

If Truth Be Told ... Everyone Is On Trial. No Other Way To Expose Arseholes & Hypocrites

By Matthias Chang – Future Fast- Forward

Notice: I hate to state this, but many Malaysians are arseholes (and if the hat fits them, they should put it on) and so this article is specifically written for them. My overseas readers, I seek your indulgence and maybe you will learn a thing or two from this article about arseholes.

Reminder: For Malaysians arseholes, read my previous articles again before reading this article, because it is abundantly clear that you do not have the discipline and clarity of mind to understand simple, objective issues. You talk cock and bull, do not walk the talk, and have the audacity to talk down to President Trump on how to administer his country and you know F#@K ALL about the USA politics.

Sure, I respect your screwed up views as you have the freedom of speech, but do the world a favour, shut the f#@k up, research, clean your cobweb mind before you utter a word or pen a sentence.

Caveat: Because so many Malaysians are lazy, let me re-assert to them this **TRUISM**.

Discipline is *“the doing something (e.g. a task) you hate, but doing the same with a passion and intensity as if you love it and your life depends on it ...”*

Essence of this Article:

“If something cannot go on forever, it will stop.”

Empires, monopoly power, sectarianism and racial dominance etc. cannot go on forever, even after a century or more of abuse! Period!

On the left hand corner of the above gradual **sloping** graph is **the point in time** when an enlightened person becomes aware that they are on a downward **sloping** line, heading toward the precipice and thereafter - oblivion / total destruction etc.

President Trump often declared that he will enter the political arena, **when at the point in time of the Logarithmic Curve**, the USA is on the path of self-destruction and he would endeavour to save his country. It was a tough call, but he knows that he cannot perform miracles as it would entail huge sacrifices, beyond the call of duty.

So, Malaysians should shut the f#@k up because there is not one of you that would be willing to make the sacrifices that he has made. You would run for cover as the slightest hint of danger, what more to be a victim of the insidious law-fare, baseless persecution, prosecution and attempted assassination and so much more shit.

Where were you, when I was incarcerated on the false charge that I was a 'terrorist' under SOSMA (Security Offences Special Measures Act, 2012) by the Najib regime? I fought in the courts to be acquitted and was duly acquitted! And I went on a Hunger Strike while in prison!

Trump stepped on the plate and went full frontal against serial criminals, financial rapists, paedophiles, corrupt politicians, hypocrites, cowards, traitors and Evil!

There were only two paths for USA and as an American, he watched and watch the slide!

There was the **experiment of Obama**, the black traitor who sold out his people while selling the narrative of **HOPE** to nowhere!

Trump said enough is enough, after 8 years of **false hope**.

In 2016, Trump dived into the deep end. The entire political establishment - Democrats and Republicans of the Deep State were horrified by the **OTHER PATH** he had chosen. **Trump was the f#@king threat from day one, even as he was disadvantaged, going into the fray without a 'trusted team'**.

The criminals across the entire political divide rigged the 2020 presidential election to prevent another presidential term for Trump.

The path chosen by the serial criminals (Deep State etc.) was the time-tested path of wars, unbridled corruption, and the 'Washington Consensus' – to be seen, not heard and follow the given script!

Trump is an American Patriot

Malaysians are so f#@ked up, arrogating the view that Malaysians know better and pontificated that their choice of appointments were therefore appropriate and correct. The arrogance – when they have not even managed any government machineries and competed in the sordid political elections held every five years.

F....You!

President Trump can only play with the deck of cards that his Republican Party demanded of him, and he knew that there were RINO(s) (Republican In Name Only) in every which way! Some even denied that Trump could be re-elected and they are now in control of the US Senate because of Trump's victory

President Trump can only do what he can do as a patriotic American as he was brought up in the environment of a declining Empire. That is his political DNA.

So, what the f...k do you expect, dumb arsehole Malaysians? You prostrated to Britain, Australia and USA whenever it suited your subservient opportunism.

Freaking Malaysian sex maniacs were screwing women in Taiwan when the People's Republic of China was poor and looked down upon. But now, you filthy hypocrites identify your f#@ked up identity as a Chinese, when you are Malaysian of mere Chinese descent. Big deal!

F...You!

Necessary Digression

Many Malaysians of **all races and ethnicities** demonised Tun Mahathir Mohamad, even to the extent of denying that he is a Malay but made their fortunes in Malaysia and then park their ill-gotten wealth in Britain, Australia and the USA!

F...you!

When I was invited by Tun to be his Political Secretary, Tun's intermediary requested a meeting with the Rt. Honourable Tan Sri Tengku Razaleigh Hamzah and in that meeting I sought and obtained Tengku's agreement and consent that I served the country. To his immense credit and generosity, I was told, "served the country and give your best. You have my blessing." Only a great statesman can perform such an act of sacrifice. There was no betrayal of trust - the country and the Constitution come first!

But, there were many who after criticising Tun Mahathir grovelled to be appointed in Tun's administration and regularly sought Tun's advice, but behind Tun Mahathir's back, continue to mock Tun Mahathir. This is the kind of f#@k up one expects in ALL global political arenas.

I count my blessings that I was **not tainted with this filth** when serving my country!

As they say, the rest is history.

The Immense Struggle Ahead

The reality is that President Trump is an American Patriot, fighting for his country notwithstanding the US is a hegemonic Empire. But we need to

recognise that even in the circumstances President Trump is fighting with one arm tied behind his back. Trump is aware of the odds.

The 20th century was enmeshed with wars of one kind or another. There were also three major wars:

World War I
World War II
World War III
(The Cold War)

Now, in the 21st century, **WWIV** has already begun and we are in the midst of a genocidal, 'No-Holds-Barred' war in Ukraine, Palestine and soon a war for Taiwan. This has been stated by Zionists Anglo-American war mongers.

Not Matthias!

But, Malaysians are still debating whether there is a **WWIV** as described above.

That is how f@#ked up, we are as Malaysians!

PRAY THAT THERE WILL BE PEACE AND THAT PRESIDENT TRUMP WILL HONOUR THAT COMMITMENT.
