

# Whisper's 54th Meditative Insight To the World

Shared by Matthias Chang

I have repeatedly shared my experiences with Whisper, regardless whether you believe me or considered that I am a bloody arsehole or mad. It does not bother me at all, as I am only the messenger for which I am grateful and thankful for receiving the insights and to serve humanity, without fear or favour.

At 3.05 am, Whisper kindly shared this thought with me,

"Matthias, you have been betrayed so many times, taken for granted, your suggestions thrown away or ignored but, you never flinch or felt disappointed but plodded forward, just as water slipped off from the ducks' backs."

**"It takes a heap of confidence and discipline not to let emotions rule the day but to reside in the Joy of Faith in HIM who has never failed you - never ever failed you."**

"Many have learned from their failures and successes but they exploit this blessing with the distortion and lust to acquired wasted wealth for ego and self-interests. **Such lust destroys their soul. Count your blessings that you have been protected for so long and each night we hear your cries, when evil haunts you.**"

"**Gratefulness** and **thankfulness** is the path **THAT NUTURES** wandering souls. It is not important that others do not hear you. We hear you and stood by your side, even when you were on a hunger strike and imprisoned for a false and heinous charge. We were there with you! **You were manipulated for selfish ends.**"

**"Only our presence matters!"**

**"No one or any circumstances can rob you of this lavish GIFT from HIM."**

"Whenever you are clouded with disappointments, you can never know whether it is the end of a journey or the beginning of an adventure or the blessings of a New Day."

Whispered continued,

"This early morning, you will be overjoyed, that one of your prayers will be answered, that colours and beauty will re-enter your life when you open the door of your house, soon after your meditative practice.

"You must pray and gave thanks."

**“Continue your struggle, have faith in HIM. You are never alone as he is the Shadow that is always beside you.”**

**“When you can see the shadow, you see HIM.  
You discover your true self.  
You and the shadow are ONE.”**
