

# **MAGA Means Nothing When President Trump Is Not Sitting At The Geopolitical Table With China and Russia To Draw A New Map**

**By Matthias Chang – Future Fast-Forward**

**This is a NO-HOLDS-BARRED article for the people of the USA and specifically for the Trump's team at the White House.**

**Mistakes after mistakes were committed since the inauguration of Donald Trump as President of the USA. Instead of sitting at the geopolitical table with the Heads of the Russian and Chinese political families (President Putin and Xi respectively) to draw a new map, Trump went beserk and unleashed a global tariff war, falling prey to the manipulations of the Zionist British Empire to be the 'attack dog' for the financial elites of the City of London.**

I can assure my global readers with certainty that **not one member** of the White House Team has asked the President, **to what period in time or era are we 'Making America Great Again' (MAGA)?** A meaningless slogan when there are no references to a specific time or era – pure intellectual masturbation!

**And slavish Malaysians echo the call sheepishly in total ignorance as well!**

I would remind Trump and his team the immortal quotation,

***"If you know the enemy and know yourself, you need not fear the result of a hundred battles. If you know yourself but not the enemy, for every victory gained you will also suffer a defeat. If you know neither the enemy nor yourself, you will succumb in every battle."***

***Sun Tzu - The Art of War***

There will be a freaking global economic and financial collapse, as Trump is fighting the wrong wars and does not know the real enemies of the USA. **I am making a huge assumption that Trump will not succumb to the control and manipulation of the City of London (The Zionist British Empire).**

Not for a moment am I forgetting that Trump is the creature of the US establishment and his DNA is to preserve the Zionist Anglo-American Empire.

But, I am also not forgetting that,

- Presently, the US economy is critical for the global economy;
- The US cannot survive without China and Russia as allies;

- That the prevailing economic theories were promoted by the Zionist British Empire to sustain her empire and is central to her stranglehold of the colonies (even as they have proclaimed their so-called Independence such as Malaysia etc.);
- The essence of “Keynesian Economics” is economics for the Empire;
- The colonies must export to the Empire and be the consumption markets for the Empire’s finished products;
- The concept of a global reserve currency was an Imperial Concept first enunciated by the Zionist British Empire, via the £ currency, and now the US\$ currency - the exorbitant privilege enjoyed by the people of Great Britain and presently the US. The empires fucked us up big time for centuries but we still are so subservient and slavish;
- There will be changes, major shifts but it will take at least a hundred years –

***“Right now there are changes – the likes of which we haven’t seen for 100 years – and we are the ones driving these changes together,” Xi told Putin as he stood at the door of the Kremlin to bid him farewell.***

***The Russian president responded: “I agree.”***

***Xi then put out his hand to shake Putin’s and said: “Take care please, dear friend.” Putin responded by holding Xi’s hand with both of his and saying, “Have a safe trip.”***

## **A Timely Reminder**

In **Book IV** on **Politics** of “The National System of Political Economy”, Friedrich List reminded us that,

***It is a very common device that when anyone has attained the summit of greatness he kicks away the ladder by which he has climbed up, in order to deprive others of the means of climbing up after him. In this lies the secret of the cosmopolitical doctrine of Adam Smith, and of the cosmopolitical tendencies of his great contemporary William Pitt, and of all his successors in the British government administrations...***

***Any nation which by means of protective duties and restrictions on navigation has raised her manufacturing power and her navigation to such a degree of development that no other nation can sustain free competition with her, can do nothing wiser than to throw away these ladders of her greatness...***

***... to preach to other nations the benefits of free trade, and to declare in penitent tones that she has wandered in paths of error, and has now for the first time succeeded in discovering the truth...***

**Read five times the underlined words, so that it will remain forever engraved in your heads, the perfidy and cunningness of the British Empire!**

Now read and memorise the following quotation by List,

*Not a word here of the old maxim of England, that a nation can only attain to the highest degree of wealth and power in her foreign trade by the exchange of manufactured products against agriculture products and raw materials.....*

*This maxim was then, and has remained since, an ENGLISH STATE SECRET; it was never again openly professed but was all the more persistently followed...*

Free trade is a lie and a trick!

What we want is Fair Trade!

There is a huge difference between “**Free Trade**” (for the Empire to dominate the weak) and **FAIR TRADE** for everyone to collaborate and thrive!

What Trump and the US is undertaking is to **reclaim** the greatness of the Zionist British Empire without realising that the US's biggest enemy is the Zionist British Empire who cannot afford to have a powerful USA, economically and financially, to undermine British dominance.

**The British Empire kicked the ladder, but to her surprise the 13 colonies surpassed British economic power and stranglehold, and gained independence but, Great Britain succeeded in her neo-colonial policies and manipulated the US to be her bully, to kill and massacre any “enemies” that stood in the way of the Empire.**

**President Trump has been advised to act accordingly. Instead of MAGA, Trump has been indoctrinated and manipulated to “Make American Weak Again (MAWA)!**

**How fucking stupid and idiotic!**

There will be a global reset, but Trump, Putin and Xi must collaborate to ensure global peace and CRAFT a new financial infrastructure so that the world can prosper together – a 100 hundred years of back breaking hard work to dethrone the Zionist British Empire, before we partake at the Table of Global Feast!

USA cannot do it alone!

Russia cannot do it alone!

China cannot do it alone!

No country can do it alone!

Each country must make their country great again then they collaborate and lead, to make the World Great Again – **the vision of a Global Civilisation, the Triumph of Humanity!**
