

Whisper's 37th Meditative Insights To The World

Shared by Matthias Chang

There is this much that I am permitted to share with you. You don't have to believe me. In fact, I rather you don't! But ponder and meditate carefully and with humility ALL the messages that I have shared.

It is not my duty to convince, but merely to convey!

There is a REASON for everything that I am allowed to do. I am pushed to the limits of my sanity and reasoning faculties. But, I PERSISTED because of my Faith. Those of you who have received my messages have been pushed to the limits as well.

A handful of people have persisted and have the Faith (not in me, God forbid) in their own goodness and spiritual strength.

For the previous two weeks, I have been waking up at 1 am - too eager and not patient enough. My eyes were so blurry that I fell back to sleep and woke up again at the precise time of 3 am.

Whisper was flabbergasted, and said in an unusual manner (an understatement),

"After all these years, you did not wait patiently till 3 am, but rather pre-empt my arrival because you were too eager and impatient. This is rather disappointing. You seem to **FEEL** that you are **ENTITLED** to receive **ME** at the time of your self-centred choosing and not by **HIS** dispensation. How wrong and stupid you have been to even entertain such a thought. Be **PATIENT**. You are not entitled to anything."

"Get rid of this pernicious mental infection, the **Evil THOUGHT of ENTITLEMENT**."

"This is a lie, that anyone is entitled to anything without **HIS** Blessing. **We have seen how a nation, a people, a community been brought to their knees, suffered such destruction that for three generations, their dreams and expectations of entitlements were shattered and rendered directionless!**"

"This is a given, for the painful humiliation would visit these people, in some cases for a century - a century of shame and humiliation. Know that the last century of **ALL** Empires or Nation that **promoted entitlement** would be most painful and humiliating!"

"Entitlement reflects the pernicious attitude that **"The World Owes Me"** and the people who are so infected are always "idle". Stay away from these fools and avoid them like a plague. There is a cliché "If a man does not work, he will not

eat". Therefore, work day and night and not be a burden to others so that you become a model of behaviour for the idle and those infected with the disease of entitlement."

"Even the world which you lived had to be **CREATED**. Creation is the work of **HIM** who has blessed the men and women to continue **HIS** work of creation by seeking **HIS** faith and strength to continue, come what may. **There are no "freebies"**.

"Therefore, when a person or a community are infected with the disease of entitlement, they expect "freebies". To be crude and direct, entitlement can be defined as **"A LIE, COUCHED WITH A PROMISE"** and this LIE is so rampant in your world of falsehood and manipulation."

"The lie and the promise is that **if you support EVIL** in **ALL** its manifestations, (as in political discourses etc.) you are **ENTITLED** to the false promise that you are 'special, the chosen, protected, able to tread the path to the Rose Garden, and need not be independent'. The bargain is enticing as all that is needed is to believe in the **FALSE PROMISE** given by Evil and **his hirelings**."

"I am now giving you a warning. Many reading this meditative insight assume that I am only referring to **A SPECIFIC** group of people, forgetting that **THIS INSIGHT** is for them to **look at themselves, and not others**."

"The starting point of knowing, of learning is to **EXAMINE** and **ADMIT** that we are the problem and any answers and solutions **MUST FIT THE PROBLEM**, otherwise we will go off the tangent and blame others for the self-created problem."

"By the end of the year, there will be earth shaking changes, demons will run amok Those who have faith will be sustained and blessed."

I can now FULLY appreciate with thankfulness and gratitude that I was given the insight to search and learn from the lyrics of the song

THE GOODNESS OF GOD

After all these years, I was gifted with the above Song.

You just be mad to think it is mere coincidence. Need I say more?

Thank you, thank you Whisper

As ever + eternity and a day!

Matthias
