

Trump and His Zionist Masters' Road to the West's Oblivion

By Joachim Hagopian - November 6, 2025

The ever-widening right vs. the left camps to civil war under polarizer Trump continue throwing slings and arrows at each other while both sides continue playing their blame game of bread & circus sideshow at Americans' expense. This forever divide and rule weapon is how the puppet masters and their puppet minions like Trump tighten their death grip on the useless eating captured US slaves. No more is it front and center than this week's federal shutdown of our government, with the Republicans locked in their usual blame game soap opera over their food stamp theatrics. Trump's latest shot across the politics bow after initially saying he would ensure that the SNAP program funding would continue, on November 4th Trump wrote on his Truth Social platform:

SNAP BENEFITS, which increased by Billions and Billions of Dollars (MANY FOLD!) during Crooked Joe Biden's disastrous term in office (Due to the fact that they were haphazardly 'handed' to anyone for the asking, as opposed to just those in need, which is the purpose of SNAP!), will be given only when the Radical Left Democrats open up government, which they can easily do, and not before! Thank you for your attention to this matter. President DJT

Trump initially claimed his administration would comply with a Rhode Island judge's order to allocate and divert funds from the USDA in order to grant Americans their November food stamp allotments. But Trump reneged, having USDA send explicit orders to grocery chain outlets not to offer food discounts to the needy. The head of USDA said transferring funds was too much a headache, opting to just wait for the political impasse to finally be resolved. So, during the first week of November, the irreparably dysfunctional government flounders before the world, yet again.

While US taxpaid guns and bombs continue fueling Israel's genocide after the so-called October 10th ceasefire, killing hundreds more mostly Palestinian women and children, American children are also now disgracefully forced to go hungry at home as spinelessly immoral Israel-owned American politicians in both parties continue playing duopoly games impotently pointing the finger at each other. Because the US fully protects and finances Israel's evil crimes, Trump would sooner aid Israel to wipe away an estimated 3 million years off the lives of the forsaken Gaza Palestinians than feed the hungry US families at home. Try wrapping your head around this latest Trump horror show.

Yet this is exactly what our traitorous President Trump and his equally treasonous federal government, both totally bribed and pedo-blackmailed by Zionist Israel, in order to continue their bloody, lawless, imperialistic US foreign policy busily waging multiple wars around the globe, targeting only nations that present zero threat to our own national security. Despite it piling up both years of unpaid bad karma for Israel, the US and their Western backers that no doubt ruins their future, it's unfathomably monstrously evil as well, yet allowed to go on unabated year after year, decade after decade, century after century, with no force for good apparently strong enough to rise up and stop this unbridled evil

once and for all. As both witnesses and taxpayers aiding and abetting this worst genocide of our entire lifetime, all of us as a human race become complicit. And what is worst, this systematic wipe out of the Palestinian population is just the beta test precursor for what's to come to the rest of us. These same Luciferian evildoers have their sights now set on wiping out virtually our entire human population next, unless we citizens of the earth mobilize enough unified resistance to actually stop this genocidal slaughter of our own human race already well in progress at this late hour as the doomsday clock ticks down.

If the year after a presidential election serves as a historic barometer for the current administration, Zionist Trump and his fellow Zionist GOP party may as well start packing now as their DC stay appears destined to be fleeting. Incredibly, the Republicans a year ago appeared ready to render the woke, disastrously corrupt Democrat Party extinct. But what a difference a year makes with Trump back in office showing his true Zionist-Chabad-Satanic colors after nine and a half months into his second term. If things continue at the present rate, next year's off-year election and the 2028 presidential election look as abysmal for the GOP as the prospect of America the nation appears even grimmer.

The November 4th election day results are a major litmus test with the three biggest races all going to leftist Democrats. The first Arab American Uganda born 33-year old Muslim Zohran Mamdani is New York City's new mayor-elect, and two fellow leftist female Democratic governors are taking over in Virginia (Abigail Spanberger) and New Jersey (Mikie Sherrill). Also in Virginia, Democrat Ghazala Hashmi will be the first Muslim woman ever elected to a New Jersey state-wide office as lieutenant governor.

This week's wave of Democratic victories in the US is Standard Operating Procedure after voters find out that yet another president they recently elected, right on cue, has once again betrayed them, refusing to keep all prior campaign promises. This tiresome old pattern is how the American duopoly politics game works, going back and forth between GOP and DNC while the same controllers never stop pulling all the levers controlling both parties. As a result, virtually all politicians show they do not work on behalf of serving the interests of their voting constituents, but only their oligarch donor masters that completely own and control them because they've all been bought and sold as traitors by the crime cabal's systemic bribes and blackmail extortion. Though this generally applies to national and international governments around the globe, it especially applies to Western governments.

