

# Zionist Occupied Governments Israel and US are Satan's #1 Terrorist State Pariahs

By Joachim Hagopian - October, 2025

Once the US dropped atomic bombs on Japan in 1945, ever since for eight straight decades now, the other eight countries that also subsequently developed nuclear weapons have always refrained from using them. Up until just recently, mutually assured destruction as an effective nuclear deterrent has prevented hostile rivalries from blowing each other up. It has kept in check the longstanding Cold War rivalry between US and Russia as two adversaries possessing the most warheads on the planet from nuclear annihilation. The same applies to decades of contentious relations between India and Pakistan.

Yet of the nine nuclear armed nations, only one – Israel, has been permitted to steal both uranium and nuclear secrets from America to not so secretly develop its own nuclear arsenal without condemnation or consequence from the rest of the world, with look the other way complacency. Why? Because the US supports Israel unconditionally. No other nation could ever get away with this except the Jewish State, much less issue a Sampson option reserving the right for unconditional nuclear attack on friend or foe. Meanwhile, Israel took part in assassinating both America's favorite president JFK and five years later his brother RFK five months away from capturing the second Kennedy presidency. Israel silenced both Kennedy brothers because they were determined to prevent Israel from acquiring nuclear weapons and determined to enforce America's Foreign Agent Registration Act (FARA) to prevent Israel turning the US into a treasonous Zionist Occupied Government (ZOG) that we've pathetically been stuck with ever since. Israel has never been our true ally, but always a dead weight liability, now about to drown us as a fellow world pariah justifiably detested by most of the world.

Israel has never been held to account for murdering America's most beloved leaders, nor for subversively stealing our nuclear secrets to illicitly develop its nuke arsenal, nor for violating FARA as the only nation on earth allowed to openly bribe our Israel-first, traitorous ZOG. Israel is indelibly linked to assassination of all three of America's top leaders from the 1960s – JFK, RFK and the revered civil rights leader MLK. The CIA and Jewish State's bloody fingerprints as perpetrating assassins are not only all over these crime scene corpses, incriminating evidence is mounting that the Jewish state silenced Charlie Kirk last month as well.

Israel's Mossad intelligence agency, again is the only intel agency in the world that openly boasts its iconic prowess by "way of deception, thou shalt do war." As flagrant proof backing up such criminal arrogance, a bragging Mossad agent brazenly admitted to "60 Minutes" as much, rubbing it in our face:

***We create a pretend world. We are a global production company. We write the screenplay. We're the directors. We're the producers. We're the main actors. The world is our stage.***

So much history in this modern world has openly been scripted and staged at will by the likes of an evil nation the size of New Jersey, committing genocide and mass murder for a century, again, with total impunity. After all, since Israel's bloody 1948 inception, murdering and displacing a million Palestinians even prior to becoming a nation-state, it has parasitically bled its cash cow America dry, \$3 trillion worth as of 2003, even before this century's two Greater Israel Project wars in Iraq and Afghanistan. In the post-October 7th 2-year debacle, the US has spent \$34 billion steadfastly supporting genocide. But way back in 1990 in Jerusalem's Fink's Bar, Bibi the Butcher Netanyahu as Israel's longest running and still current leader gave away his long-held, not-so-guarded secret:

***If we get caught they will just replace us with persons of the same cloth. So it doesn't matter what you do, America is a Golden Calf and we will suck it dry, chop it up, and sell it off piece by piece until there is nothing left but the World's biggest welfare state that we will create and control. Why? Because it's god's [meaning Lucifer's] will and America is big enough to take the hit so we can do it again, again and again. This is what we do to countries that we hate. We destroy them very slowly and make them suffer for refusing to be our slaves***

And Israel is our closest Middle East ally? That's a lie. For all the US generosity in weapons and money sent to safeguard and protect Israel's national security, America also continues to unconditionally forgive Israel for all its now fully exposed nonstop backstab betrayal. Israel's premeditated 1967 attack on the US naval warship USS Liberty murdered 34 US sailors aboard and injured 173 more. President Lyndon Johnson punished American victims and went to great lengths to conceal this heinous attack. Then on 9/11, 2001, in collusion with neocon dual citizen insiders, in cold blood the Jewish State massacred nearly 3,000 more Americans falsely blaming al Qaeda terrorists that US traitors with Saudi assistance financed, trained and sponsored.

