

# Islam Has Been Betrayed! Global Muslims Must Confront The Ugly Truth. Stop Believing The Freaking MSM BS!

By Matthias Chang – Future Fast-Forward

## No-Holds-Barred Headlines

**Muslims are their own worst enemies.** They f#@k up every time and in every which way, and Islam's enemies are laughing their arses to the proverbial bank to tighten the financial stranglehold around the "artificial wealth" of the Muslims and Muslim countries – Saudi Arabia, United Arab Emirates, Kuwait, Lebanon in the Middle East and elsewhere!

**This so-called Muslim wealth is a MYTH** and is tied to the quicksand of the Toilet Paper Money - the US\$ fiat global reserve currency.

**Every Muslim national army are useless, trained, armed and funded by the Zionist Anglo-American powers and they willingly serve as cannon-fodders for the moribund Empire, with a few exceptions.** Located in these countries are torture sites (rendition sites) used to gain favour and recognition as "friends" and "Allies" of the Empire. Muslims patriots were tortured in secured tortures sites in Muslim countries!

## No Jerusalem Temples (1 & 2) Beneath Al Aqsa Mosque

The situation of the present Dome of the Rock and the Al-Aqsa Mosque is the Holy site for Muslims only - not for the Zionists and or the Christians. To them just quote the Bible regardless whether Muslims and non-Muslims believe the Bible.

Mark 13 (2)

***Then as he went out of the Temple, one of His disciples said to him, "Teacher, see what manner of stones and what buildings are here!" And Jesus answered and said to him, "Do you see these great buildings? Not one stone shall be left upon one and another that shall not be thrown down."***

Mark 11 (15 & 17)

***Jesus went into the Temple and began to drive out those who bought and sold in the temple... Jesus said,***

***"Is it not written, my house shall be called a house of prayer for all nations. But you have made it a den of thieves."***

***And the scribes and chief priests heard it and sought how they might destroy him; for they feared him....***

Mark 13 (3-13)

Now read and research carefully Mark 13 (3-13) referred above. Jesus has prophesied that the temple would be destroyed. And the temple was indeed destroyed!

The destruction was confirmed by historian Flavius Josephus.

In 180 AD, Pausanias wrote: "The city of Jerusalem, a city that the Roman King destroyed to its foundations."

Eusebius also observed, "The Hill called Zion and Jerusalem, the buildings there, that is to say, the Temple, the Holy of Holies, the Altar, and whatever else was there dedicated to the glory of God, **have been utterly removed or shaken down, in fulfilment of the word.**"

What remained was a Roman fort called Fort Antonio. So, it is not possible for the fort to be demolished and or destroyed as alleged by writers etc. but the Temple is preserved for posterity. For archaeologists, the site known as Haram esh-Sharif on which the Al Qsa Mosque is situated conforms to the design of Roman forts which would house a Roman Legion of some 5,000 men.

This site has been deliberately or erroneously called the Temple Mount, when at all material times it was a Roman fortress, "Antonio" built by Herod.

In Ezekial 47 (1), ***"then he brought me back to the door of the temple; and there was water, flowing from under the threshold of the temple toward the East, for the front of the temple faced East; the water was flowing from under the right side of the temple, south of the altar..."***

Is there a stream or a river flowing at or near the present called the Temple Mount"?

I invite all Muslims to research as to who built the Dome of the Rock and how much later, decades later, that that the Zionists Jews claimed that the Holy of Holies of the Temples were situated there. This assertion was not based on historical or archaeological facts. **It was promoted as a myth.**

Nadia Abu El Haj's in "Facts on the Ground: Archaeological Practice and Territorial Self-Fashioning in Israeli Society" stated,

***"The temple mount myth is used by archaeologists as part of their nation-making narrative, crucial to the Jewish identity..."***

Thus when the "Jews" pray at the "Wailing Wall" , they are worshipping at a Roman edifice that historically was despised by their ancestors but, today the

Wailing Wall is the symbol of Jewish identity which global leaders are required to pay their homage and reverence!