If history is destined to simply repeat itself, then Zohran Mamdani may end up just another self-serving opportunist willing to sell his soul as yet another corrupt, crooked US politician. But in the meantime, I will reserve pre-judgement on this guy, waiting to see what he does on the job after January 1st, 2026.

But Breanna Morello hosting Alex Jones' November 5th *InfoWars* podcast angrily sounded off against "Communist" Zohran Mamdani. Her verbal attack on Mamdani immediately brought back memories of all that propaganda rhetoric right after 9/11, the instant discovery of those unblemished Islamic terrorist

passports and the anti-Al Qaeda “evil Muslim terrorist” hired gun patsies used to cover-up the neocon-Israel inside job.

In her podcast, Morello keeps blaming Muslims in America who hate us “true” Americans. Rather than cite the agenda of antihuman powerbrokers ensuring that the US/West is overloaded for decades by unending waves of foreign migrants pouring in from different continents, often refugees from US warzones, originating from vastly different cultures, religions with darker shaded complexion, this migrant crisis was financially sponsored and enabled to illegally flood the West by evil design to destroy it. The very same oligarchic elites that create all geopolitical conflicts and finance both sides to every war they create are also responsible for bioweapon kill shot holocausts and overloading the West with invaders. Depopulation is their endgame objective.

But rather than acknowledge this critical bigger picture, InfoWars’ Morello is fixated on the Commie invasion of America-hating Muslims. It’s neither that simple nor true, and foolishly short-sighted to condemn all Islamic foreigners, especially those that have legally entered our country. After all, today few Americans’ blood lineage does not historically include ancestral immigrants coming to America in search of a better life. My Armenian father as the youngest of five siblings was the only member of his Armenian family born in America. His four older siblings and parents all arrived “off the boat” in New York City just a couple years ahead of last century’s first genocide when the Turks massacred and starved 1.5 million Armenians. Many refugees today come from warring, poverty-stricken nations the US/West have caused.

This latest anti-Muslim rant via the Alex Jones show, who himself is notorious for quietly shielding Israel from direct criticism and condemnation, the enraged Breanna Morello sounds eerily reminiscent of the post-9/11 war rhetoric. Recall that Americans caught up in the emotional 9/11 days were being primed and convinced to vindictively seek revenge going to war against those “hateful Moslem terrorists,” when such false propaganda conned the US public into supporting the US invasion in both Afghanistan and Iraq, ending up in exhaustive, protracted war defeats dragging on for years as part of the Greater Israel Project behind the WMD lie and completely invented “War on Terror” unleashed after 9/11. By 2015, a full decade ago, the US/NATO obsession to get even killed four million Muslims, mostly innocent civilians. Reading between the lines, this latest InfoWars’ anti-Muslim bigotry likely is yet more pro-Israel injected propaganda to take the heat off genocidal Jews misdirected to hating more “Muslim terrorists.” Breanna Morello insists that Muslims like Mamdani hate America, but her tirade sounds more like it’s she who obviously hates Muslims.

As an anti-Zionist Israel, anti-genocide young Muslim, NYC Mayor-elect Mamdani may actually represent a monumental sea change in the US, reacting against the Jewish State controlled status quo of corporate uniparty politics’ support for Israel genocide. As a Muslim immigrant identifying with the working poor, outspoken against Israel murderous bloodbath, Zohran’s appeal has promptly elicited a reactionary, reputation-smear campaign by the pro-Israel political establishment, and as such, fails to pass the Zionist-free smell test. After all, with Zionist Oracle billionaire Larry Ellison taking over Tik Tok and

CBS, Zionist Israel protection is reaching an all-time high now, especially in the aftermath of the fake Charlie Kirk murder in September. Within the last year, Charlie called out Israel's genocide amidst his Zionist infiltrated Turning Point USA organization, that is clearly joined at the Zionist hip with Israel to have apparently backstabbed and turned against Charlie Kirk. His alleged wife Erika is a Zionist honeypot.

And now still in the Kirk aftermath, the Jewish antisemitism censorship, hate campaign big guns are now operating on steroids, as a flagrant sign of Zionist desperation circling its converging wagons to try and crucify and silence the likes of major conservative influencers that have increasingly called out Zionist Israel – Candace Owen, Tucker Carlson and Nick Fuentes for starters. In return, they are now in the Zionist crosshairs. Zionist Trump, Zionist Israel and Zionist City of London Israel founder the Rothschilds comprising the Zionist Deep State Kabbalistic cabal, know all too well that the world is now onto them, that the billions of us who still know right from wrong are calling out their genocidal blood sacrifice of Palestinians as pure evil and will not be manipulated, intimidated or coerced into silence for fear of physical harm, or blamed and framed for bogus antisemitic hate speech. The guilty genocidal evildoers as pariah nation terrorists Israel and the US ZOG, led by their Zionist puppets Bibi Netanyahu and Donald Trump, and their pro-Israel power elite masters' sheer desperation pushing their over-the-top censorship as if their very life depends on it, are all grossly failing now.