Israel's longest running and still current leader, Prime Minister Bibi Netanyahu now two years into this latest genocide, by April this year is estimated to have slaughtered 680,000 Palestinians, up to 70% children, in the most egregious, publicly witnessed genocide in all human history. Bibi's Zionist buddy Larry Ellison is now the new owner of Tik Tok as Israel's takeover of social media platforms are removing public access to the truth of the Jewish State's genocide on a mass scale. No other nation on the planet has committed more crimes against humanity other than Israel's genocidal United States accomplice.

Despite all its ungodly sins and unprosecuted atrocities, the only reason Zionist Israel is allowed to get away with mass murder for 77 years now is because the Jewish State and its City of London Rothschild founders literally own the United States Zionist Occupied Government through nonstop AIPAC bribery and Epstein-Maxwell pedo-sexual blackmail.

Until now, the full truth about Israel's evil past crimes against America and the world has largely remained under lock and key, despite Trump's empty campaign promises to release the JFK-RFK-MLK assassination files, the 9/11 files and the Epstein files. Yet because Trump for years engaged in pedophilic crimes alongside Epstein, justice will never be done. Why? Because the City of

London's Khazarian mafia owns Trump, Israel, US and virtually our entire planet.

An October 9th article from *The Grayzone* exposes how it's not just the GOP that's completely owned by Israel, but Democrats are too. In 2013 Obama appointed Samantha Power as US Ambassador to the UN and since 2021 current USAID head just had a batch of her old emails leaked. *The Grayzone* comments:

***Behind closed doors, the noted 'humanitarian interventionist' successfully lobbied for Israel's inclusion on important UN committees even after the Human Rights Council accused it of targeting civilians in Gaza. The leaked emails also reveal that Israel furnished Power with a dodgy dossier on Syrian chemical weapons as she pushed regime change in Damascus.***

Another Zionist worm for Israel in the UN during the Obama presidency making deliberate false claims that Syrian President Bashar al-Assad was using chemical weapons on his own citizens based on known lies fed to her by her Israeli UN counterpart. This heartless opportunist in the UN covered up the Israeli murder of Palestinian children and civilians in Gaza. As USAID director until just recently, Power ran yet more regime change operations as a CIA front. She even covered up the death of an USAID worker in Gaza to protect her genocidal perps. Her USAID staff outed her as an Israel shill making feeble excuses to defend the Jewish State's daily slaughter of Palestinians.

And as of last week, Donald Trump rushed through to pull the peace rabbit out of his political hat called his 20-point peace plan brokered between Israel and Hamas. It's no doubt far more a Trojan horse catering to his own vainglory ego, shamelessly vying for his coveted Nobel Peace Prize trophy than any sincere desire to stop the senseless carnage exterminating the true Semites Palestinians. After Trump's Middle East peace deal was signed mid-week, not many hours later on Friday came the Nobel Peace Prize announcement – the winner was a US-backed Venezuelan opposition leader Maria Corina Machado. For the prize-winner to emerge from another CIA south-of-the-border regime change operation, hardly sat well with a bitter, angry Donald. His only consolation prize was making his October 10th statement:

***The person who actually got the Nobel Prize called today, called me, and said 'I'm accepting this in honor of you, because you really deserved it.' A really nice thing to do. I didn't say, 'Tuhen give it to me, though.' I think she might have.***

In Maria Machado's words:

***We are on the threshold of victory and today. More than ever, we count on President Trump, the people of the United States, the peoples of Latin America, and the democratic nations of the world as our principal allies to achieve freedom and democracy. I dedicate this prize to the suffering people of Venezuela and to President Trump for his decisive support of our cause!***

With past Nobel winners nothing more than warmongering, proven war criminals like Barack Obama and Henry Kissinger, both products of US covert CIA operations promoting nonstop wars around the globe, this year's honoree is hardly a voice for democracy or peace at all. A related conclusion from an October 10th Postil Magazine:

***In a move that reeks of Western paternalism and geopolitical desperation, the Norwegian Nobel Committee has anointed a figure who embodies not the aspirations of the Venezuelan people, but the strategic interests of the United States' security apparatus and the ideological project of Zionism.***

The US war machine recently broke international law with flagrant acts of war blowing up two civilian boats, neither confirmed narco-related, while mobilizing a US Navy warship contingent to drop anchor off Venezuela's coastline, clearly prepping for imminent invasion. This over-the-top, highly provocative aggression is a harbinger for more US war days or weeks away, determined to overthrow yet another government in the US backyard to brazenly steal Venezuela's largest oil and gas reserves on the planet, on the eve of inevitable World War III against Iran and its certain closure of Strait of Hormuz sending oil prices skyrocketing worldwide. The next US puppet leader lined up is slated as Maduro's replacement.

