

It Takes Two To Dance. So, Who Will Come To The Dance Floor For Global Peace

By Matthias Chang – Future Fast-Forward

In my previous article, I have stated that the Triangulation of Global Power has been completed with three critical Presidents in power and authority – President Putin, President Xi and last but not least, President Donald Trump (for all intent and purposes, even though he has yet to take again, the Oath of Office).

The global Dance Floor for Global Peace has been vacated of all dancers, who are waiting anxiously at the wings of the global stage, for this Historical Dance of the 21st Century.

Nothing is more important than global peace and to end the hegemonic genocidal wars in Palestine, specifically in Gaza and the imperialistic war in Ukraine.

Israel's mass murders and the Ukraine war, financed, armed and instigated by the leaders of the US, UK and NATO must be brought to trial to answer for the gruesome crimes of genocide and war crimes under International Law. Crimes of Genocide and War Crimes are distinct and separate crimes for those who are not familiar with International Law.

Hence, a War & Genocide Crimes Tribunal must be held to deliberate on the guilt or innocence of the abovementioned perpetrators and to provide justice for the victims, without fear or favour, BEFORE the end of 2024 and AFTER the unprecedented SUMMIT of the TRIO TO BE HELD within ten days FROM THE DATE OF THIS ARTICLE!

It is not enough that there are expressed desires for peace. There must be accountability and transparency.

The striving for global peace rings hollow when perpetrators are not held accountable and such **ABSENCE OF ACCOUNTABILITY** will lead to another epic war when victims are denied justice. This is a given!

There are really no victors and losers in any war.

World War 1 was continued by World War II, World war III (the Cold War) and now, World War IV as demanded by the war criminal Norman Podheretz and his Trotskyites cohorts (commonly referred to as the "New-Cons").

Wikipedia states that "*Trotskyism (Russian: Троцкизм, Trotskizm) is the political ideology and branch of Marxism developed by Russian revolutionary and intellectual Leon Trotsky along with some other members of the Left Opposition and the Fourth International*". I am only quoting Wikipedia, because Malaysians are addicted to Wikipedia.

President Trump must take the lead as it was his country that is responsible for the global state of war and instability. However, President Putin and President Xi must walk the talk and contribute constructively to the achievement of global peace. It takes two to tango!

I am stating here, loud and clear, that there will be no peace without President Trump on the dance floor. Only an idiot and an imbecile would disputes this reality. I am asserting this, not because I support President Trump. I demand peace!

President Putin and President Xi must be willing to come forward and assist President Trump in this historic undertaking, as otherwise the 21st Century will be another century of wars, culminating in the ultimate nuclear destruction of humanity.

There is no need for any face-saving or grandstanding by any of the trio, as they do not need such an archaic approach to global leadership and be shackled by an obsolete imperialistic world view.

The mere mention of a “multi-polar world” or the “multi-polar powers” is a sad and negative reflection that the creators of the New World are still brainwashed by such hubris.

The three global leaders may think that they are clever and indispensable but they will be buried in the heap of historical trash when they cannot establish global peace. They are merely freaking talking and talking and not walking the talk.

Finally, I dare the trio arseholes to have a Global Summit of Three within 10 days! This type of Summit will be unprecedented and will send shockwaves. There will be peace and criminal Biden and the Democratic Party’s bitches cannot sabotage as they will be useless bystanders.

Don’t F#@K us or we will F#@K all the three of you.

We do not need Biden and the Pelosi type of bitches in the US Congress! We do not need the G-7, G-20, BRICS, Non-Aligned Movement etc. when the three so-called leaders cannot or dare not even meet and talk. They would be scumbags!

Take this advice, as I have given successful unprecedented advice to the powers that be in my role as Political Secretary. If they don’t act on this advice, they might as well F#@K OFF and rot in hell!
