

Whisper's 44th Meditative Insight To The World

Shared by Matthias Chang

Something strange, in fact extraordinary, happened to me early this morning. I felt an eerie palpitation at the horrid hour of 1.25am. Waited and waited and when waiting, I meditated on an ugly Truth.

At 3.00 am on the dot, Whisper hovered over me and asked (even though he knew the answer),

“What shattered your view of yourself and of the world?”

“Let me explain in more detail, the inner hidden meaning of your meditation from 1.25 am till my arrival.”

“Your view of yourself and the world, including the people around you was shaped and prejudiced by “seeing” only things **“above”** the ground. It was the naked and ugly truth of what you and your people are, and not what you can be or ought to be. “

“Our insight is different. Otherwise you would have been discarded like some old rags! We saw beyond the ugliness and the incomplete ugly truth. You were saved because we saw beyond the ‘flawed and ugly truth of your outer-self’ just as a diamond must first be polished and crafted to reveal the ‘inner beauty of the creation’ which was a perfect creation, but over time, was treated with scorn and even with contempt.”

“We saw what was hidden, beyond the perception of the eyes. **Our hearts** told us that we must view you and your people from a different perspective.”

“Take a plant that bears fruit or flowers. Over time, even the most beautiful flower wilts and fades into ugliness.”

“But we ‘see’ beneath the ground, the firm foundation of all creation – the ROOTS that extend in all directions to sustain the plant. All creation has ROOTS, without exception. The difficult and neglected question to be addressed is, WHAT ARE ‘YOUR ROOTS’ OR ‘WHAT THE ROOTS / THE FOUNDATION of existence?’”

“A plant can be **‘replanted’** and bear flowers or fruits **if the ROOTS are firm, healthy and not neglected**. Often the re-planted, having a second chance bears more fruits or flowers, and bewilders the grower and attracts more admirers.”

“What sustains the ROOT OF ALL THINGS? It is grounded on FAITH, DISCIPLINE, PERSISTENCE AND THE STRENGTH TO SURMOUNT ALL CHALLENGES!”

“So, judge all things and creations by their ROOTS and not what can be perceived ‘above ground’ as what have been hidden cannot be deceived, manipulated or misled. If the roots are dead, the plant dies. This is the reality. When the roots are healthy, the plant can be re-planted and given a second chance.”

“So, do not neglect the ROOTS, more so when you are replanting”

“You have not been replanted. For over 75 years, your roots have sustained you and your life. You were ‘firmly rooted’ to withstand the challenges of imprisonment, hunger strikes, isolation, betrayals, humiliations and insults. Count your blessings that you are rooted so firmly. But beware of arrogance and false pride. This twin of derogative character will be your down-fall. Be vigilant!”

I am blessed, so blessed that whenever I have to face enormous challenges, Whisper’s meditative insights fortified my Faith in HIM. Whisper kept me firmly rooted!
