

The Dancing “Wushu” Grandmasters – President Trump, President Putin & President Xi **Must Unite** To Resist The Evil British Empire By Matthias Chang – Future Fast-Forward

Preamble

Having given so much information and data, I would have thought that Malaysians would be able to join the dots.

I made the erroneous assumption, that notwithstanding the publication of text books for schools etc. **controlled** by a Malaysia government agency, Malaysians would go beyond textbooks and download global resources from the internet and join the dots.

How wrong, as Malaysians are still thoroughly brainwashed and refuse to be enlightened about the real political world and admit to the scourge of having a manipulated mind-set, continue to be zombies, subservient and obedient to the British Crown and the City of London Deep State.

Disagree by all means and condemn me but, you can never deny the Truths reveal below.

Australia

A historical Perspective (source: Wikipedia)

At the beginning of the 17th century Dutch explorers began to uncover the secrets of the Australian continent. Willem Jansz and his crew of the Duyfken made history in 1606 by being the first recorded Europeans to set foot on Australian soil at the Pennefather River on Cape York Peninsula. It was previously known as the **“New Holland”**.

Australia achieved **full sovereignty** from the UK **on a progressive basis**. On 1 January 1901, the British Parliament passed legislation allowing the six Australian colonies to govern in their own right as part of the Commonwealth of Australia. Britain's flag, the Union Jack, appears on the top left quarter of the Australian National Flag to acknowledge the history of British settlement in Australia.

In 1931, the Parliament of Britain passed the **Statute of Westminster** which prevented Britain from making laws for its dominions. After it was ratified by the Parliament of Australia, this formally **ended most** of the constitutional links between Australia and the UK, although **Australia's States remained "self-governing colonial dependencies of the British Crown"**.

A snippet from WWII:

*On 3 September 1939, the Prime Minister, **Robert Menzies**, made a national radio broadcast:*

*"My fellow Australians. It is my melancholy duty to inform you, officially, that, in consequence of the persistence by Germany in her **invasion of Poland**, **Great Britain has declared war upon her, and that....***

***as a result, Australia is also at war.** The recruitment of a volunteer military force for service at home and abroad was announced, the **2nd Australian Imperial Force**, and a citizen militia organised for local defence."*

Subsequently, the bombshell in 1975. At 1.00pm on 11 November 1975, Governor-General Sir John Kerr handed a letter to Gough Whitlam terminating his appointment as Prime Minister of Australia. Kerr also terminated the appointment of Whitlam's ministers—and, effectively, of his government.

The Australian head of state was Her Majesty Queen Elizabeth II and now succeeded by King Charles III.

The **final step to full sovereignty** was the passing of the **Australia Act 1986** in the UK. **The Act removed the right of the British Parliament to make laws for Australia and ended any British role in the government of the Australian States.**

It also removed the right of appeal from Australian courts to the British **Privy Council** in London. Most important, the Act transferred into Australian hands full control of all Australia's constitutional documents.

READ THE UNDERLINED AND IN BOLD WORDS - 5 TIMES

Join the dots and understand the full implications. Only arseholes demand a person, like Matthias Chang to spit out the Truth.

Consider also that **only on the 1st of January 1985**, the Federal Court of Malaysia was renamed as the Supreme Court under the Constitution (Amendment) Act 1983.

In parallel with such amendment, Article 131 of the Federal Constitution which allowed the appeals from the Federal Court to be referred to the Privy Council was abolished.

When did Malaya obtain Independence from “Mother England”?

When was Malaysia established?

Canada

A Summary (source: Wikipedia)

The Constitution Act, 1982 patriated the British North America Act, 1867 to Canada, thus ending any Canadian dependence on the Parliament of Westminster and further defining its **complete independence**.

Really?

On September 8, 2022, upon the passing of Queen Elizabeth II, His Royal Highness, The Prince of Wales acceded to the Throne and became His Majesty King Charles III.

