

President Trump Gave Ukraine, UK / Europe & NATO The Last Chance. The War Scumbags Fucked Up Big Time. USA Will Not Be British Empire's Suckers Anymore!

By Matthias Chang – Future Fast-Forward

Finally, the world saw with their own eyes, how fucked up and corrupt the global Deep State agenda for Global War.

Trump tried to be friends with France's Macron, he fucked it up!

Trump tried to be friends with UK's Starmer, he fucked it up!

But the biggest fucked up was when the clown Zelensky, egged on by UK / Europe and NATO, revealed the ultimate ugly Nazi fangs to destroy USA and Russia for the horrendous Nazi defeat in WWII.

As a lesson to the world, Ukraine must surrender, sign the agreement prepared by President Trump, eat humble pie and stop the killing and the corruption and looting of the war loot in the \$ Hundreds of Billions...

OR

The total destruction of the Nazi's agenda to destroy Russia which was the hidden agenda of the BRITISH EMPIRE IN WWII, to use Hitler's Germany in Operation Barbarossa, and now to use UKRAINE as the bait to lure US to fight British Empire's war in the 21st century.

Pete Hegseth, the US Secretary of Defence, in Munich warned UK and Europe, that the US would not be suckers anymore!

Zelensky was told to Shut the fuck up!**

If Truth Be Told

There were always two global Power Centres, but few knew the entire story.

The huge clue was given by President Trump to the entire world – ***The Defence Budget for USA, Russia and China – CAN BE CUT IN HALF***, and this was agreed by the three leaders even **BEFORE** the meeting at the **TABLE OF POWER**.

The Global Deep State was financed by the extravagant US Budget which allowed the war criminals to have a **SEPARATE** military running parallel - an air-force, navy and army answerable not to the constitutionally elected Commander-in-Chief, but to the **SECRET CABAL** that operates till today from the **City of London** to preserve the British Empire. **I KNOW THIS!**

The Secret Cabal operatives have embedded in each level and the various entities of the governmental superstructure. President Trump and his team planned and planned for four years to expose this **EVIL**.

The US **Government Accountability Office (GAO)** was so infiltrated by rogue elements that President Trump had to create **DOGE** to expose the filth and corruption.

Surely, the **GAO** would have been able to expose (if it wanted to) the fraud, the wastage and the crimes but did not, so as to convince the electorates that the finances were in order, notwithstanding the huge historical debts accumulated - \$ Trillions and counting.

If **GAO** (a SCAM) was effective, why would there be a need for **DOGE**?

Use your freaking common sense!

So many arseholes wrote, spoke and opined BS about President Trump and his agenda. The so-called “policy confusion” were covers to mislead the Deep State of the real intentions. **That’s why the global MSM was so exasperated, confused and in full panic mode.**

The moment President Trump met with Putin and had an understanding of the extent of the evil, they agreed to the need to co-ordinate.

The Deep State and their favourite puppet (Zelensky) upped their ante and tried to bait President Trump. Hence the flurry of White House visits by Macron, Starmer and Zelensky.

This was their last card to be played in the ultimate political Poker Game.

There is so much more, but time does not permit a lengthy analysis

**I need to send this message out to you for the record,
that arseholes got it so wrong on so many issues!**
