

An American Patriot's Perspective... You Ignore This Analysis At Your Peril

*[Matthias Comments: Sounds familiar – in my previous article, I mentioned the **Table of Power** and the **Four Mafia Political Families** must sit down and resolve global turf warfare. But we have Malaysians masquerading as “know-all” arrogating to themselves that their “people / team” know the true picture and promoting their agenda to mislead and manipulate you. I smelt their sulphur of Evil a long time ago. Be careful.]*

If one listens to President Trump as he talks about taking Gaza and developing it, in particular, the day Netanyahu was there, he said, **"look, I don't want to be a wise guy here, but...."** and then went on to say why what has been done in the past has not worked and how the people have been suffering for the last 100 years and that the place is just a demolition site, etc etc etc!

"Wise guy" is a term often used in NY to mean a mob figure. With Trump using that term, he is acknowledging to Bibi and the world, that the fight over Palestine and Gaza in particular is indeed a gangland turf war and that he is taking America's piece of the action for having to put up with all of this sh for the last 60 years, for 911, for the USS LIBERTY attack, and on and on and on.**

Basically that the events of October 7th forced him to do what he is now doing and I am of the opinion that not only did Israel and Netanyahu know about it in advance, but that they orchestrated it either through negative control or actually their own agents and assets on the ground doing it. **Either way, Trump knows about it and is taking away from Israel and Netanyahu the prize of Greater Israel--the Jews will have failed to fulfill the Jewish god yahwey's command to take all of the land from the Nile River in Egypt to the Euphrates River in Iraq and Iran is not going to be destroyed.**

Geo-political checkmate!

Only a New York real estate developer who has been dealing with the Tribe for 50 years could have pulled this off.