His Majesty was officially proclaimed as King of Canada at Rideau Hall on September 10, 2022.

Charles III or any British monarch after him “owns” around 90% of Canadian land. 90% of the land is considered “Crown land” which the land belongs to whoever holds the British crown.

The majority of all lands in Canada are “held by government” as public land and are known as Crown lands. About 89% of Canada's land area (8,886,356 km) is **Crown land**, which may either be federal (41%) or provincial (48%); the **remaining 11%** is privately owned.

King Charles III, representing the British Crown, holds dominion over a staggering 6.6 billion acres of land, making the British Royal Family the largest landowner in the world. This includes vast swaths of Canada, Australia, and other Commonwealth realms.

The Current Geopolitical Scenario

President Trump is telling the whole fucked up world, that you guys don't know history and have kept your freaking mouths all these years, have no balls and adding insult to injury, have the audacity to criticize him that he is “crazy”, “outlandish”, “only an ignorant businessman” and would “wage wars”.

He is a genius (regardless whether you hate or like him) and you guys are freaking arseholes!

If the British Empire can give the names “The Indian Ocean” to placate the subservient and obedient Indians and “the South China Seas” to demonstrate her imperial control of the land and waters of China, the “Gulf of Mexico” in recognition of the fact that the previous lands (now part of the USA) were under the control of Mexico, why can't President Trump, being the elected leader of the American Empire changed or give a new name to a piece of real estate as did the British Empire?

This is the language of Empires - this is the reality whether we like it or not. So, shut the fuck up because YOU kept your mouths shut when the British Empire spat on you!

In the current status quo, what can you do, when President Trump is working with President Putin and President Xi for world peace?

You guys can do “Fuck All” because you have accepted to be the arse-licking subjects of the British Empire in every sense of the word!

Disagree????

Then explain and justify why the political guys the world over, fashioned their **formal attires** as carbon copies of the British Empire attires? I puke at the irony! Are you blind?

The British Empire HQ is protected in the North by the Arctic, on her southern borders by the “English Channel”, in the East by the North Sea and in the West by Canada.

Brexit was a geopolitical chess move in anticipation of the war against Russia in Ukraine. Brexit was the withdrawal of the United Kingdom from the European Union on 31 January 2020 so as to hoodwink President Trump and the US to continue the “special relationship” between US and Great Britain.

It was a geopolitical scam, to make use of US military as cannot fodders for British Empire's war agenda. As of 2020, the UK is the only member state to have left the EU. Why?

Britain entered the predecessor to the EU, the European Communities (EC), on 1 January 1973 but retained the £ currency to assert her remaining financial hegemony! Why?

From the perspective of a declining Empire, it makes geopolitical sense for the US to create confusion by inter-alia:

- Making a claim on Canada to be the 51st state of USA;
- The renaming of Gulf of Mexico to the Gulf of America;
- The acquisition of Greenland before UK makes a claim to control the Arctic region;
- Control of the naval choke-hold of Panama;
- The theatrics of supporting Israel to expose the hypocrisy of the Arabs and Muslims in the region;
- Israel has served its purpose and now an unnecessary burden to save the American Empire;
- Europe and the Middle East is a huge mess – a shit hole; and
- The US will no longer be the sucker (as declared by the new US Secretary of Defence, Pete Hegseth);

Drugs (opium) were used by the British Empire to subjugate China. To maintain control of the US, **Great Britain working with global drug cartels**, unleashed the drug, fentanyl causing at the minimum 100,000 fatalities annually in the US.

This is where President Trump has been blind-sided, because his advisers believed that UK is an ally. The British Empire is Evil!

The Labour Party campaigned during the US presidential election to elect Kamala Harris to be president as reported by the Washington Post. NBC News also reported as follows:

“Trump accuses Britain's ruling Labour Party of election interference. British Prime Minister Keir Starmer said his party had done nothing wrong.”

So, why you cannot join the freaking dots?