As part of their collective sinister agenda, all the outspoken venomous critics of Zohran Mamdani, so furiously quick to label him a Communist traitor, is just another of their weaponized false labels out to destroy reputations because they now feel threatened. The tide is finally turning, and neither Israel's character nor decapitation assassination strategies are working anymore. In the meantime, Mayor-elect Mamdani has described himself as a peace-loving democratic socialist. Israel's penchant for not playing by the fair rules, always on the attack while always protected by full impunity, is now on thin ice coming under growing counterattack by the rest of the world, sickened by its nonstop bloodbath. And now Zionist violent overkill risks uniting the anti-Zionist left, epitomized by rising political star Mamdani, with the anti-Zionist darlings of the political right, to lead the world citizens as a potent collective force and mobilizing movement coming out of the shadows to directly, successfully challenge the myriad of unprosecuted crimes committed by the Zionist power elite in its murderously savage abuse of power.

The so-called free enterprise system is not free at all when a handful of mega-corporations have long gotten away with running illegal monopolies, not to mention their blatant political bribery, all largely connected to Jewish Zionism. Certain industries like healthcare actually work more effectively for the people's benefit under a socialist umbrella. From the murderously deadly Covid kill shot holocaust overreach, we learned that the US healthcare industry desperately needs decoupling from the control grip lethality of the Rockefeller-Big Pharma-Big Money cabal, especially with healthcare costing so much and forcing a growing number of families into financial ruin. Bill Gates and Dr. Anthony Fauci still await their military tribunals for their criminal role spreading the Covid

genocide, along with hundreds of others responsible for the death of millions of ill-fated victims that took the kill shot.

Compare the nations that have fine-tuned combining their economic and political system with both socialism and capitalism as in the former Communist states Russia and China, whose economies despite the futile, piled on Western sanctions and nonstop political demonization are both still growing stronger as leaders of the ever-growing multipolar BRICS alliance, while the West's so-called democratically liberal capitalist system is freefalling towards the Zio-Anglo-American Empire graveyard. Another example of the West's free enterprise capitalist system gone bad and rotten is the US military industrial complex, highly corrupt, inefficiently ultra-sluggish at meeting production schedules without huge cost overruns in overly expensive boondoggles. Moreover, the West has now depleted its obsolete weapons arsenals on its costly proxy war defeats in Ukraine and Middle East while obeying its marching orders to suicidally ratchet up hostilities igniting the Third World War that it continues to instigate and will ultimately lose. Compared with Russia's government-run defense industry's war-making capacity, it puts the West to shame even prior to its WWII defeat, that is if all of humanity isn't already killed off.

After the controlling power brokers stole their fixed 2020 election from Trump, then using "persecution" lawfare to turn him into a maligned martyr, adding two fake assassination attempts alleged to target the fake hero as the wrongly denied, fake "peace president" right up to last November's election, it was all done to guarantee Trump's "triumphant" return. But now after over 9 months of his second term, the true Deep State Traitor Trump has totally demon-strated that as a fellow Epstein pedophile, he has obstinately refused to release those long promised Epstein files. Betraying his MAGA base, duly exposing Trump's true Zionist Chabad Jew agenda, he remains loyal only to the Zionist Israel cause right to both his and by malevolent design, our own potential bitter end.

Meanwhile, Trump's sycophant Treasury Secretary, former Soros hedge fund manager Scott Bessent posted a November 4th clip on *Fox News* boasting all his over-the-top, rosy promises – all delusional – along with the following delusional statement on his X account:

We are approaching America's Golden Age under President Trump. Jobs are booming, inflation is falling, and Main Street and Wall Street will rise together in an era of Parallel Prosperity.

Another former hedge fund manager but this time with a conscience – Ed Dowd, responded on X:

This administration had an opportunity to explain the economic valley that's coming from unwinding the prior administration's fraud, however that time has passed. Gaslighting that we are approaching a golden age and that jobs are booming is not helpful.

Worse than just "not helpful," it proves we're living today in Lucifer's upside-down world, where what's purported as truth from so-called "experts" actually

are lies claiming just the opposite of actual truth. While America free falls towards total collapse, malignant nonstop lies from the devil are “not helpful.”

Even though Trump’s tariff policy has already failed miserably and only caused a boost prompting other nations to increase their own trade with each other, leaving Trump’s arrogantly aggressive US out in the cold, the Supreme Court has agreed to review Trump’s tariff agenda through its legal lens. This comes after three lower court judges already ruled against his tariffs primarily because Trump used emergency presidential authority due to mounting trade deficits to impose tariffs without congressional approval. Though Trump is claiming it would be a disaster if the high court rules against him, so far, his tariffs have already proven a disaster. His making such a statement is likely an excuse to conveniently blame his own tariff failures on the Supreme Court, rather than on both his own incompetence and disastrously erratic, failed policies as US president.

