

Whisper's 43rd Meditative Insight To The World.

Timing

The timing of insights from Whisper is beyond comprehension. But, I have never doubted that I must internalize my experience to the reality that I am facing. I was told to value and never forget my true and genuine friends and the sacrifices that they have made.

I will therefore narrate a story that I recalled repeatedly for the blessings received. Ask, "What are the odds?"

A Wealthy Man and A Janitor

No one knew at the material time, how fortunate that Jimmy Walters and William Rodriguez visited Malaysia, and at my invitation met with the then Prime Minister, Tun Dr. Mahathir Mohamad to tell us the truth, the whole truth and nothing but the truth from first hand / direct evidence on how September 11, 2001 occurred.

Mr Walters had spent more than US\$3 Million of his own money to expose that 9/11 was an inside job! He was responsible for financially helping William Rodriguez to tell his experience as a janitor on that fateful day and the 9/11 Truth Movement.

Jimmy Walters and William Rodriguez were so humble and took so many risks by producing the CDs to share the truth without which Malaysians would be so blur and ignorant.

Aljazeera reported inter-alia,

And he is offering more cash to anyone who proves him wrong.

The millionaire activist is so convinced of a government cover-up that he is offering a \$100,000 reward to any engineering student who can prove the World Trade Centre buildings crumbled the way the government says they did. "Of course, we expect no winners," Walter, 57, heir to an \$11 million fortune from his father's home-building business, said in a telephone interview from California on Wednesday. He accuses figures in government, the military and business of involvement in the September 11 attacks. Walter insists there had to be explosives planted in the twin towers to cause them to fall as they did, and also rejects the official explanation for the damage done at the Pentagon.

"We have all the proof," said Walter, citing videotapes and testimony from witnesses. "It was not 19 screw-ups from Saudi Arabia who could not pass flight school who defeated the United States with a set of box-cutters," he said. He dismissed the official September 11 commission report, saying: "I don't trust any

of these facts. I am a patriot fighting the real traitors who are destroying our democracy. I resent it when they call me delusional”

Time constraint compels me to quote from Wikipedia on Rodriquez:

William Rodríguez is a former janitor at the North Tower of the World Trade Center during the September 11, 2001, attacks and was in the basement of the North Tower when American Airlines Flight 11 crashed into the building. After the attacks he received several awards for heroism for helping in the evacuation of many survivors. The Birmingham Mail said about Rodriguez: "He bravely led fire-fighters up the stairs, unlocking doors as they climbed and helping hundreds of survivors" and The Lancashire Telegraph added: "He then went back into the building in a bid to rescue his friends at the top of the tower, on the 106th floor. But he kept finding others who needed his help as well."

Rodriguez became prominent in the Latino community for helping to institute an economic amnesty program for victims of 9/11 who were undocumented workers. Subsequently, Rodriguez travelled around talking about a theory and his experiences on 9/11, giving motivational lectures and discussing disaster management. The Herald newspaper of Glasgow characterized him as "the poster boy for a movement currently sweeping the globe... the 9/11 Truth Campaign." He titled his website "911keymaster" appearing on TV and having himself photographed frequently with a 'master key' to the World Trade Center which, he has alleged on BBC and Dutch TV and C-SPAN, saved hundreds of lives. He also used the title "Last Man Out", touring in the UK and the US with that phrase. Rodriguez has also employed the "Last Survivor of the World Trade Center" slogan. Newspapers articles state that he raised 122 million dollars for the victims of 9/11.

I count my blessings that at the critical juncture of history, I found such brave and selfless friends. Long may they continue with their efforts and I am indebted and inspired by such heroes!

I am still in touch with Jimmy who never hesitates in offering his advice and opinions, regardless whether I agree or disagree. We unite on the lowest common denominator – in search FOR THE TRUTH!

So, count your blessings and treasure your true friends!
