

# Trump Giving Wrong Signals For World Peace. Russia, China, North Korea & Iran, Not Enemies Or Threats. The British Empire Vengeful Hatred Of USA - The Mortal Enemy!

By Matthias Chang – Future Fast-Forward

99 per cent of the world's people will never understand the hidden meanings disclosed hereafter. None of their freaking business and they don't matter.

President Trump - Pay attention:

- DON'T WEAR THE RED TIE ANYMORE! WRONG SIGNAL;
- DON'T DISPLAY WITH THE HANDS THE SILLY SYMBOL, WHEN SITTING IN THE OVAL OFFICE! WRONG SIGNAL;
- THE BRITISH EMPIRE COULD NOT KILL NIXON, SO WATERGATE WAS THE TRAP TO DESTROY PRESIDENT NIXON;
- THE EUROPEAN CONTINENT, THE MIDDLE EAST AND ASIA WERE THE BRITISH EMPIRE GEOPOLITICAL PLAYGROUNDS;
- THE US, A GREAT NATION WAS SUCKED INTO WWI, WWII, THE COLD WAR, THE KOREAN WAR, THE VIETNAM WAR, AFGHANISTAN, THE UKRAINE ADVENTURE AND NOW THE IMPENDING WWII;
- ASK, WHO CAN DESTROY USA FROM WITHIN;
- ASK, WHAT WAS THE ESSENTIAL WARNING FROM PRESIDENT GEORGE WASHINGTON IN HIS FAREWELL SPEECH;
- DON'T GO TO UK TO VISIT KING CHARLES III; AND
- LET THE WORLD SEE HOW KING CHARLES III VISIT USA & SUBMITS TO THE PRESIDENT OF THE USA. THE RIGHT SIGNAL!

That said, President Trump must not sacrifice any US soldiers for the British Empire. The soldiers must never be the cannon fodder for the British Empire.

Lord Balfour (after intense preparations) **CREATED** the freak show, Israel and **yet it was the USA that was the first country to recognise the freak creation for British Empire's agenda. Wikipedia states:**

The United States was the first country to recognize Israel, doing so on May 14, 1948, the same day the state was proclaimed. President Harry Truman issued a statement recognizing the Provisional Government of Israel as the de facto authority. This recognition was a statement of support for the Jewish people's right to self-determination in their ancestral homeland, according to Truman.

The last sentence is BS!

The British Empire created the shit, but the US was directed to carry the pail of shit since 1948. The British Empire and the Europeans screwed the JEWS BUT PRETENDED TO BE SO INNOCENT. Then the USA WAS SUCKED INTO ADOPTING ISRAEL AS THEIR GEOPOLITICAL BABY!

## The Ultimate Geopolitical Scam Against The USA

One of the key aspects of the history of the British Empire was the devious manner in which potential enemies of the British Empire were destroyed. Time does not permit me to examine in detail the deviousness of the British Empire throughout her history.

It will suffice for President Trump to know that the ambitions of France were instigated by the British geopolitical strategies, that led to the complete destruction of France.

**Read carefully the history of the Napoleonic Wars:**

*The Battle of Trafalgar, a pivotal naval engagement of the Napoleonic Wars, saw the British Royal Navy, commanded by Admiral Horatio Nelson, decisively defeat the combined French and Spanish fleets off Cape Trafalgar in south-western Spain on October 21, 1805, securing British naval supremacy. A fleet of 33 ships (18 French and 15 Spanish) under Admiral Pierre de Villeneuve fought a British fleet of 27 ships under Admiral Horatio Nelson. The Battle of Trafalgar was important because it established British naval supremacy for more than 100 years. The battle also shattered Napoleon's plans to invade England\*\*\*\*\**

*The French invasion of Russia, also known as the Russian campaign was initiated by Napoleon with the aim of compelling the Russian Empire to comply with the continental blockade of the United Kingdom\*\*\*\*\**

*Widely studied, Napoleon's incursion into Russia stands as a focal point in military history, recognized as among the most devastating military endeavours globally. In a span of fewer than six months, the campaign exacted a staggering toll, claiming the lives of nearly a million soldiers and civilians.*

*On 24 June 1812 and subsequent days, the initial wave of the multinational Grande Armée crossed the Neman River, marking the entry from the Duchy of Warsaw into Russia. Employing extensive forced marches, Napoleon rapidly advanced his army of nearly half a million individuals through Western Russia, encompassing present-day Belarus, in a bid to dismantle the disparate Russian forces led by Barclay de Tolly and Pyotr Bagration totalling approximately 180,000–220,000 soldiers at that juncture. Despite losing half of his men within*

six weeks due to extreme weather conditions, diseases and scarcity of provisions, Napoleon emerged victorious in the Battle of Smolensk. However, the Russian Army, now commanded by Mikhail Kutuzov, opted for a strategic retreat, employing attrition warfare against Napoleon compelling the invaders to rely on an inadequate supply system, incapable of sustaining their vast army in the field. In the fierce Battle of Borodino, located 110 kilometres (70 mi) west of Moscow, Napoleon was not able to beat the Russian army and Kutuzov could not stop the French. At the Council at Fili Kutuzov made the critical decision not to defend the city but to orchestrate a general withdrawal, prioritizing the preservation of the Russian army. On 14 September, Napoleon and his roughly 100,000-strong army took control of Moscow, only to discover it deserted, and set ablaze by its military governor Fyodor Rostopchin. Remaining in Moscow for five weeks, Napoleon awaited a peace proposal that never materialized. Due to favourable weather conditions, Napoleon delayed his retreat and, hoping to secure supplies, began a different route westward than the one the army had devastated on the way there. However, after losing the Battle of Maloyaroslavets, he was compelled to retrace his initial path.

As early November arrived, snowfall and frost complicated the retreat. Shortages of food and winter attire for the soldiers and provision for the horses, combined with guerilla warfare from Russian peasants and Cossacks, resulted in significant losses. More than half of the soldiers perished from starvation, exhaustion, typhus, and the unforgiving continental climate.

The Russian campaign resulted in a devastating defeat for Napoleon, leading to the collapse of his Grande Armée. This defeat weakened Napoleon and ultimately contributed to his downfall at Waterloo. France was totally exhausted in the Russian campaign.

The coup de grace was inflicted by the British on the French in the Battle of Waterloo which was fought on 18 June 1815 between Napoleon's French Army and a coalition led by the Duke of Wellington and Marshal Blücher. The decisive battle of its age, it concluded a war that had raged for 23 years, ended French attempts to dominate Europe, and destroyed Napoleon's imperial power forever.
