then, the only Malaysian who attended this exclusive course by **Gerard Irwin Nierenberg**. I am not sure whether there were other Malaysians, who were so trained much later. It costs thousands of US\$ and I paid willingly without hesitation. **Nierenberg**, was an American lawyer, author, and expert in negotiation and communication strategy. He founded The **Negotiation Institute** based on his ideas of how negotiation impacts the lives of everyone, and he published 22 books on negotiation.

The three core tenets of Nierenberg's philosophy are (1) to be patient; (2) to strive to meet the needs of the opposition party in order to build sustainable relationships from which all parties feel that they have 'won'; and (3) to limit frustrations in all negotiations by embracing the fact that logic does not always lead to negotiated success. I have all his books in a special section of my library and would recommend specifically that **you must read**:

- **The Art of Negotiating**
- **How to Read a Person Like a Book, co-authored with Henry H. Calero**
- **Meta-Talk: The Guide to Hidden Meanings in Conversations, co-authored with Henry H. Calero**
- **The Art of Creative Thinking**

The **Fact Sheet on SARS** which I had prepared and submitted **in 2003** was entitled **“The SARS Virus – Natural or Man-Made”**. **This was 17 years ago**. Hence, when the “Plan-Demic” was unleashed in 2019 / 2020 and the nation-wide vaccination campaign (part of the global campaign for population control) was launched, I was well prepared and had a head start in my research.

I insisted that my guest and his friend who accompanied him take photographs of the key pages of the documents revealed as evidence. My guest was so astonished that he kept asking the date of my disclosures and I kept stating that the evidence were dated as far back as 2003 and some even further back.

The US\$ Trillion Question: “Did I know, when I had the GIFT of the training and the various exposures, they would be serve me in good stead?”

Answer: I never doubted and counted my blessings when I received the GIFTS and that they would help me in my journey! Period!