Venezuelan American journalist Michelle Ellner wrote a scathing, incisive piece for *Common Dreams*:

***Machado isn't a symbol of peace or progress. She is part of a global alliance between fascism, Zionism, and neoliberalism, an axis that justifies domination in the language of democracy and peace. In Venezuela, that alliance has meant coups, sanctions, and privatization. In Gaza, it means genocide and the erasure of a people. The ideology is the same: a belief that some lives are disposable, that sovereignty is negotiable, and that violence can be sold as order.***

Don't for a minute fall for the fakery of any real divide between Zionist dictator Bibi the Butcher and Zionist dictator Donald Trump, or that there's any degree of separation between their version of war and peace. As fellow Synagogue of Satan worshippers, the Butcher's seven front war today is also Trump's. Together they represent the Zionist belligerent plunging us all into Armageddon against Islam per the century and a half old Masonic plot featured in my October 8th article. Their war extends far beyond the military battlefield. It's a war to capture and control our minds and perception of the world. Trump and Netanyahu are using mass media, social media, paid influencers, Fortune 500 corporations and Jewish billionaires for mass mind control purposes to carry out their Khazarian mafia City of London orders.

With the world waking up to finally recognize that Israel is a dangerously malevolent evil force backed by an equally dangerous and malevolent evil force in Washington's Zionist Occupied Government, the Darkside forces are now desperately, aggressively waging war for our minds. Hence, those still operating with a moral compass readily see that US-Israel's collusive genocide against Palestinian people is pure evil, and that it is not antisemitic whatsoever to value

the lives of the true Semites as much as the lives of all people regardless of ethnicity and race. The cruel irony is that the genetic Khazarian Jews are not Semites at all, few have any ancestors that ever lived in the Middle East. So, when non-Semites, year after year and decade after decade, are massacring the true Semites, it clearly renders the Jewish killers the true anti-Semites in this inverse world we're living in. So., to criticize Israeli and US governments for their illegal, repugnantly immoral genocide is not a digital gulag thought crime of antisemitism at all, twisted and rebranded as hate speech. It's taking the only moral stand for anyone with a conscience.

In contrast to the Chabad-Lubavitch servants of Satan – Trump and Netanyahu, they only show their true colors in their desperation to follow the diktats of their Khazarian masters viewing all of us Palestinians, goyim animals, targeted deplorables, expendables, hate speech criminals for simply discernibly calling out the actual truth. In today's world of pervasive deception, threat, brute force and fear, these central casting despots from Hell's inverse world is akin to Orwellian doublespeak insisting that what is righteous and good is actually negative and bad, white becomes black, and black is white, this is their version of inverse reality often described in the Bible as the End Times. Making the righteous choices despite today's heavy consequential risks becomes the challenge of our lifetime. But it starts with knowing right from wrong in a highly complicated, perplexing, ever-dangerous, inverse world ruled for eons of time by Satan.

A final point, though this presentation depicts the governments of the US and Israel, and by association their vassal Western bloc, seemingly as the demon-seed political entity on earth, that is not to say that the Eastern powers Russia, China and Iran presently being provoked into fighting World War III against the West are the enlightened, true blue good guys on earth. They are not. But by contrast to the West, they and their multipolar Global South BRICS nations alliance that they lead are simply in their present form not quite as sinister and evil. It's analogous to Russia and China as controlled opposition, playing the good cop vs. the bad cop dynamic within the divide and rule maxim's applied strategy maintaining constant Gladio-like tension and conflict between West vs. East, whereby uppermost levels of today's global power structure still largely remain intact and in control. Speaking of which, expect the Zionist usual suspect duo to soon execute another false flag committed on foreign and/or domestic soil, as pretext for the Zionist pariahs to enter WWII against Islamic nations backed up by strategic partners Russia and China.

This current shift of geopolitical and economic power from West to East is a consequence of earlier decisions made years ago by the New World Order's City of London old guard. The engineered waves of invasion into the West by predominantly Global South war refugees to deliberately destabilize the West was/is premeditated just as this West vs. East World War III is, after all, depopulation has been elites' prime objective and agenda for centuries. With the all at once orchestrated convergence of multiple WMD mega-crises ushering in the "Great Reset," bringing economic collapse, world war, bioweapon madness, digital ID, CBDCs, cashless society and Digital Gulag neo-feudalism enslavement through techno-fascist one world totalitarian government, the scorched earth shift from carbon-based to silicon-based planet

accompanied by influx of the AI robotics replacement agenda. This dystopian nightmarish vision of our relatively near future can only be thwarted and overcome by rapid mobilization of unified humans fighting to remove the Luciferian cancer that has plagued our earth for far too long. Time is running out.