## **The Lies and Propaganda.**

I will quote in extenso what Gordon Duff wrote in his introduction to John Beaty's book, "The Iron Curtain over America",

**"Two pivotal works, John Beaty's *The Iron Curtain Over America* and Shlomo Sand's *The Invention of the Jewish People*, have challenged these falsifications and restored attention to the true origins of Ashkenazi Jews. Beaty, a U.S. Army Intelligence officer writing in the postwar context, observed how the narrative of Ashkenazi Jews as direct descendants of ancient Hebrews was being weaponised to manipulate geopolitical discourse. Sand, decades later, brought academic rigor to this analysis, using historical and genetic evidence to demonstrate that Ashkenazi Jews are primarily descended from the Khazars, a Turkic people whose conversion to Judaism was a political and cultural decision rather than a continuation of a biblical lineage.**

**"The consequences of these distortions have been catastrophic. The myth of Ashkenazi Jews as a Semitic people provided ideological fuel for both anti-semitic and Zionist agendas.... On one hand, it allowed European powers to scapegoat Jews as global manipulators, financiers, and political conspirators, feeding the rise of fascist movements and culminating in the Holocaust. On the other hand, it enabled the justification of the colonization of Palestine, turning a falsified history into a pretext for displacement and conflict.**

### **The Distortion**

**"The evidence supports a hypothesis that Jewish populations in Western Europe emerged largely as a result of Khazarian migrations during the 10th and 11th centuries, rather than from an earlier Judean diaspora during Roman times. The absence of archaeological and historical evidence undermines the traditional narrative of significant Jewish settlements in Western Europe before this period.**

**"This re-evaluation aligns with the hypothesis that the early presence of Jews in Western Europe is unsubstantiated, and their origins in Central and Eastern Europe are more plausibly linked to the migration of Khazarian Jews. This conclusion encourages a critical reassessment of accepted narratives and emphasizes the importance of archaeological evidence in reconstructing historical truths.**

**"The historical misrepresentation of Khazarian Jews—Turkic-speaking Eastern Europeans who adopted Judaism and migrated into Europe during the Early to Mid Middle Ages—has long been conflated with the identity of Biblical Judean Hebrews. These distortions fueled early conspiracy theories about Ashkenazi Jews, who are, in fact, of entirely European origin with no ancestral ties to the Middle East or modern Palestinians, the descendants of Biblical Judeans and Samaritans.**

**"Recent scholarship has dismantled the fabricated linguistics and falsified histories that perpetuated these myths, offering a clearer understanding of Ashkenazi Jewish origins and their real historical impact in Europe. By**

*uncovering the truth, the Jewish people—a community subjected to profound historical injustices—are rightly recognized for their genuine contributions to Western European civilization.*

*“The 20th century witnessed the deliberate construction of a narrative conflating Jewish identity with biblical Hebrews. This effort, rooted in the political and ideological ambitions of European powers and Zionist movements, sought to legitimize the establishment of a Jewish homeland in Palestine. However, historical and archaeological evidence challenges this narrative. Scholars like Shlomo Sand, author of ‘The Invention of the Jewish People’, have argued convincingly that the vast majority of modern Jews are descendants of converts, with little to no connection to the ancient Hebrews of the Levant.”*

Duff observes,

*“Fabricated history, when bolstered by armies of lies—misquoting Churchill here—makes everything worse. Lies create a foundation of quicksand, ensuring that entire peoples and their stories are swallowed up, their legacies distorted into weapons of propaganda and control. Worse still, these narratives often serve as pretexts for violence and exclusion, as those holding the reins of power find ways to profit from the misery of the misunderstood.”*

## **Muslims Must Do Justice To Islam, Not to Betray Islam**

I hope that this short article would arouse the interests of Muslims and non-Muslims to pursue further the **truth** on the origins of the Temple Mount and the Al Aqsa Mosque.

It is not for me to write a thesis or a tome for you. As a Muslim and a non-Muslim, interested in finding the **truth**, you must research and study history and not be a zombie, believing whatever propaganda and lies spewed by the Zionist Anglo-American media etc.