With Trump’s true Luciferian colors now fully exposed, nearing his final act, Trump’s controlled demolition of America has our no longer recognizable constitutional republic now suffering in its death throes, crumbling into total self-destruction and ruin, along with the whole Western civilization. If the Deep State ruling cabal Satanists get their way, soon enough our entire world will be devoid of carbon-based life.

After four horrendous years of Braindead Biden’s autopen, fulfilling Manchurian handler-traitor Obama’s Marxist left takeover, Braindead’s open border policy deliberately flooded our nation with multi-millions of illegal foreign invaders. As an aside, in a recent Rasmussen poll, the majority of Americans at 52% want Biden aides criminally prosecuted for misusing their infamous autopen to sign Braindead’s executive orders and legislation. In a synchronized parallel process by the same centralized globalist design, for two decades Muslim migrants have been allowed to flood Europe. Speaking of unprosecuted capital crimes still awaiting justice, all those elite orchestrated foreign invasion crises in the West all date back to the Kalergi miscegenation plan, sinisterly aimed at eliminating and replacing the entire goyim white race to include the systematic mixed dilution of all native Caucasian cultures in order to willfully eliminate the entire Western civilization.

The globalist agenda has been to overload the West with antagonistic foreign populations possessing zero loyalty to America and Europe, where puppet governments enforce policies clearly favoring illegal invaders over their own citizenry and effectively shrinking their affluent middle-class majority. Be they in the US, Canada, Europe, Australia/New Zealand, it doesn’t matter. Destroying the goyim population has been their primary agenda, followed next by eliminating all foreign invaders and replacing the entire human race with their AI robotics takeover now well in progress.

With the fascist establishment of a centralized techno-surveillance state through Palantir and proliferation of AI data centers, and increasing enforcement of so-called hate speech laws throughout the West used to criminalize those native Europeans critical of the Muslim hordes driving up crime rates and sexually preying on Europe’s white women and white children.

Likewise, in North America, both anti-hate speech and antisemitism laws are being used to arrest citizens critical of not only the invaders but now especially the Jewish State genocide, clearly violating our 1st Amendment free speech rights.

According to the divide and rule agenda, US Democrat run blue sanctuary states and cities are currently defying dictator Trump by flagrantly protecting and shielding their illegal aliens, actively resisting and opposing ICE deportation policies using militarized police state tactics that include deployment of national guard units in nearly half the Disunited States. The reinstalled battering ram belligerent King Trump the Polarizer, is obediently whipping up his left vs. right civil war unrest in order to invoke emergency martial law throughout America. The elite global agenda especially in the Western bloc is to artificially create culture/race/religious wars, fully exploiting today's left vs. right divide, in order to deliberately foment violence and widespread political unrest raging throughout the explosively divided and conquered West.

The endgame objective is to stir up such a lethally potent mix of collapsing national economies amidst globalist engineered Western deindustrialization, combined with plenty of weather warfare causing acute food shortages, widespread hunger and starvation, rising inflation and exorbitant, unaffordable cost of living increases. Homelessness, impoverishment, growing mental illness and massive death on a Satanic anti human scale are all currently in the works. Topping off all this devastation and horror is our common enemy's long plotted, the West intentionally provoked World War III against the militarily superior Eastern powers to further create havoc and planetwide upheaval through simultaneous mega-crises and unprecedented catastrophes unlike humanity has ever witnessed or experienced before. Satanic Darkside forces engaging in massive blood sacrifice aim to wipe out humankind, terraform and geoengineer our natural carbon-based earth into the barren silicon-based planet where only AI robotics are left to flourish. Our lives have never been more vulnerably expendable. But then neither have our common enemy's.

Joachim Hagopian is a West Point graduate, former Army officer and author of *"Don't Let the Bastards Getcha Down"* exposing a faulty US military leadership system based on ticket punching up the seniority ladder, invariably weeding out the best and brightest, leaving mediocrity and order followers rising to the top as politician-bureaucrat generals designated to lose every modern US war by elite design. After the military, Joachim earned a master's degree in Clinical Psychology and worked as a licensed therapist in the mental health field with abused youth and adolescents for more than a quarter century. In Los Angeles he found himself battling the largest county child protective services in the nation within America's thoroughly broken and corrupt child welfare system. The experience in both the military and child welfare system prepared him well as a researcher and independent journalist, exposing the evils of Big Pharma and how the Rockefeller controlled medical and psychiatric system inflict more harm than good, case in point, the pandemic hoax and kill shot genocide.
