

Israel's Spy Jeffrey Goldberg Trapped In The Box, Leaked A 'Nothing Burger' Yemen War Plans. Got Screwed Big Time!

By Matthias Chang – Future Fast-Forward

Making a mountain out of a molehill for the US attack on Yemen, “the poorest country in the world” that destroyed the so-called mighty Israel economy!

The Big Fuck Up

The world's intellectual masturbators / renowned analysts still trapped in the proverbial box.

The cliché “think out of the Box” is so freaking stupid and idiotic that in order to **THINK**, you must first get out of the box, hence **THINKING OUT OF THE BOX!**

When one is **not stupid** and **not trapped** IN THE BOX, there is **no need** to **THINK OUT OF THE BOX!**

So, arseholes, ask, “WHY THE FUCK DO YOU REMAIN IN THE BOX?”

You are so brainwashed that you are always trapped in the box!

Jeffrey Goldberg's Fuck Up

Do this mental exercise!

How would you expose the Zionist spies / moles, hell bent to infiltrate and or destroy your organisation?

Simple!

The Trump administration already declared that they will attack Yemen, a small country (south of Saudi Arabia) that cannot even be bullied by the Saudis, NATO, UK and US “paper tiger” militaries for over a decade.

A second aircraft carrier battle /strike group led by USS Carl Vinson (CSG-1 or CARSTRKGRU 1) was even despatched to the Red Sea. Big Deal! BS!

There will be no US boots on the ground in this attack. Israel Zionists and US Deep State Military have **no balls to fight at all**. So, a massive **AIR ATTACK** can only be executed!

Jeffrey Goldberg, a known Israel spy was selected to be the patsy to “leak” the nothing burger war plans and see how the story would be exposed and utilised by the controlled global media to attack the Trump’s National Security Team who pretended to be stupid and inexperienced.

What the fuck is there to attack in Yemen?

Zilch!!!!

All Yemen’s missiles are on “Mobile Transporters” and cannot be located in the vast expanse of the Arabian Desert etc. After the air raid, was there any news that each and every missile in Yemen have been located and destroyed?

Zilch!

BUT JEFFREY GOLDBERG (THE REAL TARGET) AND HIS MODUS OPERANDI WAS EXPOSED. THE FAKE NEWS FELL FOR THIS SIMPLE POLITICAL TRICK!

NATIONAL SECURITY ADVISER, MICHAEL WALTZ (A NEO-CON) WAS THE USEFUL IDIOT, BUT HE PLAYED THE PART, WILLINGLY AS EXPECTED.

Hillary Clinton exposed emails (over 30,000 – classified and non-classified) did more damage to the US national security, but Biden and the corrupt Deep State operatives did nothing and gave Hillary a pass.

And freaking arseholes get all excited over a non-issue!

Regardless whether you support or hate Trump, the use of Jeffrey Goldberg to expose the nonsensical war plans was a **master-stroke**. President Trump was unfazed and could not be bothered. The **guaranteed failure** of the operation would be attributed to the “leak” by the Israeli spy, triggered by Waltz, the National Security Adviser, even as the attack was **demanded by the Deep State and the Military-Industrial-Financial-Complex**.

The Israeli gun was pointed at Trump but blanks were fired!

Pete Hegseth and others played their part and diverted the more important policy issues from the glare of the spotlight. I need not mention them here, but the relevant players know what I mean. What should have been “head-lined” did not even get a mention in NYT, Washington Post, Wall Street Journal etc.

Noise, noise and so much noise! The Democrats in Congress proclaimed that they had a home run. But, it was nothing of that sort. Just arseholes prancing each and every which way, not realising that they have been played by Trump!
