

Whisper's 36th Meditative Insights To The World

Shared by Matthias Chang

I was saved by HIS Grace, when I called out for his PROTECTION, as my spirit was ravaged by the insidious attacks unleashed by Evil. I am MERELY narrating an experience, and I am not asking you to believe. That is not the priority.

Whisper rushed to me ...

“Matthias, you were subjected to a horrendous test of faith when Evil unleashed an unprecedented attack on your being and your soul. You were convulsing, striking out, turning, and shaking – the opening of your weakness that invited the attack, and by the act of Faith, you cried out to HIM, “**Save me, protect me, protect me please, please**” on and on until you were exhausted. You then collapsed into deep sleep.”

“Such an attack could only be unleashed by Evil because you were weighed down by your flaws, ignorance and weakness. By the grace of your Faith, you were saved as other-wise you would have descended to the depths of burning sulphur. It would have been painful and difficult to retrieve your soul.”

“Humanity is so flawed and that is why your world is ravaged by the flaws and egos of those **who care not for the Innocents**, burned as sacrificial lambs on the dark altar of Evil.”

“We have warned and warned but your sharing has felled on deaf ears; you were ridiculed as a demented fool, with a vivid imagination. A lesser being would have given up under such mounting pressure of humiliation and insults. **HIS grace and forbearance** saved you. And you counted them as your blessings.

“EGOs destroy Believers! The biggest EGOs have an exaggerated sense of self-worth. The rich in your country are not even the richest in the world, the powerful strut on the stage but pale in comparison to the might of Evil.”

“**The pride of the darkened soul is a deadly sin.**”

“Matthias, it is time that you **put your priorities right, stay focus** for HE does not wait for the laggards who put ‘Self’ above all others.”

“Hold this close to your Heart ... you and those who believe in our messages, **will find refuge and shelter even in the SHADOWS OF HIS WINGS. What more, when HE comes down and lifts THE FAITHFUL UP as HE has done this early morning?**”

“This is a constant battle – to fight the flaws and not let them overwhelm your soul. Do not ever forget that you were saved from the horrific depths of burning sulphur, **only because you have yet to fulfil your tasks.**”

I have no wish for anyone to go through what I had experienced this morning. It was not a nightmare. I fought back as best as I could, but it was not enough. My Faith saved me. **HIS** wings carried me and lifted me up!
